Faith Ferguson is New York's most in-demand wedding planner, an arbiter of taste for elegant affairs, lavish ceremonies, and exclusive fêtes. She appreciates a simple celebration as much as a dazzling event, for she knows that a dream wedding is not necessarily the most expensive one. As much as Faith enjoys her work, her two failed engagements leave her with no desire to get married herself. She finds fulfillment in her close relationship with her twin sister, Hope, her role as a mentor for her assistant, Violet, and her career. This year, new clients have flocked to her, and she signs up an extravagant reception, a mid-sized gathering, and an intimate soirée, in addition to her mother's next marriage and Violet's modest ceremony. Faith finds herself forming bonds with her new clients and their loved ones—most notably the handsome brother of one of her grooms. But weddings are not always all champagne and roses, and in no time, Faith is grappling with private quarrels, unplanned pregnancies, family scandals, dark secrets, and the possibility of cancelled ceremonies. Through her own journey, Faith will prove once and for all that there is not just one path to happily ever after. In *The Wedding Planner*, Danielle Steel presents an enchanting story about the winding road to love and the many ways to find joy while staying true to oneself.

danielle steel books in order 2024: *Border Conditions* Kevin M. F. Platt, 2024-02-15 *Border Conditions* combines history and memory studies with literary and cultural studies to examine lives at the limits of contemporary Europe: Russian speakers living in Latvia. Since the fall of the USSR in 1991, Latvia's Russian speakers have balanced between Russia and Europe as well as a socialist past, a capitalist and liberal present, and an illiberal regime rising in the Russian Federation. Kevin M. F. Platt describes how members of this population have defined themselves through art, literature, cultural institutions, film, and music—and how others have sought to define them. At the end of the Cold War, many anticipated that societies globally could agree on the meaning of past history and a just politics in the present. The view from the borders of Europe demonstrates the contradictions pertaining to terms like empire, state socialism, liberalism, and nation that have made it impossible to achieve a consensus. In refocusing the examination of state socialism's aftermath around questions of empire and postcolonialism, *Border Conditions* helps us understand the distinctions between Russian and Western worldviews driving military confrontation to this day.

danielle steel books in order 2024: The Bookshop Evan Friss, 2024-08-06 A NEW YORK TIMES BESTSELLER Goodreads Choice Award Winner in History & Biography One of Time's 100 Must-Read Books of 2024 A spirited defense of this important, odd and odds-defying American retail category. —The New York Times It is a delight to wander through the bookstores of American history in this warm, generous book. —Emma Straub, New York Times bestselling author and owner of *Books Are Magic* An affectionate and engaging history of the American bookstore and its central place in American cultural life, from department stores to indies, from highbrow dealers trading in first editions to sidewalk vendors, and from chains to special-interest community destinations Bookstores have always been unlike any other kind of store, shaping readers and writers, and influencing our tastes, thoughts, and politics. They nurture local communities while creating new ones of their own. Bookshops are powerful spaces, but they are also endangered ones. In *The Bookshop*, we see the stakes: what has been, and what might be lost. Evan Friss's history of the bookshop draws on oral histories, archival collections, municipal records, diaries, letters, and

interviews with leading booksellers to offer a fascinating look at this institution beloved by so many. The story begins with Benjamin Franklin's first bookstore in Philadelphia and takes us to a range of booksellers including the Strand, Chicago's Marshall Field & Company, the Gotham Book Mart, specialty stores like Oscar Wilde and Drum and Spear, sidewalk sellers of used books, Barnes & Noble, Amazon Books, and Parnassus. The Bookshop is also a history of the leading figures in American bookselling, often impassioned eccentrics, and a history of how books have been marketed and sold over the course of more than two centuries—including, for example, a 3,000-pound elephant who signed books at Marshall Field's in 1944. The Bookshop is a love letter to bookstores, a charming chronicle for anyone who cherishes these sanctuaries of literature, and essential reading to understand how these vital institutions have shaped American life—and why we still need them.
