how much is alan titchmarsh worth: **Comical Vacations Book 3** Maureen Reil, 2017-01-22 Comical Vacations 3 Three-Book Bundle Contents The Finch Family Easter Holiday 6 Let the good times roll since Kitty is excited to be going away for four fun filled days on their first (of many and hopefully not the last) Finch family holidays, together with her boyfriend for a short stay in a quaint B&B in Scotland. Where she hopes they will get to spend some time alone as well as with the rest of the clan. Well, she would be more excited if she could shake the damn stomach bug she seems to have picked up, probably from work. Only it will not stop her going for the Easter celebration up in the Highlands, where real men wear kilts and women wear a shoe size twelve if Moira is anything to go by. Whether it is a haunting by a ghost in the guesthouse or hunting for Nessie and the lost buried gold coins connected to Bonnie Prince Charlie or seeking the precious playing card belonging to her brother, then you can be sure that Kitty will give it her all even if it costs her more than her dignity in the end. There is also a secret to keep, a secret to reveal and a secret admirer to deal with. Not to forget there is also a beast on the prowl. As this mini vacation has plenty of cringe-worthy situations and surprises galore to cope with but Kitty has survived worse, believe you me. The Finch Family Bank Holiday 7 Now normally Kitty Finch loves a good wedding so she was happy to head down to Berkshire with the rest of the Finches to stay at a farm over the long bank holiday weekend. She saw it as a chance to be in a famously posh romantic setting with her ex, since Kitty wants to rekindle their relationship. I mean who does not fall in love with love when surrounded by so much joy, sentiment and happiness but not when she finds out he is bringing a 'plus one' and she is feeling fat or should that state be fatter than usual because of her pregnancy. If Kitty was under the impression that she could hide at the back to avoid not just the camera lens but also her exes then she had better think again. When an accident occurs and Kitty has to step into someone else's shoes but not with her swollen feet so thankfully she gets to wear her own footwear in the end, however, it still doesn't help her walk down that aisle any better. Joining Kitty and company in this hilarious mix of mayhem and merriment are a baby doll, naked butlers and a male escort. There are also a whole lot of laughs along the way so what more can anyone ask for from a British bank holiday. The Finch Family Christmas Holiday 8 This is it folks, the final Finch family holiday in the Comical Vacations series (nine books in total). It finds Kitty Finch heading off for a Christmas break with some of her family, past and present, plus picking up a friend or two along the way. This time they are going on a Nordic liner for a mini Christmas cruise, so they are all looking forward to this trip as long as it does not sink. Well knowing her luck, they could all end up at the bottom of the sea if this were any other

kind of novel. Only that is not a very 'happy ending' so she feels confident that they will make it back to dry land and they do. Not before there is upset all round of course and a stupid bet to win first, whilst the pranks soon become the bane of her life. After which they embark on the next leg of their journey to travel up to the north of Norway for an ice-filled fun treat. When staying at the snow hotel and getting to see and try things that they have never tried or seen before. Will Kitty ever get the love she deserves? Should she even have attempted to win a silly wager? Can this British family ever have at least one lousy holiday without everything going tits-up for Kitty Finch? Would Kitty be able to claim she truly had the time of her life, or would she be lying through her gritted teeth?
