He had previously told her he didn't want a child, but she had thought that once he found out, his love for her would prevail and they would be happy forever. But she was wrong. In Shit, Actually, Lindy returns to those roots, re-examining beloved and iconic movies from the past 40 years with an eye toward the big questions of our time: Is Twilight the horniest movie in history? Why do the zebras in The Lion King trust Mufasa-WHO IS A LION-to look out for their best interests? Why did anyone bother making any more movies after The Fugitive achieved perfection? And, my god, why don't any of the women in Love, Actually ever fucking talk?!?! From Forrest Gump, Honey I Shrunk the Kids, and Bad Boys II, to Face/Off, Top Gun, and The Notebook, Lindy combines her razor-sharp wit and trademark humor with a genuine adoration for nostalgic trash to shed new critical light on some of our defining cultural touchstones-the stories we've long been telling ourselves about who we are. At once outrageously funny and piercingly incisive, Shit, Actually reminds us to pause and ask, How does this movie hold up?, all while teaching us how to

laugh at the things we love without ever letting them or ourselves off the hook. *Shit, Actually* is a love letter and a break-up note all in one: to the films that shaped us and the ones that ruined us. More often than not, Lindy finds, they're one and the same.

Founded in 1967 as an art film distributor, New Line made a small fortune running John Waters's *Pink Flamingos* at midnight screenings in the 1970s and found reliable returns with the *Nightmare on Elm Street* franchise in the 1980s. By 2001, the company competed with the major Hollywood studios and reached global box office success with the *Lord of the Rings* franchise. jackie chan and chris tucker movie: *Behind the Seams* Deahdra, 2016-01-08 *Behind the Seams* tells the true story of a Hollywood costumer who worked in tinsel town during the golden era of television and film. Author Deahdra worked for many years on motion picture and TV studio lots, as well as in other settings as she dressed some of the biggest stars of the era. Chapters are broken down by movie or television title, detailing activities both on and off the sets. Her fun, exciting, and often humorous experiences with famous actors could fill a book. First-time author Deahdra was motivated to share her memories of working as a Hollywood costumer by a friend (and mentor), who convinced her to write the stories for everyone, not just a log for her son. She says, "My intentions were to write about the various times that I was away from home being the absentee mom, and backing up the many photo albums taken over the years. I wanted him to know who these movie stars were and to let him know of the places I traveled. After my mentor convinced me to just tell my

stories, he kept persisting and pushing me until completion.” Without that push, these stories and photos may have been lost forever. Dreams do come true! From Birmingham, Alabama, to Hollywood, California, Deahdra invites readers to share her fun-filled and exciting life in tinsel town! Her journey began as a native Southerner, whose uncle Phillip nicknamed her “Hollywood” as a child. You can only imagine how special this made her feel, since she was a red-headed, freckle-faced little girl with a giant space between her front teeth. As fate would have it, she eventually pursued a successful career in the entertainment capital of the world, where her adventures truly begin. Come along and share these exciting times Behind the Seams. “I thought it was an appropriate name for my book, as I was a costumer for many years in the motion picture and television industry,” she says. “You should have a few laughs as we go, because life presents us with the unexpected.”

jackie chan and chris tucker movie: A Horrible Experience of Unbearable Length Roger Ebert, 2022-05-24 More of the Pulitzer Prize-winning film critic's most scathing reviews. A Horrible Experience of Unbearable Length collects more than 200 of his reviews from 2006 to 2012 in which he gave movies two stars or fewer. Known for his fair-minded and well-written film reviews, Roger is at his razor-sharp humorous best when skewering bad movies. Consider this opener for the one-star Your Highness: Your Highness is a juvenile excrescence that feels like the work of 11-year-old boys in love with dungeons, dragons, warrior women, pot, boobs, and four-letter words. That this is the work of David Gordon Green beggars the imagination. One of its heroes wears the penis of a minotaur on a string around his neck. I hate it when that happens. And finally, the inspiration for the title of this book, the one-star Transformers: Revenge of the Fallen: Transformers: Revenge of the Fallen is a horrible experience of unbearable length, briefly punctuated by three or four amusing moments. One of these involves a doglike robot humping the leg of the heroine. If you want to save yourself the ticket price, go into the kitchen, cue up a male choir singing the music of hell, and get a kid to start banging pots and pans together. Then close your eyes and use your imagination. Roger Ebert's I Hated, Hated, Hated This Movie and Your Movie Sucks, which gathered some of his most scathing reviews, were bestsellers. This collection continues the tradition, reviewing not only movies that were at the bottom of the barrel, but also movies that he found underneath the barrel. Movie buffs and humor lovers alike will relish this treasury of movies so bad that you may just want to see them for a good laugh!

Historically, African American performers have been able to use comedy as a pedagogic tool, interjecting astute observations about race relations while the audience is laughing. And yet, Haggins makes the convincing argument that the potential of African American comedy remains fundamentally unfulfilled as the performance of blackness continues to be made culturally digestible for mass consumption.
