

hong kong tv drama

Hong Kong TV drama has long been a cornerstone of the region's entertainment industry, captivating audiences both locally and internationally for decades. Renowned for its compelling storytelling, vibrant characters, and innovative production techniques, Hong Kong dramas have carved out a unique niche within the Asian entertainment landscape. From their humble beginnings in the 1950s to the sophisticated productions of today, these dramas reflect the cultural, social, and political nuances of Hong Kong society. This article delves into the rich history, distinctive features, influential genres, notable productions, and the global impact of Hong Kong TV dramas, offering a comprehensive insight into their enduring popularity and significance.

Historical Development of Hong Kong TV Dramas

Origins and Early Years (1950s-1970s)

Hong Kong's television industry began to take shape in the 1950s, with the launch of the city's first TV station, Rediffusion Television (later TVB), in 1957. Initially, dramas were simple, live performances that focused on family and societal themes. The early productions drew heavily from Cantonese opera, local folklore, and traditional storytelling, aiming to entertain and educate the community.

Golden Era and Industry Growth (1980s-1990s)

The 1980s and 1990s marked a golden period for Hong Kong TV dramas. TVB, the dominant broadcaster, produced a string of hit series that gained immense popularity. This era saw the rise of iconic actors and actresses such as Tony Leung, Andy Lau, and Amy Chan, whose performances defined a generation. The stories became more sophisticated, incorporating themes like love, crime, social issues, and political change, often reflecting the city's rapid modernization and uncertain future.

Modernization and Globalization (2000s-Present)

In the 21st century, Hong Kong dramas have evolved with advancements in production technology and storytelling techniques. The industry faced competition from other Asian markets, notably Korean and Mainland Chinese dramas, prompting innovations to maintain relevance. Additionally, the advent of digital streaming platforms expanded their reach beyond Hong Kong, making these dramas accessible to a global audience and fostering cross-cultural exchange.

Characteristics of Hong Kong TV Dramas

Storytelling Style and Themes

Hong Kong dramas are renowned for their engaging narratives that blend melodrama, humor, action, and social commentary. They often focus on:

- Family values and filial piety
- Romantic relationships and love triangles
- Corruption, crime, and justice
- Social mobility and economic struggles
- Political and cultural identity

The stories tend to be character-driven, emphasizing emotional depth and moral dilemmas.

Production and Aesthetic Features

Hong Kong TV dramas typically feature:

- High-quality cinematography with dynamic camera work
- Colorful and detailed set designs reflecting Hong Kong's urban landscape
- Music scores that enhance emotional impact
- Strong use of Cantonese dialect, with subtitles for international viewers

Additionally, the series often incorporate traditional Chinese elements, modern Hong Kong culture, and contemporary fashion trends.

Acting and Casting

The industry has cultivated a star system where actors and actresses enjoy widespread popularity. Many performers have become household names, with some transitioning to film or international markets. The acting style ranges from theatrical to naturalistic, depending on the genre and production.

Popular Genres of Hong Kong TV Dramas

Wuxia and Martial Arts Dramas

These series draw inspiration from Chinese martial arts folklore, featuring heroic figures, intricate fight choreography, and themes of justice and righteousness. Notable examples include classics like "The Legend of the Condor Heroes" and more modern adaptations.

Family and Romance Dramas

Focusing on family relationships, love stories, and personal growth, this genre appeals to broad audiences. They often explore societal changes and generational conflicts, resonating with viewers' everyday experiences.

Crime and Detective Series

Hong Kong's reputation as a city of crime and law enforcement is reflected in its detective dramas. These series combine suspense, procedural storytelling, and social critique, often highlighting issues like corruption and moral ambiguity.

Historical Dramas

Set in different Chinese dynasties or significant periods in Hong Kong's history, these dramas delve into cultural heritage, political upheavals, and legendary tales, providing both entertainment and education.

Influential Hong Kong TV Dramas and Their Impact

Iconic Productions and Their Significance

Some dramas have left a lasting mark on Hong Kong's cultural landscape, such as:

1. **Colorful Life (1970s)** – One of the earliest successful family dramas that set the template for future series.
2. **War and Beauty (2004)** – A historical palace drama that gained popularity across Asia and inspired similar productions.
3. **Triumph in the Skies (2003)** – A modern drama centered on airline staff,

highlighting Hong Kong's cosmopolitan identity.

Global Influence and Cross-Cultural Reception

Hong Kong dramas have transcended regional boundaries, gaining fans in Mainland China, Southeast Asia, and among overseas Chinese communities. They have also influenced other Asian media and inspired remakes in different countries. Streaming platforms like Viu and Netflix have facilitated the international dissemination of these dramas, contributing to the global appreciation of Hong Kong's storytelling artistry.

The Future of Hong Kong TV Dramas

Emerging Trends and Innovations

The industry is embracing:

- Digital streaming and on-demand viewing
- High-definition and 4K production quality
- Cross-platform storytelling, including web series and social media integration
- Diverse genres to appeal to younger audiences

Challenges and Opportunities

Despite challenges such as industry saturation, competition from international content, and political tensions, Hong Kong TV dramas continue to evolve. Opportunities lie in leveraging technology, fostering new talent, and maintaining authentic storytelling that reflects Hong Kong's dynamic identity.

Conclusion

Hong Kong TV dramas remain a vital part of the city's cultural fabric, showcasing a rich blend of tradition, modernity, and social commentary. Their ability to adapt to changing tastes and technological advancements while preserving their unique storytelling style ensures their continued relevance and appeal. As they evolve, these dramas will likely keep serving as a mirror of Hong Kong's societal pulse, captivating audiences both at home and around

the world for generations to come.

Hong Kong TV drama: A Cultural Reflection and Entertainment Powerhouse

Hong Kong TV dramas have long been a defining feature of the city's cultural landscape, serving as both entertainment and social commentary. Known for their compelling storytelling, vibrant characters, and diverse genres, these dramas have garnered a dedicated following not only within Hong Kong but across the Chinese-speaking world and beyond. Their evolution over decades reflects broader societal changes, technological advancements, and shifts in audience preferences. This article delves into the history, characteristics, influential genres, industry dynamics, and global impact of Hong Kong TV dramas, providing a comprehensive understanding of this vital cultural phenomenon.

Historical Development of Hong Kong TV Dramas

Origins and Early Years (1960s-1970s)

The roots of Hong Kong television drama trace back to the 1960s, a period marked by the nascent stages of local TV broadcasting. During this era, the government-led Radio Television Hong Kong (RTHK) began producing local content, but it was the emergence of commercial television stations like TVB (Television Broadcasts Limited) in 1967 that truly propelled the industry forward. TVB, founded by Sir Run Run Shaw, quickly became the dominant player, establishing a steady pipeline of dramas that appealed to a broad audience.

Early dramas often drew inspiration from Chinese opera, classic literature, and traditional folklore, featuring elaborate costumes, stylized acting, and melodramatic plots. These productions prioritized moral messages, family

values, and social harmony, echoing the cultural norms of the time.

Golden Era and Expansion (1980s-1990s)

The 1980s and 1990s are widely regarded as the golden age of Hong Kong TV dramas. During this period, the industry experienced significant growth in production quality, storytelling complexity, and star power. Iconic actors like Tony Leung, Chow Yun-fat, and Amy Yip rose to fame, and dramas began to incorporate more contemporary themes such as urban life, romance, and social issues.

Notable innovations included the rise of genres such as wuxia (martial arts), modern romance, and family dramas. The introduction of color television and advancements in production technology enhanced visual appeal, enabling more dynamic storytelling.

Post-Handover and Modern Developments (2000s-Present)

Following the 1997 handover of Hong Kong from Britain to China, the industry faced new challenges and opportunities. While maintaining traditional storytelling styles, contemporary dramas began to reflect the shifting political climate, economic changes, and global influences. The rise of satellite TV and online streaming platforms like Viu and Netflix has transformed distribution methods, allowing dramas to reach international audiences more easily.

In recent years, Hong Kong TV dramas have also experimented with diverse genres, including crime thrillers, medical dramas, and youth-centric stories, aligning with global entertainment trends. The industry continues to adapt to digital consumption habits, balancing tradition with innovation.

Characteristics of Hong Kong TV Dramas

Narrative Style and Themes

Hong Kong dramas are renowned for their engaging narratives that often blend melodrama, humor, action, and social commentary. They typically focus on themes such as family loyalty, love and betrayal, social mobility, and morality. Many stories explore the tension between traditional Chinese values and modern urban life, creating relatable conflicts within a uniquely Hong Kong context.

Humor and satire are also prevalent, providing comic relief amidst intense storylines. The dialogues are usually sharp, witty, and colloquial, capturing the linguistic flavor of Hong Kong Cantonese.

Production Quality and Casting

The production quality of Hong Kong TV dramas has significantly improved over the decades. From modest beginnings, current dramas boast high-definition visuals, cinematic cinematography, and sophisticated editing techniques. Casting often features popular actors and actresses who command large fanbases, contributing to a drama's success.

Star power plays a critical role, with well-known actors often becoming household names. The industry also emphasizes casting fresh talents, ensuring a continual influx of new faces and perspectives.

Genre Diversity

Hong Kong TV dramas span a variety of genres, including:

- Wuxia and martial arts: Classic tales of heroism, honor, and adventure.
- Family dramas: Focused on kinship, filial piety, and generational conflicts.
- Romance and melodrama: Love stories that often involve obstacles and emotional depth.
- Legal and police procedurals: Crime-solving narratives with a focus on justice.
- Historical dramas: Period pieces reflecting Hong Kong's or China's past.
- Contemporary social issues: Addressing topics like immigration, economic disparity, and identity.

This genre diversity allows Hong Kong dramas to appeal to a wide demographic spectrum.

Influential Genres and Iconic Series

Wuxia and Martial Arts Dramas

Wuxia dramas have been a cornerstone of Hong Kong television, blending traditional Chinese mythology with action-packed storytelling. Series like "The Legend of the Condor Heroes" (1983) and "The Return of the Condor Heroes" (1983) adapted from Jin Yong's novels, defined the genre's popularity and set standards for choreography, costume design, and storytelling. The genre's enduring appeal lies in its themes of heroism, loyalty, and moral righteousness.

Family and Urban Life Dramas

Family-centric dramas, such as "A Kindred Spirit" (1995) and "The Greed of Man" (1992), have resonated deeply with audiences. These series often depict complex family relationships, societal changes, and economic struggles,

serving as mirrors to Hong Kong's rapidly evolving urban environment.

Modern Romance and Melodramas

Series like "Looking Back in Anger" (1989) and "The Breaking Point" (2009) explore romantic relationships, societal pressures, and personal aspirations. Their emotional depth and relatable characters have cemented their place in Hong Kong TV history.

Crime and Police Procedurals

Hong Kong's reputation for gritty crime dramas is exemplified by series like "Line Walker" (2014), which combine action with intricate plots involving undercover agents, moral dilemmas, and justice. These dramas often reflect Hong Kong's reputation as a hub for organized crime stories.

Industry Dynamics and Production Ecosystem

Major Players and Production Companies

TVB remains the dominant producer of Hong Kong dramas, with its extensive catalog and star system shaping local tastes. Other players include ViuTV, a newer broadcaster known for edgier content, and Hong Kong's independent production companies that experiment with niche genres and innovative storytelling.

Talent Development and Star System

Hong Kong's TV industry has historically relied on talent agencies to cultivate and promote stars. Actors and actresses often gain fame through recurring roles or hosting variety shows, which serve as stepping stones to leading roles in dramas. The star system influences casting decisions and audience loyalty.

Distribution and Broadcasting

Traditionally, dramas aired on free-to-air TV channels, but the rise of cable and online streaming has diversified distribution. Platforms like Viu, iQIYI, and Netflix have expanded the reach of Hong Kong dramas internationally, especially among overseas Chinese communities. This global accessibility has increased the industry's revenue streams and cultural export potential.

Global Impact and Cultural Significance

Hong Kong Dramas in the Chinese-speaking World

Hong Kong dramas have historically enjoyed popularity across Mainland China, Taiwan, and Southeast Asia. Their influence extends beyond entertainment, shaping perceptions of Hong Kong culture, values, and social issues. Many classic series are considered cultural landmarks and have inspired remakes and adaptations in other regions.

International Recognition and Influence

While Hong Kong dramas may not have achieved the same global fame as Korean or Japanese dramas, they have a dedicated international fanbase. The global diaspora often consumes these series for nostalgic and cultural reasons. Additionally, some series have gained recognition at international festivals or through online streaming platforms, paving the way for cross-cultural exchanges.

Cultural Reflection and Social Commentary

Hong Kong TV dramas serve as mirrors to societal changes, reflecting issues like identity, political tensions, economic disparity, and cultural values. They often subtly critique social norms or highlight marginalized communities, making them important tools for cultural dialogue.

Challenges and Future Directions

Industry Challenges

Despite their cultural significance, Hong Kong TV dramas face challenges such as declining viewership on traditional platforms, competition from international content, and the high costs of production. The industry must innovate to attract younger audiences and adapt to digital consumption habits.

Emerging Trends and Opportunities

Future trends include:

- More collaborations with international streaming platforms.
- Integration of new technologies like virtual reality and augmented reality.
- Greater emphasis on diverse stories representing Hong Kong's multicultural society.

- Use of social media for marketing and audience engagement.

Potential for Cultural Preservation and Innovation

Balancing tradition with innovation will be key. Maintaining the essence of Hong Kong storytelling while embracing new formats and genres can ensure the industry's vitality and global relevance.

Conclusion

Hong Kong TV dramas are more than mere entertainment; they are a reflection of the city's complex identity, cultural history, and social evolution. From their roots in traditional Chinese storytelling to their sophisticated modern productions, these dramas have carved a unique niche in the global entertainment landscape. As they navigate contemporary challenges and

Hong Kong Tv Drama

hong kong tv drama: TV China Ying Zhu, Chris Berry, 2009-01-28 If radio and film were the emblematic media of the Maoist era, television has rapidly established itself as the medium of the marketized China and in the diaspora. In less than two decades, television has become the dominant medium across the Chinese cultural world. TV China is the first anthology in English on this phenomenon. Covering the People's Republic, Hong Kong, Taiwan, and the Chinese diaspora, these 12 original essays introduce and analyze the Chinese television industry, its programming, the policies shaping it, and its audiences.

hong kong tv drama: Television Drama in Contemporary China Shenshen Cai, 2016-09-13 Due to high audience numbers and the significant influence upon the opinions and values of viewers, the political leadership in China attributes great importance to the impact of television dramas. Many successful TV serials have served as useful conduits to disseminate official rhetoric and mainstream ideology, and they also offer a rich area of research by providing insight into the changing Chinese political, social and cultural context. This book examines a group of recently released TV drama serials in China which focus upon, and to various degrees represent, topical political, social and cultural phenomena. Some of the selected TV serials reflect the present ideological proclivities of the Chinese government, whilst others mirror social and cultural occurrences or provide coded and thought-provoking messages on China's socio-economic and political reality. Through in-depth textual analysis of the plots, scenes and characters of these selected TV serials, the book provides timely interpretations of contemporary Chinese society, its political inclinations, social fashions and cultural tendencies. The book also demonstrates how popular media narratives of TV drama serials engage with sensitive civic issues and cultural phenomena of modern-day China, which in turn encourages a broader social imagination and potential for change. Advancing our understanding of contemporary China, this book will appeal to students and scholars of contemporary Chinese culture, society and politics, as well as those with research interests in television studies more generally.

hong kong tv drama: *Routledge Handbook of East Asian Popular Culture* Koichi Iwabuchi, Eva Tsai, Chris Berry, 2016-12-01 Since the 1990s there has been a dramatic increase in cultural flows and connections between the countries in the East Asian region. Nowhere is this more apparent than

when looking at popular culture where uneven but multilateral exchanges of Japanese, Korean, Taiwanese, Hong Kong and Chinese products have led to the construction of an 'East Asian Popular Culture'. This is both influenced by, and in turn influences, the national cultures, and generates transnational co-production and reinvention. As East Asian popular culture becomes a global force, it is increasingly important for us to understand the characteristics of contemporary East Asian popular culture, and in particular its transnational nature. In this handbook, the contributors theorize East Asian experiences and reconsider Western theories on cultural globalization to provide a cutting-edge overview of this global phenomenon. The Routledge Handbook of East Asian Popular Culture will be of great interest to students and scholars of a wide range of disciplines, including: Cultural Studies, Media Studies, Communication Studies, Anthropology, Sociology and Asian Studies in general.

hong kong tv drama: *Media Consumption and Everyday Life in Asia* Youna Kim, 2008-06-30

This book explores people's everyday experience of the media in Asian countries in confrontation with huge social change and transition and the need to understand this phenomenon as it intersects with the media. It argues for the centrality of the media to Asian transformations in the era of globalization. The profusion of the media today, with new imaginations, new choices and contradictions, generates a critical condition for reflexivity engaging everyday people to have a resource for the learning of self, culture and society in a new light. Media culture is creating new connections, new desires and threats, and the identities of people are being reworked at individual, national, regional and global levels. Within historically specific social conditions and contexts of the everyday, the chapters seek to provide a diversity of experiences and understandings of the place of the media in different Asian locations. This book considers the emerging consequences of media consumption in people's everyday life at a time when the political, socio-economic and cultural forces by which the media operate are rapidly globalizing in Asia.

hong kong tv drama: *Cultural Bifocals on Chinese TV Series and Diaspora Fiction*

Sheng-mei Ma, 2024-10-11 The book explores how Chinese TV series and Asian Diaspora fiction are consumed, experienced, and adapted by and for audiences worldwide, particularly those of the Chinese diaspora. It focuses or 'zooms in' on well-known exceptional Chinese TV series such as *Reset* and *The Bad Kids* and 'zooms-out' to explore a wider panorama of lesser-known TV dramas and films. It also explores Asian American representations of 'bespoke immigrants', the Nobelist Kazuo Ishiguro and other '1.5-generation novelists', a Canadian missionary's memoir, a Taiwanese Canadian young adult fantasy author, among others. Through the analysis of this material, it reveals how some Asian American writers are themselves liable to portraying stereotypes of Asian immigrant communities, reinforcing familiar tropes of the white gaze. It also features an insightful analysis of Taiwan's films and culture, highlighting how Taiwanese identity is represented and moreover shaped by cross-strait tensions. Exploring a diversity of content and media consumption, this book will appeal to students and scholars of media studies, Cultural studies, Chinese studies and Asian studies.

hong kong tv drama: *Television, Japan, and Globalization* Mitsuhiro Yoshimoto, Eva Tsai, JungBong Choi, 2010-01-08 Shines new theoretical light on Japanese television in global perspective

hong kong tv drama: *Chinese Television in the Twenty-First Century* Ruoyun Bai, Geng Song, 2014-09-15 The past two decades witnessed the rise of television entertainment in China. Although television networks are still state-owned and Party-controlled in China, the ideological landscape of television programs has become increasingly diverse and even paradoxical, simultaneously subservient and defiant, nationalistic and cosmopolitan, moralistic and fun-loving, extravagant and mundane. Studying Chinese television as a key node in the network of power relationships, therefore, provides us with a unique opportunity to understand the tension-fraught and , paradox-permeated conditions of Chinese post-socialism. This book argues for a serious engagement with television entertainment. rethinking, It addresses the following questions. How is entertainment television politically and culturally significant in the Chinese context? How have political, industrial, and technological changes in the 2000s affected the way Chinese television

relates to the state and society? How can we think of media regulation and censorship without perpetuating the myth of a self-serving authoritarian regime vs. a subdued cultural workforce? What do popular televisual texts tell us about the unsettled and reconfigured relations between commercial television and the state? The book presents a number of studies of popular television programs that are sensitive to the changing production and regulatory contexts for Chinese television in the twenty-first century. As an interdisciplinary study of the television industry, this book covers a number of important issues in China today, such as censorship, nationalism, consumerism, social justice, and the central and local authorities. As such, it will appeal to a broad audience including students and scholars of Chinese culture and society, media studies, television studies, and cultural studies.

hong kong tv drama: Television in Post-Reform China Ying Zhu, 2013-01-11 This book explores the political, economic, and cultural forces, locally and globally that have shaped the evolution of Chinese primetime television dramas, and the way that these dramas in turn have actively engaged in the major intellectual and policy debates concerning the path, steps, and speed of China's economic and political modernization during the post-Deng Xiaoping era. It intertwines the evolution of Chinese television drama particularly with the ascendance of the Chinese New Left that favors a recentralization of state authority and an alternative path towards China's modernization and China's current administration's call for building a harmonious society. Two types of serial drama are highlighted in this regard, the politically provocative dynasty drama and the culturally ambiguous domestic drama. The book also provides cross-cultural comparisons that parallel the textual and institutional strategies of transnational Chinese language TV dramas with dramas from the three leading centers of transnational television production, the US, Brazil and Mexico in Latin America, and the Korean-led East Asia region. The comparison reveals creative connections while it also explores how the emergence of a Chinese cultural-linguistic market, together with other cultural-linguistic markets, complicates the power dynamics of global cultural flows.

hong kong tv drama: Transnational Korean Television Hyejung Ju, 2019-11-29 Transnational Korean Television: Cultural Storytelling and Digital Audience provides previously absent analyses of Korean TV dramas' transnational influences, peculiar production features, distribution, and consumption to enrich the contextual understanding of Korean TV's transcultural mobility. Even as academic discussions about the Korean Wave have heated up, Korean television studies from transnational viewpoints often lack in-depth analysis and overlook the recently extended flow of Korean television beyond Asia. This book illustrates the ecology of Korean television along with the Korean Wave for the past two decades in order to showcase Korean TV dramas' international mobility and its constant expansion with the different Western television and their audiences. Korean TV dramas' mobility in crossing borders has been seen in both transnational and transcultural flows, and the book opens up the potential to observe the constant flow of Korean television content in new places, peoples, manners, and platforms around the world. Scholars of media studies, communication, cultural studies, and Asian studies will find this book especially useful.

hong kong tv drama: The Chinese Television Industry Michael Keane, 2015-07-07 Television is a massive industry in China, yet fewer people are watching television screens. This ground-breaking study explores how television content is changing, how the Chinese government is responding to the challenges presented by digital media, and how businesses are brokering alliances in both traditional and new media sectors.

hong kong tv drama: Pop Culture in Asia and Oceania Jeremy A. Murray, Kathleen Nadeau, 2016-08-15 This ready reference is a comprehensive guide to pop culture in Asia and Oceania, including topics such as top Korean singers, Thailand's sports heroes, and Japanese fashion. This entertaining introduction to Asian pop culture covers the global superstars, music idols, blockbuster films, and current trends—from the eclectic to the underground—of East Asia and South Asia, including China, Japan, Korea, India, the Philippines, Thailand, Vietnam, and Pakistan, as well as

Oceania. The rich content features an exploration of the politics and personalities of Bollywood, a look at how baseball became a huge phenomenon in Taiwan and Japan, the ways in which censorship affects social media use in these regions, and the influence of the United States on the movies, music, and Internet in Asia. Topics include contemporary literature, movies, television and radio, the Internet, sports, video games, and fashion. Brief overviews of each topic precede entries featuring key musicians, songs, published works, actors and actresses, popular websites, top athletes, video games, and clothing fads and designers. The book also contains top-ten lists, a chronology of pop culture events, and a bibliography. Sidebars throughout the text provide additional anecdotal information.

hong kong tv drama: The Inter-Asia Cultural Studies Reader Kuan-Hsing Chen, Beng Huat Chua, 2015-04-22 Asian Cultural Studies or Cultural Studies in Asia is a new and burgeoning field, and the Inter-Asia Cultural Studies Journal is at its cutting edge. Committed to bringing Asian Cultural Studies scholarship to the international English speaking world and constantly challenging existing conceptions of cultural studies, the journal has emerged as the leading publication in Cultural Studies in Asia. The Inter-Asia Cultural Studies Reader brings together the best of the ground breaking papers published in the journal and includes a new introduction by the editors, Chen Kuan-Hsing and Chua Beng Huat. Essays are grouped in thematic sections, including issues which are important across the region, such as State violence and social movements and work produced by IACS sub-groups, such as feminism, queer studies, cinema studies and popular culture studies. The Reader provides useful alternative case studies and challenging perspectives, which will be invaluable for both students and scholars in media and cultural studies.

hong kong tv drama: Non-Western Popular Music Tony Langlois, 2017-07-05 This collection provides readers with a diverse and contemporary overview of research in the field. Drawing upon scholarly writing from a range of disciplines and approaches, it provides case studies from a wide range of 'non Western' musical contexts. In so doing the volume attends to the central themes that have emerged in this area of popular music studies; cultural politics, identity and the role of technology. This collection does not seek to establish a new theoretical paradigm, but being primarily aimed at researchers and students, offers as comprehensive a view of the research that has been carried out over the last few decades as possible, given the global scope of the subject. Inevitably, the experience of globalisation itself runs through many of the contributions, not only because musicians find themselves part of an immense flow of international culture, technology and finance, but also because Western scholarship can also be considered an aspect of such a flow. The articles selected for the volume take different disciplinary approaches; many are close ethnographic descriptions of musical practices whilst others take a more historical view of a musical 'scene' or even a single musician. Some essays consider the effects of emerging technologies upon the production, dissemination and consumption of music, whilst the political context is central to other authors. The collection as a whole serves as a resource for those who wish to be better acquainted with the diversity of research that has been carried out into non-western pop, whilst also highlighting the broader themes that have, so far, shaped academic approaches to the subject.

hong kong tv drama: Television Histories in Asia Jinna Tay, Graeme Turner, 2015-07-24 This book presents an analysis of television histories across India, China, Taiwan, Singapore, Indonesia, Japan, Hong Kong, the Philippines, Malaysia and Bhutan. It offers a set of standard data on the history of television's cultural, industrial and political structures in each specific national context, allowing for cross-regional comparative analysis. Each chapter presents a case study on a salient aspect of contemporary television culture of the nation in question, such as analyses of ideology in television content in Japan and Singapore, and transformations of industry structure vis-à-vis state versus market control in China and Taiwan. The book provides a comprehensive overview of TV histories in Asia as well as a survey of current issues and concerns in Asian television cultures and their social and political impact.

hong kong tv drama: Middle Eastern Television Drama Christa Salamandra, Nour Halabi, 2023-06-21 This monograph explores and investigates key issues facing Middle Eastern societies,

including religion and sectarianism, history and collective memory, urban space and socioeconomic difference, policing and securitization, and gender relations. In the Middle East, television drama creators serve as public intellectuals who, with uncanny prescience, tell the world something. As this volume demonstrates, fictional television provides a crucial space for social and political debate in much of the region. Writing from a range of disciplines—anthropology, communication, folklore, gender studies, history, and law—contributors include seasoned academics who have dedicated their careers to researching Middle Eastern media and emerging scholars who build on earlier work and introduce fresh perspectives. Together, they provide an invaluable overview of Middle Eastern serial television and their political impact, drawing examples from Afghanistan, Egypt, Iran, Syria, and Turkey. Bringing together a diverse range of academic perspectives, this book will be of key interest to students and scholars in media and communication studies, Middle Eastern Studies, and popular culture studies.

hong kong tv drama: Popular Culture and the State in East and Southeast Asia Nissim Otmazgin, Eyal Ben-Ari, 2013-03-01 This volume examines the relations between popular culture production and export and the state in East and Southeast Asia including the urban centres and middle-classes of Taiwan, South Korea, Japan, Singapore, Indonesia, Malaysia, China, Thailand, and the Philippines. It addresses the shift in official thinking toward the role of popular culture in the political life of states brought about by the massive circulation of cultural commodities and the possibilities for attaining soft power. In contrast to earlier studies, this volume pays particular attention to the role of states and cross-state cultural interactions in these processes. It is the first major attempt to look at these issues comparatively and to provide an important corrective to the limitations of existing scholarship on popular culture in Asia that have usually neglected its political aspects. As part of this move, the essays in this volume suggest a widening of disciplinary perspectives. Hitherto, the preponderance of relevant studies has been in cultural and media fields, anthropology or history. Here the contributors explicitly draw on other disciplinary perspectives – political science and international relations, political economy, law, and policy studies – to explore the complex interrelationships between the state, politics and economics, and popular culture. This book will be of interest to students and scholars of Asian culture, society and politics, the sociology of culture, political science and media studies.

hong kong tv drama: Music around the World Andrew R. Martin, Matthew Mihalka Ph.D., 2020-09-08 With entries on topics ranging from non-Western instruments to distinctive rhythms of music from various countries, this one-stop resource on global music also promotes appreciation of other countries and cultural groups. A perfect resource for students and music enthusiasts alike, this expansive three-volume set provides readers with multidisciplinary perspectives on the music of countries and ethnic groups from around the globe. Students will find *Music around the World: A Global Encyclopedia* accessible and useful in their research, not only for music history and music appreciation classes but also for geography, social studies, language studies, and anthropology. Additionally, general readers will find the books appealing and an invaluable general reference on world music. The volumes cover all world regions, including the Americas, Europe, Africa and the Middle East, and Asia and the Pacific, promoting a geographic understanding and appreciation of global music. Entries are arranged alphabetically. A preface explains the scope of the set as well as how to use the encyclopedia, followed by a brief history of traditional music and important current influences of music in each particular world region.

hong kong tv drama: Korea at the Center Charles K. Armstrong, 2006 Illuminating the role of the Korean peninsula in three modern historical periods, this volume offers a fresh appraisal of Korea as the key to the coalescence of a broad, open Northeast Asian regionalism in the twenty-fifth century.

hong kong tv drama: Screening Post-1989 China W. Ho, 2015-05-20 This unique book investigates the tug-of-war between the free market economy and authoritative state regulation in Chinese culture after 1989. Contextualizing close textual readings of cinematic and television texts, both officially sanctioned and independently made, Wing Shan Ho illuminates the complex process in

which cultural producers and consumers negotiate with both the state and the market in articulating new forms of subjectivity. Ho examines the types of Chinese subjects that the state applauds and aggrandizes in contrast to those that it condemns and attempts to eliminate. Her focus on the socialist spirit exposes inherent contradictions in the current Chinese project of nation-building. This comparative study shines a harsh light on these cultural products and on much more: the confluence between commerce and politics and popular culture, the interaction between state and individuals in popular culture, and the complexity of governmentality in an era of globalization.

hong kong tv drama: Japanese Idols Go to China Xiaofei Tu, Wendy Xie, 2022-10-25 This book situates the Chinese acceptance of Japanese popular culture, specifically the intriguing and sometimes awkward relationship between the “idol” groups AKB48 and SNH48, within the broad context of nationalist ideology and international relations in East Asia. It aims to enhance the knowledge and understanding of the reader about contemporary East Asian cultural exchanges and nationalist expressions in concrete forms. Additionally, this book attempts to discover heretofore overlooked aspects of nationalism’s metamorphosis in both China and Japan and challenge the existing scholarly and popular understandings of nationalism. By interrogating the nationalism factor in popular culture in Chinese and Japanese contexts, this books concludes that popular culture fandom can both be a culprit in promoting hegemonic political ideologies and serve as a potential antidote.
