John Barton is a questioner of the distribution of wealth and the relations between rich and poor. Soon his wife dies—he blames it on her grief over the disappearance of her sister Esther. Having already lost his son Tom at a young age, Barton is left to raise his daughter, Mary, alone and now falls into depression and begins to involve himself in the Chartist, trade-union movement. Elizabeth Gaskell (1810-1865) was an English novelist and short story writer. Her novels offer a detailed portrait of the lives of many strata of Victorian society, including the very poor, and are of interest to social historians as well as lovers of literature. Some of Gaskell's best known novels are *Cranford*, *North and South*, and *Wives and Daughters*.

Set in Manchester in the 1840s - a period of industrial unrest and extreme deprivation - *Mary Barton* depicts the effects of economic and physical hardship upon the city's working-class community. Paralleling the novel's treatment of the relationship between masters and men, the suffering of the poor, and the workmen's angry response, is the story of Mary herself: a factory-worker's daughter who attracts the attentions of the mill-owner's son, she becomes caught up in the violence of class conflict when a brutal murder forces her to confront her true feelings and allegiances. *Mary Barton* was praised by contemporary critics for its vivid realism, its convincing characters and its deep sympathy with the poor, and it still has the power to engage and move readers today. This edition reproduces the last edition of the novel supervised by Elizabeth Gaskell and includes her husband's two lectures on the Lancashire dialect. It was, perhaps, no wonder; for he seemed to the poor smith so elegant, so well-appointed, that he felt the superiority in externals, strangely and painfully, for an instant. Then something uprose within him, and told him that a man's a man for a' that, for a' that, and twice as much a' that. And he no longer felt troubled by the outward appearance of his rival.

-from Chapter XV As interest in 19th-century English literature by women has been reinvigorated by a resurgence in popularity of the works of Jane Austen, readers are rediscovering a writer whose fiction, once widely beloved, fell by the wayside. British novelist ELIZABETH CLEGHORN GASKELL (1810-1865)-whose books were sometimes initially credited to, simply, Mrs. Gaskell-is now recognized as having created some of the most complex and broadminded depictions of women in the literature of the age, and is today justly celebrated for her precocious use of the regional dialect and slang of England's industrial North. Mary Barton-Gaskell's first novel, originally published anonymously in 1848-established her reputation as a champion of the working class. Set in Manchester, where the author herself settled as the wife of a progressive preacher, it concerns the trials and tribulations of two poor families, the Bartons and the Wilsons, and a tragedy that cements their joint fate and highlights the class divide in highly stratified Victorian society. Friend and literary companion to the likes of Charles Dickens and Charlotte Brontë-the latter of whom Gaskell wrote an acclaimed 1857 biography-Gaskell is today being restored to her rightful place alongside them. This charming replica volume is an excellent opportunity for 21st-century fans of British literature to embrace one of its most unjustly forgotten authors.

It is a beautiful story, and we never tire of watching each scene unfold. Mary's First Christmas is the story of the birth of our Savior as described through the eyes of Joseph and Mary. We may gain insight from them as they picture for us the adversity as well as the joy and excitement they experienced from the time of the angel's appearance to the wondrous birth of God's Son. We catch a glimpse of the awe that Mary felt upon Gabriel's announcement, of the joy she shared with Elizabeth and Zechariah as they awaited the miraculous birth of their own son. We see Joseph's apprehension at Mary's announcement, and how then after seeing the angel in a dream commits his life to God as Jesus' earthly father. We can feel the excitement of the taxing journey to Bethlehem for the census, the fear and hope they felt, even to Joseph's naming of the little donkey who carried the King of the Ages on his back...Rocky, in memory of the sometimes rocky and dangerous path they followed. We see some of the sensations they felt with their description of the camp fires, the sheep for sacrifice, the beautiful stars in the night sky, and then the discouragement of finding no room upon reaching their destination. But God was always with them, and because of His grace, we know today what they did not yet understand...that this wonderful child, born in a stable, the very Son of God, would bring salvation to a sinful and lost world.

Completed in 1803, this brilliant, compulsively readable, beautifully written, and psychologically astute courtship novel is finally available in a scholarly edition that reveals Mary Tighe to have been as

talented a fiction writer as she was a poet. The history of this amazing work's long journey from manuscript to print is only one of the stories Harriet Kramer Linkin recounts in this scrupulously annotated edition based on the only known copy of the manuscript, currently part of the National Library of Ireland's holdings. Linkin's introduction situates the novel in its historical context, draws attention to significant aspects of the plots and characters, and makes a strong case for Selena's importance for understanding the history of the novel, fiction by women, Anglo-Irish fiction, silver-fork novels, and the Romantic period. Explanatory notes explain obscure references and contexts, identify allusions to other writers, and provide translations of any non-English or archaic words. Selena itself is a revelation in its frank treatment of the darker aspects of Tighe's world, including parents who mistreat, cheat, or fail their children and spouses who commit adultery or betray one another emotionally. At the same time, it is magnificent in its stunning and moving portrayals of romantic love, of the possibility and importance of female friendship, of the difficult necessity of choosing sense over sensibility, and of the need for women and men to choose self-enhancing vocations. This extraordinary novel is destined to open up new ways of thinking by scholars of the Romantic era and the history of the novel.
