But with the advent of psychic experiences and events as well as the living characters that play their parts in the 'psychic drama' then we are looking at something on the level of art that can rise to of Jung's 'artist' plateau; and Millers and Matthew Arnold reach the latitude of experiences that are worthy of being written about. I have endeavored to be as faithful to reality as possible when events are not always what they seem, where insight and knowledge of both intuition and sensation is necessary data to describe what is rising to the level of drama rather than the false reality we have been trained to react within; this story is a reflections of true experience and therefore has value as art.

Zeroville When we think of '70s cinema, we think of classics like *The Godfather*, *Taxi Driver*, and *The Wild Bunch* . . . but the riches found in the overlooked B movies of the time, rolled out wherever they might find an audience, unexpectedly tell an eye-opening story about post-Watergate, post-Vietnam America. Revisiting the films that don't make the Academy Award montages, Charles Taylor finds a treasury many of us have forgotten, movies that in fact unlock the secrets of the times. Celebrated film critic Taylor pays homage to the trucker vigilantes, meat magnate pimps, blaxploitation angel avengers, and taciturn factory workers of grungy, unartful B films such as *Prime Cut*, *Foxy Brown*, and *Eyes of Laura Mars*. He creates a compelling argument for what matters in moviemaking and brings a pivotal American era vividly to life in all its gritty, melancholy complexity.

lee marvin prime cut: My Extraordinary Ordinary Life Sissy Spacek, Mary Anne Vollers, 2024-09-24 Spacek tells her story with warmth and grace, never straying far from the small-town roots that shaped her (Jeannette Walls, author of *The Glass Castle*). [A] warm narrative like a folk song, Spacek's storytelling is tender and unhurried. — Publishers Weekly (starred review) In her delightful and moving memoir, Academy Award-winning actress Sissy Spacek writes about her idyllic, barefoot childhood in a small East Texas town, with the clarity and wisdom that comes from never losing sight of her roots. Descended from industrious Czech immigrants and threadbare southern gentility, she grew up a tomboy, tagging along with two older brothers and absorbing grace and grit from her remarkable parents, who taught her that she could do anything. She also learned fearlessness in the wake of a family tragedy, the grief propelling her like rocket fuel to follow her dreams of becoming a performer. With a keen sense of humor and a big-hearted voice, she describes how she arrived in New York City one star-struck summer as a seventeen-year-old carrying a suitcase and two guitars; and how she built a career that has spanned four decades with films such as *Carrie*, *Coal Miner's Daughter*, *3 Women*, and *The Help*. She details working with some of the great directors of our time, including Terrence Malick, Robert Altman, David Lynch, and Brian De Palma—who thought of her as a no-talent set decorator until he cast her as the lead in *Carrie*. She also reveals why, at the height of her fame, she and her family moved away from Los Angeles to a farm in rural Virginia. Whether she's describing the terrors and joys of raising two talented, independent daughters, taking readers behind the scenes on Oscar night, or meditating on the thrill of watching a pair of otters frolicking in her pond, Sissy Spacek's memoir is poignant and laugh-out-loud funny, plainspoken and utterly honest. *My Extraordinary Ordinary Life* is about what matters most: the exquisite worth of ordinary things, the simple pleasures of home and family, and the honest job of being right with the world. If I get hit by a truck tomorrow, she writes, I want to know I've returned my neighbor's cake pan. Sissy Spacek writes with the same bright animation and verve as she has lived her, indeed, extraordinary life. —Sally Mann, artist and writer The book version of *Sissy*: warm, heartfelt, and very real. Perhaps most remarkable is that Sissy's life—from the ordinary experiences of growing up in and raising a close-knit family to the extraordinary thrills of starring in some of the most iconic roles in Hollywood—unfolds as gracefully on the page as it does on the big screen and, as all of her readers will soon learn, in everyday life. —Kathryn Stockett, New York Times–bestselling author of *The Help*

lee marvin prime cut: Maximum Movies—Pulp Fictions Peter Stanfield, 2011-07-15 In the words of Richard Maltby . . . Maximum Movies--Pulp Fictions describes two improbably imbricated worlds and the piece of cultural history their intersections provoked. One of these worlds comprises a clutch of noisy, garish pulp movies--Kiss Me Deadly, Shock Corridor, Fixed Bayonets!, I Walked with a Zombie, The Lineup, Terror in a Texas Town, Ride Lonesome--pumped out for the grind houses at the end of the urban exhibition chain by the studios' B-divisions and fly-by-night independents. The other is occupied by critics, intellectuals, cinephiles, and filmmakers such as Jean-Luc Godard, Manny Farber, and Lawrence Alloway, who championed the cause of these movies and incited the cultural guardians of the day by attacking a rigorously policed canon of tasteful, rarified, and ossified art objects. Against the legitimate, and in defense of the illegitimate, in an insolent and unruly manner, they agitated for the recognition of lurid sensational crime stories, war pictures, fast-paced Westerns, thrillers, and gangster melodramas were claimed as examples of the true, the real, and the authentic in contemporary culture--the foundation upon which modern film studies sits.
