

human acts by han kang

Human Acts by Han Kang

Han Kang's novel *Human Acts* is a profound and haunting exploration of the human condition, centered around the brutal and tragic events of the Gwangju Uprising in South Korea in 1980. Through a series of interconnected narratives, Kang delves into the complex emotions, moral dilemmas, and enduring scars inflicted by violence and political repression. The novel is not merely a recounting of historical trauma but an intricate meditation on acts of humanity—acts of kindness, cruelty, resistance, and surrender—that define human existence amidst chaos. This article aims to unpack the layered themes, narrative structure, and philosophical underpinnings of *Human Acts*, illustrating how Han Kang's work offers a compelling reflection on what it means to be human in the face of suffering.

Overview of Human Acts

Background and Context

Human Acts was published in 2016 and quickly garnered international acclaim for its lyrical prose and profound depth. The novel is set against the backdrop of the Gwangju Uprising, a pivotal moment in South Korea's modern history, where citizens rose against oppressive military rule. The uprising resulted in mass violence, loss of life, and enduring trauma. Han Kang's narrative seeks to humanize the victims and survivors, emphasizing the personal stories behind the collective history.

Narrative Structure

The novel is composed of multiple interconnected chapters, each focusing on different characters and perspectives, linked by a shared theme of human acts. These include:

- The story of a young boy who witnesses the massacre.
- The account of a funeral director who handles the bodies of victims.
- The reflections of a survivor who struggles with grief and guilt.
- A painter's attempt to depict the events on canvas.
- An essay-like meditation on the nature of human acts, both violent and compassionate.

This layered structure allows Kang to explore the multifaceted nature of human acts—how they shape individuals and communities, and how they are remembered or suppressed over time.

Key Themes Explored in Human Acts

Violence and Its Aftermath

One of the central themes is the devastating impact of violence, both physical and psychological. Kang does not shy away from depicting brutality; instead, she presents it with raw honesty to evoke empathy and reflection.

The novel examines:

- The immediate horror of the massacre.
- The long-lasting scars inflicted on survivors.
- The societal silence and denial that follow the violence.

Kang's portrayal prompts readers to consider the human acts involved in violence—those who perpetrate, witness, or are victims—and how these acts ripple through time.

Memory and Trauma

Memory plays a crucial role in Human Acts. Kang explores how individual and collective memories are formed, preserved, or erased:

- The struggle of survivors to remember and articulate their experiences.
- The ways in which trauma is passed down through generations.
- The importance of storytelling and art in bearing witness.

This theme underscores the human act of remembering as an act of resistance and acknowledgment, vital for healing and justice.

Humanity and Inhumanity

Kang blurs the boundaries between acts of humanity and inhumanity, suggesting that these acts often coexist within the same individuals and societies:

- Acts of compassion, such as caring for victims or forgiving perpetrators.
- Acts of cruelty, driven by fear, power, or ideological fervor.
- The tension between moral choice and societal pressure.

This duality invites readers to reflect on the complexities of human morality in situations of extreme stress.

Resistance and Complicity

The novel examines the various forms of resistance—whether overt or passive—and the ways individuals can become complicit in violence:

- Civil disobedience and acts of defiance.

- The silence or denial that enables ongoing injustice.
- Personal choices that define moral integrity.

Kang emphasizes that every human act, no matter how small, contributes to either perpetuating or challenging oppressive systems.

Art and Representation

Throughout the novel, art emerges as a vital human act—an attempt to understand, depict, and remember:

- The painter's struggle to capture the trauma visually.
- Literature and storytelling as means of bearing witness.
- The role of art in transforming personal suffering into universal understanding.

Kang suggests that acts of creation serve as acts of resistance and healing.

Character Analysis and Human Acts

The Boy and Witnessing Violence

One of the earliest chapters introduces a young boy who witnesses the massacre. His act of witnessing is a fundamental human act—an act of innocence, curiosity, and eventual trauma. His silent observation becomes a metaphor for the role of the observer in acts of violence:

- The importance of bearing witness.
- The burden of memory.
- The loss of innocence.

The boy's perspective underscores how human acts—whether witnessing or silencing—shape individual identity and collective history.

The Funeral Director's Acts of Care

A poignant chapter follows a funeral director who handles victims' bodies with dignity amid chaos. His acts exemplify compassion and respect:

- The moral courage required to serve in such circumstances.
- The act of giving dignity to the dead as a human act of reverence.
- How routine acts of care become acts of resistance against dehumanization.

This character embodies the potential for kindness in even the darkest moments.

The Survivor's Reflection

Survivors of the massacre grapple with guilt, loss, and the challenge of reconstructing their lives:

- The act of remembrance.
- The internal moral conflict over survival and complicity.
- The effort to find meaning amidst suffering.

Their stories highlight how human acts of remembrance and resilience serve as acts of healing and defiance.

The Painter's Depiction of Trauma

An artist attempts to visually represent the horrors of Gwangju:

- The act of creation as an act of bearing witness.
- The struggle to translate visceral pain into art.
- The role of aesthetic acts in processing trauma.

The painter's work becomes a testament to the enduring human need to depict and understand suffering.

Philosophical and Ethical Reflections in Human Acts

The Moral Complexity of Human Acts

Kang explores how human acts are often morally ambiguous:

- Acts of cruelty may stem from fear, obedience, or ideological fanaticism.
- Acts of compassion may be motivated by genuine empathy or societal pressure.
- The necessity of moral judgment in the face of chaos.

The novel urges readers to consider the ethical weight of their own acts and the importance of moral courage.

The Power of Acts of Resistance

Kang emphasizes that even small acts—like listening, remembering, or speaking out—are powerful:

- Resistance as an act of asserting human dignity.
- The role of collective memory in combating repression.
- The possibility of healing through acknowledgment.

These acts affirm the resilience of the human spirit amidst brutality.

Memory as an Ethical Act

Remembering is portrayed not as passive recall but as an active moral act:

- Confronting uncomfortable truths.
- Preserving history for future generations.
- Honoring victims through remembrance.

Kang advocates that human acts of memory are essential for justice and reconciliation.

Conclusion: The Enduring Significance of Human Acts

Han Kang's *Human Acts* is a compelling meditation on the multifaceted nature of human behavior in times of crisis. Through its richly layered narrative, the novel reveals that human acts—whether violent or compassionate—are integral to shaping individual identities and collective histories. It underscores the importance of acts of remembrance, resistance, and creation as vital components of human dignity. Kang's work challenges readers to reflect on their own acts and the moral responsibilities they bear, emphasizing that even in the darkest moments, acts of humanity can shine through and foster hope. Ultimately, *Human Acts* reminds us that understanding and confronting the full spectrum of human acts is essential to grasping what it means to be truly human.

Frequently Asked Questions

What is the central theme of 'Human Acts' by Han Kang?

'Human Acts' explores themes of trauma, memory, human resilience, and the lingering impact of violence and loss in Korean society following the Gwangju Uprising.

How does Han Kang depict the emotional aftermath of the Gwangju Uprising in 'Human Acts'?

Han Kang portrays the emotional aftermath through personal stories of survivors and families, emphasizing grief, guilt, and the struggle to find meaning and healing amidst collective trauma.

What narrative techniques does Han Kang use in 'Human Acts' to convey its themes?

Han Kang employs multiple perspectives, non-linear storytelling, and poetic language to evoke emotional depth and highlight the interconnectedness of individual and collective suffering.

How has 'Human Acts' been received critically and culturally since its publication?

'Human Acts' has been acclaimed worldwide for its powerful depiction of trauma and humanity, winning awards such as the 2017 Munhakdongne Award and sparking discussions about historical memory and justice.

In what ways does 'Human Acts' differ from Han Kang's other works?

Compared to her other novels, 'Human Acts' is more explicitly focused on collective historical trauma and social justice, blending personal narratives with political commentary in a poignant exploration of human resilience.

What significance does 'Human Acts' hold in contemporary Korean literature?

'Human Acts' is considered a landmark work that addresses and memorializes a pivotal moment in Korean history, contributing to ongoing conversations about human rights, memory, and national identity.

Are there adaptations of 'Human Acts' in other media?

As of now, 'Human Acts' has primarily been celebrated as a novel, with discussions about potential adaptations; however, there are no widely known film or television adaptations yet.

Additional Resources

Human Acts by Han Kang is a compelling and deeply moving collection of short stories that explore the complex and often harrowing facets of human morality, resilience, and vulnerability. Through a series of interconnected narratives, Han Kang delves into the profound ways in which ordinary people confront extraordinary circumstances, shedding light on the universal themes of suffering, hope, guilt, and redemption. With her signature poetic prose and keen psychological insight, Kang offers readers a thought-provoking examination of what it means to be human in a world rife with chaos and cruelty.

Overview of Human Acts

Published in 2014, *Human Acts* is a meticulously crafted collection that spans several decades, primarily set against the backdrop of the Gwangju Uprising of 1980 in South Korea. The stories are interconnected, each focusing on different characters whose lives are touched—often irreparably—by violence and political upheaval. Kang's narrative style combines lyrical beauty with stark realism, creating a haunting atmosphere that lingers long after the last page.

The book is divided into multiple sections, each offering a different perspective on the same core trauma: the massacre and its aftermath. From the perspectives of a survivor, a mother, a prisoner, and even a memorial artist, Kang presents a multifaceted exploration of human acts—those driven by love, guilt, anger, and the desperate desire for justice.

Thematic Analysis

Trauma and Memory

One of the central themes of *Human Acts* is the impact of trauma on individual and collective memory. Kang masterfully illustrates how traumatic events are preserved, transformed, and sometimes suppressed through generations. The characters' struggles to remember or forget their experiences reflect a universal human dilemma: how to reconcile the past with the present.

Pros:

- Deep psychological insight into trauma's lingering effects.
- Highlights the importance of memory in shaping identity.
- Brings attention to collective histories often silenced or marginalized.

Cons:

- The narrative's non-linear structure may challenge some readers' comprehension.
- Heavy thematic content might be emotionally taxing for sensitive readers.

Human Acts and Acts of Humanity

The title itself underscores the exploration of human acts—both violent and

compassionate. Kang examines how ordinary individuals respond to extraordinary circumstances, revealing the capacity for cruelty but also extraordinary kindness. The stories showcase acts of resistance, sacrifice, and love amidst chaos.

Pros:

- Offers nuanced portrayals of moral choices.
- Recognizes the resilience of human spirit even in despair.
- Encourages reflection on personal moral boundaries.

Cons:

- Some readers may find the depiction of violence distressing.
- The complexity of moral dilemmas may leave some feeling unsettled.

Political and Social Commentary

Beyond individual stories, Kang provides a critique of political repression and social injustice. The Gwangju Uprising serves as a powerful symbol of collective resistance and the brutal suppression faced by activists. The stories question the ethics of authority, the silence of society, and the cost of political apathy.

Pros:

- Raises awareness about historical atrocities.
- Connects personal trauma with larger societal issues.
- Inspires contemplations on justice and accountability.

Cons:

- The political focus might overshadow personal narratives for some readers.
- Requires contextual understanding of Korean history for full appreciation.

Character Analyses

The Survivor

One of the most poignant stories centers on a survivor of the Gwangju massacre. This character embodies the physical and emotional scars inflicted by violence. Kang explores the survivor's ongoing trauma, their attempts at normalcy, and the haunting memories that threaten to overwhelm them.

Features:

- Deeply empathetic portrayal of trauma.
- Highlights the long-term effects of violence.

- Reveals the human capacity for endurance.

The Mother

Another compelling narrative involves a mother whose child is killed during the uprising. Her grief is compounded by her sense of helplessness and societal indifference. Kang explores themes of maternal love, loss, and the search for meaning after tragedy.

Features:

- Emotional depth and authenticity.
- Explores the universal experience of maternal grief.
- Examines how personal loss intersects with political upheaval.

The Artist

In a story about an artist memorializing the massacre, Kang examines the role of art in processing trauma and fostering remembrance. The artist's work becomes a conduit for collective memory and healing.

Features:

- Celebrates art as a form of human act—both creative and restorative.
- Delves into the ethics of representation.
- Shows how memory can be preserved through creative expression.

Stylistic Features and Literary Techniques

Han Kang's writing style in *Human Acts* is characterized by lyrical prose, precise diction, and a poetic sensibility that elevates the stories beyond mere reportage. Her use of vivid imagery immerses readers in the visceral experiences of her characters, making their suffering and resilience palpable.

Key Techniques:

- Non-linear narrative structure that reflects the fragmented nature of memory.
- Multiple perspectives that provide a holistic view of events.
- Symbolism, such as the recurring motif of fire, which signifies destruction and purification.
- Minimalist yet evocative language that invites deep reflection.

Critical Reception

Human Acts has been widely acclaimed for its literary merit and social significance. Critics praise Kang's ability to intertwine personal stories with historical trauma, creating a narrative that is both intimate and universal. The novel has garnered numerous awards and has been translated into multiple languages, broadening its reach globally.

Pros:

- Powerful storytelling that resonates on emotional and intellectual levels.
- Contributes significantly to discussions on human rights and history.
- Demonstrates Kang's mastery of nuanced character development.

Cons:

- Its somber tone and intense subject matter may not appeal to all readers.
- The complex structure might require attentive reading and patience.

Conclusion

Human Acts by Han Kang is a profound meditation on the resilience and fragility of the human condition. It challenges readers to confront uncomfortable truths about violence, complicity, and the enduring power of compassion. Through her poetic language and layered storytelling, Kang crafts a narrative that is both a memorial and a testament to the indomitable human spirit. While demanding in its emotional depth, the book offers invaluable insights into the ways in which human acts—whether acts of cruelty or kindness—shape our shared history and personal identities.

For those willing to engage with difficult themes and reflect on the complex nature of morality, Human Acts is a compelling read that will leave a lasting impression. It stands as a testament to Han Kang's stature as a significant voice in contemporary literature, capable of transforming collective trauma into a universal exploration of what it means to be human.

"Compulsively readable, universally relevant, and deeply resonant . . . in equal parts beautiful and urgent."—The New York Times Book Review Shortlisted for the International Dublin

Literary Award • One of the Best Books of the Year: The Atlantic, San Francisco Chronicle, NPR, HuffPost, Medium, Library Journal Amid a violent student uprising in South Korea, a young boy named Dong-ho is shockingly killed. The story of this tragic episode unfolds in a sequence of interconnected chapters as the victims and the bereaved encounter suppression, denial, and the echoing agony of the massacre. From Dong-ho's best friend who meets his own fateful end; to an editor struggling against censorship; to a prisoner and a factory worker, each suffering from traumatic memories; and to Dong-ho's own grief-stricken mother; and through their collective heartbreak and acts of hope is the tale of a brutalized people in search of a voice. An award-winning, controversial bestseller, *Human Acts* is a timeless, pointillist portrait of an historic event with reverberations still being felt today, by turns tracing the harsh reality of oppression and the resounding, extraordinary poetry of humanity.

human acts by han kang: Bản chất của người Kang Han, 2019-08-30 Novel by the award winning author, who received the Man Booker International Prize in 2016 with *The Vegetarian*, taking as the background the democracy movement Kwangju in Korea 1980. It details how human can be so cruel with another human and at the same time humans can prove to be extraordinarily courageous in defending their ideals in helping another... human acts by han kang: Healing Historical Trauma in South Korean Film and Literature Chungmoo Choi, 2020-12-20 Through South Korean filmic and literary texts, this book explores affect and ethics in the healing of historical trauma, as alternatives to the measures of transitional justice in want of national unity. Historians and legal practitioners who deal with transitional justice agree that the relationship between historiography and justice seeking is contested: this book reckons with this question of how much truth-telling from a violent past will lead to healing, forgiving, forgetting and finally overcoming resentment. Nuanced interpretations of South Korean filmic and literary texts are featured, including Park Chan-wook's *Oldboy*, Bong Joon-ho's *Mother* and literary texts of Han Kang and Ch'oe Yun, whilst also engaging the ethical and political philosophy of Levinas, Hannah Arendt, and others. Also offered is new and extensive research into the hitherto hidden history of thousands of North Korean war orphans who were sent to Eastern European countries for care. Grappling with the evils of history, the films and novels examined herein find their ultimate themes in compassion, hospitality, humility and solidarity of the wounded. *Healing Historical Trauma in South Korean Film and Literature* will appeal to students and scholars of film, comparative literature, cultural studies and Korean studies more broadly.

human acts by han kang: The Routledge Companion to Korean Literature Heekyoung Cho, 2022-03-15 The Routledge Companion to Korean Literature consists of 35 chapters written by leaders in the field, who explore significant topics and who have pioneered innovative approaches. The collection highlights the most dynamic current scholarship on Korean literature, presenting rigorous literary analysis, interdisciplinary methodologies, and transregional thinking so as to provide a valuable and inspiring resource for researchers and students alike. This Companion has particular significance as the most extensive collection to date of English-language articles on Korean literature; it both offers a thorough intellectual engagement with current scholarship and addresses a broad range of topics and time periods, from premodern to contemporary. It will contribute to an understanding of literature as part of a broad sociocultural process that aims to put the field into conversation with other fields of study in the humanities and social sciences. While presenting rigorous and innovative academic research that will be useful to graduate students and researchers, the chapters in the collection are written to be accessible to the average upper-level undergraduate student and include only minimal use of academic jargon. In an effort to provide substantially helpful material for researching, teaching, and learning Korean literature, this Companion includes as an appendix an extensive list of English translations of Korean literature.

human acts by han kang: Affect and Literature Alex Houen, 2020-02-06 This book considers how 'affect', the experience of feeling or emotion, has developed as a critical concept within literary studies in different periods and through a range of approaches. Stretching from the classical to the contemporary, the first section of the book, 'Origins', considers the importance of particular areas of philosophy, theory, and criticism that have been important for conceptualizing affect and its relation to literature. Includes ancient Greek and Roman philosophy, eighteenth-century aesthetics, Marxist theory, psychoanalysis, queer theory, and postcolonial theory. The chapters of the second section, 'Developments', correspond to those of the previous section and build on their insights through readings of particular texts. The final 'Applications' section is focused on contemporary and future lines of enquiry, and revolves around a particular set of concerns: media and communications, capitalism, and an environment of affective relations that extend to ecology, social crisis, and war.

human acts by han kang: Beyond Boundaries Sang Taek Lee, Alan Galt, 2025-03-21 Beyond Boundaries: Embracing Diversity in Pastoral Education and Supervision redefines Clinical Pastoral Education (CPE) for today's multicultural and multifaith world. Join us in redefining pastoral education for a vibrant and inclusive future!

human acts by han kang: Cold War Reckonings Jini Kim Watson, 2021-08-03 Honorable Mention, 2022 René Wellek Prize How did the Cold War shape culture and political power in decolonizing countries and give rise to authoritarian regimes in the so-called free world? Cold War Reckonings tells a new story about the Cold War and the global shift from colonialism to independent nation-states. Assembling a body of transpacific cultural works that speak to this historical conjuncture, Jini Kim Watson reveals autocracy to be not a deficient form of liberal democracy, but rather the result of Cold War entanglements with decolonization. Focusing on East and Southeast Asia, the book scrutinizes cultural texts ranging from dissident poetry, fiction, and writers' conference proceedings of the Cold War period, to more recent literature, graphic novels, and films that retrospectively look back to these decades with a critical eye. Paying particular attention to anti-communist repression and state infrastructures of violence, the book provides a rich account of several U.S.-allied Cold War regimes in the Asia Pacific, including the South Korean military dictatorship, Marcos' rule in the Philippines, illiberal Singapore under Lee Kuan Yew, and

Suharto's Indonesia. Watson's book argues that the cultural forms and narrative techniques that emerged from the Cold War-decolonizing matrix offer new ways of comprehending these histories and connecting them to our present. The book advances our understanding of the global reverberations of the Cold War and its enduring influence on cultural and political formations in the Asia Pacific. Cold War Reckonings is available from the publisher on an open-access basis.

human acts by han kang: Routledge Handbook of Trauma in East Asia Tina Burrett, Jeff Kingston, 2023-04-03 This handbook explores trauma in East Asia from the nineteenth to the twenty-first century, assessing how victims, perpetrators and societies have responded to such experiences and to what extent the legacies still resonate today. Mapping the trauma-scape of East Asia from an interdisciplinary perspective, including anthropologists, historians, film and literary critics, scholars of law, media and education, political scientists and sociologists, this book significantly enhances understandings of the region's traumatic pasts and how those memories have since been suppressed, exhumed, represented and disputed. In Asia's contested memory-scape there is much at stake for perpetrators, their victims and heirs to their respective traumas. The scholarly research in this volume examines the silencing and distortion of traumatic pasts and sustained efforts to interrogate denial and impunity in the search for accountability. Addressing collective traumas from across East Asia (China, Hong Kong, Japan, Russia, Singapore, South Korea, Taiwan and Vietnam), this book is a valuable resource for students and scholars of Trauma and Memory Studies, Asian Studies and Contemporary Asian History more broadly.

human acts by han kang: The Universe Is on Our Side Bruce Ledewitz, 2022 In *The Universe Is On Our Side*, Bruce Ledewitz argues that there has been a breakdown in American public life that no election can fix -Americans struggle to even converse about politics and the usual explanations for our condition have failed to make things better. America's future requires that we begin a new story by each of us asking a question posed by theologian Bernard Lonergan: Is the universe on our side? According to Ledewitz, when we commit to live honestly and fully by our answer to that question, even if our immediate answer is no, America can begin to heal.

human acts by han kang: *Between Trauma and Memory* Neha Soman, B. Padmanabhan, Kanipphnath Malhari Kudale, 2025-09-01 This book is a collection of essays covering diverse perspectives within the study of trauma and memory. In its compartmentalisation into four sections, the book diligently analyses the literary representations of trauma and memory in the micro and macro levels of cultural contexts. Analysis of these representations can illuminate societal attitudes toward trauma, memory, and healing, as well as shed light on larger issues such as war, violence, oppression, and injustice, and help the readers gain a deeper understanding of the complexities of human emotions, reactions, and coping mechanisms. The ethical questions discussed in the book also engage with the notions of authenticity, and responsibility, prompting the readers with a sense of validation and solidarity.

human acts by han kang: *Narrativity and Violence* Doris Reisinger, Christof Mandry, Sabine Andresen, 2024-11-22 Survivors' narratives are an invaluable source for the study of violence across academic fields. At the same time, they present several difficulties for academic research. Sources may be marked by the effects of trauma, the lasting impact of perpetrators' political power or blurred lines between reality and fiction. Ethical and legal problems, distances in time between a violent event and the moment of its narration, and the variation in linguistic phrasing chosen by survivors present additional problems. Based on several case studies, the contributors explore typical problems in the study of violence through survivors' narratives, and possible ways of dealing with them.

human acts by han kang: *Twenty-First-Century Gothic* Maisha Wester, 2019-05-22 This resource in contemporary Gothic literature, film, and television takes a thematic approach, providing insights into the many forms the Gothic has taken in the twenty-first century--

human acts by han kang: *A Man of Two Faces* Viet Thanh Nguyen, 2023-10-03 **LONGLISTED FOR THE NATIONAL BOOK AWARD** The highly original, blistering, and unconventional memoir by the Pulitzer Prize-winning author of *The Sympathizer*, which has now sold over one million copies worldwide With insight, humor, formal invention, and lyricism, in *A Man of Two Faces* Viet Thanh Nguyen rewinds the film of his own life. He expands the genre of personal memoir by acknowledging larger stories of refugeehood, colonization, and ideas about Vietnam and America, writing with his trademark sardonic wit and incisive analysis, as well as a deep emotional openness about his life as a father and a son. At the age of four, Nguyen and his family are forced to flee his hometown of Ban Mê Thuột and come to the USA as refugees. After being removed from his brother and parents and homed with a family on his own, Nguyen is later allowed to resettle into his own family in suburban San José. But there is violence hidden behind the sunny façade of what he calls AMERICATM. One Christmas Eve, when Nguyen is nine, while watching cartoons at home, he learns that his parents have been shot while working at their grocery store, the Sài Gòn Mới, a place where he sometimes helps price tins of fruit with a sticker gun. Years later, as a teenager, the blood-stirring drama of the films of the Vietnam War such as *Apocalypse Now* throw Nguyen into an existential crisis: how can he be both American and Vietnamese, both the killer and the person being killed? When he learns

about an adopted sister who has stayed back in Vietnam, and ultimately visits her, he grows to understand just how much his parents have left behind. And as his parents age, he worries increasingly about their comfort and care, and realizes that some of their older wounds are reopening. Profound in its emotions and brilliant in its thinking about cultural power, *A Man of Two Faces* explores the necessity of both forgetting and of memory, the promises America so readily makes and breaks, and the exceptional life story of one of the most original and important writers working today.

human acts by han kang: The Postcolonial Contemporary Jini Kim Watson, Gary Wilder, 2018-07-03 This volume invokes the “postcolonial contemporary” in order to recognize and reflect upon the emphatically postcolonial character of the contemporary conjuncture, as well as to inquire into whether postcolonial criticism can adequately grasp it. Neither simply for nor against postcolonialism, the volume seeks to cut across this false alternative, and to think with postcolonial theory about political contemporaneity. Many of the most influential frameworks of postcolonial theory were developed during the 1970s and 1990s, during what we may now recognize as the twilight of the postwar period. If forms of capitalist imperialism are entering into new configurations of neoliberal privatization, wars-without-end, xenophobic nationalism and unsustainable extraction, what aspects of postcolonial inquiry must be reworked or revised in order to grasp our political present? In twelve essays that draw from a number of disciplines—history, anthropology, literature, geography, indigenous studies— and regional locations (the Black Atlantic, South Africa, South Asia, East Asia, Australia, Argentina) *The Postcolonial Contemporary* seeks to move beyond the habitual oppositions that have often characterized the field, such as universal vs. particular; Marxism vs. postcolonialism; and politics vs. culture. These essays signal an attempt to reckon with new and persisting postcolonial predicaments and do so under four inter-related analytics: Postcolonial Temporality; Deprovincializing the Global South; Beyond Marxism versus Postcolonial Studies; and Postcolonial Spatiality and New Political Imaginaries.

human acts by han kang: Writing Fiction Janet Burroway, Elizabeth Stuckey-French, Ned Stuckey-French, 2019-04-01 This updated edition of the classic, comprehensive guide to creative writing features new topics and writing prompts, contemporary examples, and more. A creative writer’s shelf should hold at least three essential books: a dictionary, a style guide, and Janet Burroway’s *Writing Fiction*. This best-selling classic is the most widely used creative writing text in America, and for decades it has helped hundreds of thousands of students learn the craft. Now in its tenth edition, *Writing Fiction* is more accessible than ever for writers of all levels—inside or outside the classroom. This new edition continues to provide advice that is practical, comprehensive, and flexible. Moving from freewriting to final revision, Burroway addresses “showing not telling,” characterization, dialogue, atmosphere, plot, imagery, and point of view. It includes new topics and writing prompts, and each chapter now ends with a list of recommended readings that exemplify the craft elements discussed. Plus, examples and quotations throughout the book feature a wide range of today’s best and best-known creators of both novels and short stories.

human acts by han kang: The Sentimental Life of International Law Gerry Simpson, 2021-11-11 *The Sentimental Life of International Law* is about our age-old longing for a decent international society and the ways of seeing, being, and speaking that might help us achieve that aim. This book asks how international lawyers might engage in a professional practice that has become, to adapt a title of Janet Malcolm’s, both difficult and impossible. It suggests that international lawyers are disabled by the governing idioms of international lawyering, and proposes that they may be re-enabled by speaking different sorts of international law, or by speaking international law in different sorts of ways. In this methodologically diverse and unusually personal account, Gerry Simpson brings to the surface international law’s hidden literary prose and offers a critical and redemptive account of the field. He does so in a series of chapters on international law’s bathetic underpinnings, its friendly relations, the neurotic foundations of its underlying social order, its screened-off comic dispositions, its anti-method, and the life-worlds of its practitioners. Finally, the book closes with a chapter in which international law is re-envisioned through the practice of

gardening. All of this is put forward as a contribution to the project of making international law, again, a compelling language for our times.
