In June 2017 I was convinced that Taylor Swift was the victim (for the second time) of Kanye West. In October 2023, after I have updated the entire research on the Famous Feud, the original conclusion did not change. I created this edition to include everything I wrote about the Famous Feud. It is an edition for people interested in reading the entire Famous Feud story from A to Z. The Famous Feud Project report has two parts: Part 1.
