After escaping from slavery in Maryland, he became a national leader of the abolitionist movement in Massachusetts and New York, gaining note for his oratory and incisive antislavery writings. "...I therefore hate the corrupt, slaveholding, women-whipping, cradle-plundering, partial and hypocritical Christianity of the land... I look upon it as the climax of all misnomers, the boldest of all frauds, and the grossest of all libels. Never was there a clearer case of 'stealing the livery of the court of heaven to serve the devil in.' I am filled with unutterable loathing when I contemplate the religious pomp and show, together with the horrible inconsistencies, which every where surround me. We have men-stealers for ministers, women-whippers for missionaries, and cradle-plunderers for church members. The man who wields the blood-clotted cowskin during the week fills the pulpit on Sunday, and claims to be a minister of the meek and lowly Jesus. . . . The slave auctioneer's bell and the church-going bell chime in with each other, and the bitter cries of the heart-broken slave are drowned in the religious shouts of his pious master. Revivals of religion and revivals in the slave-trade go hand in hand together. The slave prison and the church stand near each other. The clanking of fetters and the rattling of chains in the prison, and the pious psalm and solemn prayer in the church, may be heard at the same time. The dealers in the bodies of men erect their stand in the presence of the pulpit, and they mutually help each other. The dealer gives his blood-stained gold to support the pulpit, and the pulpit, in return, covers his infernal business with the garb of Christianity. Here we have religion and robbery the allies of each other---devils dressed in angels' robes, and hell presenting the semblance of paradise." --- Frederick Douglass, *Narrative of the Life of Frederick Douglass*

douglass narrative of the life of frederick douglass: *Narrative of the Life of Frederick Douglass* Frederick Douglass, 2020-08-31T17:49:45Z The *Narrative of the Life of Frederick Douglass* was written in 1845, seven years after Douglass escaped slavery, and is the first of three autobiographies. It covers his life as a slave, enduring the whips of the overseers and the hopelessness of his circumstances, until his escape to the north and arrival at New Bedford, Massachusetts. The brutalities he witnessed and his slowly growing desire for freedom are presented in the vivid language he was already known for in his antislavery oration. The eloquence of Douglass's speeches caused some skeptics to doubt his credibility, believing that a former slave with no education could never speak so well. Thus, part of his motivation for writing the book was to dispel this suspicion and to provide a fuller history than was possible in his lectures. The abolitionists William Lloyd Garrison and Wendell Phillips provided introductions vouching for the truth of Douglass's words. The book was an immediate best seller. The fame brought danger to Douglass, who sailed for England shortly after the book's publication to ensure he would not be apprehended as a fugitive slave. He spent two years touring and lecturing in Great Britain and

Ireland before returning to America to continue his abolitionist work. English supporters raised funds to purchase his freedom from his former master. The slave narrative is an autobiographical genre written by escaped slaves concerning their lives in bondage. Slave narratives not only promoted abolitionism by giving first hand evidence of the cruelty and hypocrisy of slaveholders, but also allowed African Americans to express themselves as intelligent, articulate individuals, deserving of respect and freedom. Douglass's Narrative is perhaps the most important example of the genre, on the basis of its literary merits and its impact on the abolitionist movement.
