

pratchett thief of time

Pratchett Thief of Time is a captivating novel within Terry Pratchett's renowned Discworld series that masterfully blends humor, fantasy, and insightful commentary on time and humanity. As the 26th novel in the series, *Thief of Time* explores complex themes through a richly developed world filled with memorable characters, clever plot twists, and Pratchett's signature wit. This article delves into the key aspects of **Pratchett Thief of Time**, including its plot, characters, themes, and significance within the Discworld universe, offering readers a comprehensive overview and SEO-friendly insights into this beloved book.

Overview of Pratchett Thief of Time

Plot Summary

Thief of Time follows the story of several interconnected characters who are embroiled in a plot to manipulate or control time itself. The novel opens with the discovery that a mysterious, powerful artifact called the Auditors of Reality are seeking to eliminate chaos and uncertainty from the universe by eradicating time's fluidity. To counter this threat, a group of unlikely heroes—including a young monk named Lobsang, a history researcher named Susan Sto Helit, and the notorious con artist Jeremy Clockson—must work together to prevent the destruction of time.

Central to the story is the quest to understand and stop the creation of a perfectly steady, unchangeable universe—a universe where nothing ever happens because time is frozen. The narrative explores the delicate balance between order and chaos, emphasizing how the unpredictability of time fosters creativity, free will, and life itself.

Main Themes in Pratchett Thief of Time

- **The Nature of Time:** The novel examines how time influences reality, human perception, and the universe's evolution.
- **Free Will vs. Determinism:** Characters grapple with the implications of controlling or altering time, raising questions about fate and choice.
- **Chaos and Order:** Pratchett contrasts the chaos inherent in time's unpredictability with the desire for order and stability.
- **Mortality and Humanity:** The story reflects on mortality's role in giving life meaning and the importance of embracing change.

Key Characters in Thief of Time

Lobsang

Lobsang is a young monk with extraordinary abilities, trained to be the Great God of Time. His internal struggle revolves around his understanding of his nature and the implications of wielding such immense power. Lobsang's journey involves discovering what it truly means to control time and his own destiny.

Susan Sto Helit

A significant character borrowed from Pratchett's novel *Soul Music*, Susan is the granddaughter of Death. She possesses unique insights into life, death, and the flow of time, making her a vital asset in the fight against the Auditors. Her pragmatism and compassion stand out as she navigates the complexities of the plot.

Jeremy Clockson

Jeremy is a quirky, inventive clockmaker whose obsession with timepieces makes him an essential part of the story. His creations are more than mere clocks—they are integral to understanding and manipulating the fabric of time.

The Auditors of Reality

The antagonists of the novel, the Auditors are emotionless, bureaucratic beings determined to impose mathematical order on the universe by eliminating chaos. Their relentless pursuit of perfection threatens to erase the very essence of life and change.

Major Themes and Messages

The Importance of Chaos and Uncertainty

Pratchett emphasizes that chaos, unpredictability, and change are vital to life and progress. In *Thief of Time*, the attempt to eliminate these elements results in a sterile, unchanging universe devoid of vitality.

Time as a Living Force

Unlike the static or linear concept of time common in many stories, Pratchett portrays time as a living, breathing entity that interacts with the universe and influences all aspects of existence. This perspective invites readers to consider their relationship with time and the universe.

Humor and Wisdom

True to Pratchett's style, *Thief of Time* balances humor with profound philosophical insights. The witty dialogue, humorous characters, and satirical commentary serve to entertain while provoking thought.

Significance within the Discworld Series

Connecting the Series

While each Discworld novel can often stand alone, *Thief of Time* weaves in characters and themes from previous books, creating a rich tapestry that enhances the series' overarching narrative. For instance, Susan Sto Helit's involvement bridges her story from *Soul Music* and other novels, enriching the series' continuity.

Exploration of Abstract Concepts

This novel marks a turning point in how Pratchett tackles abstract themes like time, mortality, and reality, elevating the series beyond simple fantasy storytelling into philosophical exploration.

Critical Acclaim and Popularity

Thief of Time is highly regarded among Discworld fans for its clever plot, memorable characters, and insightful commentary. It exemplifies Pratchett's ability to blend humor with depth, making it a standout entry in the series.

Why Read Pratchett Thief of Time?

- **Engaging Plot:** A fast-paced, intricate story that keeps readers hooked from start to finish.
- **Thought-Provoking Themes:** Questions about free will, the nature of time, and the importance of chaos are explored thoughtfully.
- **Rich Characters:** From monks and clockmakers to Death's granddaughter, the characters are multidimensional and relatable.
- **Humor and Wit:** Classic Pratchett humor ensures that even complex themes are accessible and entertaining.
- **Philosophical Depth:** Encourages reflection on life, death, and the universe, making it suitable for readers seeking both entertainment and insight.

Conclusion

Pratchett Thief of Time stands as a testament to Terry Pratchett's genius in blending humor, fantasy, and philosophy. Its exploration of time's fluidity, the importance of chaos, and the human condition makes it a compelling read for fans of the Discworld series and newcomers alike. Whether you're interested in thought-provoking stories or humorous escapades, *Thief of Time* offers a richly rewarding experience that challenges perceptions and celebrates the complexity of life itself. As a critical piece within the Discworld universe, it continues to inspire and entertain generations of readers, securing its place as a classic in contemporary fantasy literature.

Frequently Asked Questions

What is the main plot of 'Thief of Time' by Terry Pratchett?

'Thief of Time' follows the story of the Auditors' plan to stop time from ticking, and the efforts of the Discworld's witches, wizards, and a young clockmaker to prevent chaos by ensuring time continues properly.

Who are the key characters in 'Thief of Time'?

Key characters include Susan Sto Helit, the granddaughter of Death; Jeremy Clockson, a talented clockmaker; Lu-Tze, a monk of the History Monks; and the Auditors, who aim to eliminate chaos and change.

How does 'Thief of Time' connect to other Discworld novels?

'Thief of Time' is part of the Discworld series and is set in the same universe, featuring recurring characters like Susan and Death, and exploring themes related to time, history, and the nature of reality, which are common across the series.

What themes are explored in 'Thief of Time'?

The novel explores themes of time manipulation, free will versus destiny, the nature of reality, chaos versus order, and the importance of history and memory.

Is 'Thief of Time' suitable for new readers of Terry Pratchett?

While 'Thief of Time' can be enjoyed on its own, it is part of the larger Discworld series, so new readers might benefit from starting with earlier books for better context. However, it contains standalone elements and engaging storytelling.

What role does Death play in 'Thief of Time'?

Death is a prominent character, helping Susan Sto Helit prevent the destruction of time, and his interactions highlight his personality and the series' humorous take on the concept of death.

How does 'Thief of Time' depict the concept of time travel or manipulation?

The novel features sophisticated ideas about time, including the creation of a perfect clock to control time, and explores the consequences of meddling with temporal flow.

What is the significance of the character Jeremy Clockson in 'Thief of Time'?

Jeremy Clockson is a talented clockmaker whose creation of the perfect clock becomes central to the story's plot, symbolizing humanity's attempt to master time.

Are there any notable quotes from 'Thief of Time'?

One memorable quote is: 'Time is a predator that stalks us all,' reflecting the novel's themes of time's relentless march and the importance of understanding and respecting its flow.

Has 'Thief of Time' been adapted into any other media?

As of now, 'Thief of Time' has not been officially adapted into film or television, but it remains a popular novel within the Discworld series among fans and has inspired discussions and fan works.

Pratchett Thief of Time

Introduction: The Masterpiece of Terry Pratchett's Discworld Series

When exploring the expansive universe of Terry Pratchett's Discworld novels, few titles stand out as markedly innovative and thematically rich as Thief of Time. Published in 2000, this novel marks the culmination of a trilogy that explores the nature of time, reality, and the power of stories. As a connoisseur of fantasy literature and a dedicated Discworld enthusiast, I find Thief of Time to be a masterful blend of humor, philosophy, and adventure—a quintessential Pratchett work that demonstrates his unparalleled ability to combine wit with profound insights.

Overview of Thief of Time

Plot Summary

At its core, *Thief of Time* is a story about the delicate fabric of time itself. The novel introduces readers to a cast of characters, each with their unique motives, who are embroiled in a plot to manipulate or preserve the flow of time. The central figure is Lobsang, a young Tibetan monk who is revealed to be an exiled monk with extraordinary abilities and a destiny intertwined with the very nature of time.

Simultaneously, the story involves:

- The Auditors of Reality, cosmic entities that seek to eliminate chaos and maintain order by eradicating the concept of time's flow.
- The mysterious and elusive figure known as Jeremy, a young boy who unwittingly holds the key to the future.
- The scheming history of the history monks and the unseen forces that influence the timeline.

The narrative is a whirlwind of action, philosophical musings, and humor, culminating in a confrontation that could threaten the existence of reality itself.

Themes and Philosophical Underpinnings

Thief of Time explores complex themes such as:

- The nature of time: Is it a physical dimension or a construct of perception?
- The importance of stories: How narratives shape reality and influence the flow of history.
- Free will versus determinism: Can the future be changed, or is everything predestined?
- The balance between chaos and order: How these forces maintain the universe's stability.

Pratchett employs these themes with his signature wit, often using humor to make profound philosophical points accessible and engaging.

Key Characters and Their Significance

Lobsang

A young Tibetan monk with a mysterious past, Lobsang is a central figure embodying the theme of time manipulation. His journey from a naive novice to someone aware of the universe's deeper truths is both humorous and poignant. Lobsang's unique abilities and philosophical outlook serve as a lens through which readers explore the novel's core ideas.

The Auditors of Reality

- Role: Cosmic entities obsessed with maintaining order and eliminating chaos.
- Motivations: They see time as a resource to be controlled and eradicated if it leads to unpredictability.
- Significance: Their opposition to the protagonists highlights the tension between stability

and change.

Jeremy

A young boy with a seemingly simple life, Jeremy's role becomes increasingly significant as the story unfolds. His innocence and naivety contrast sharply with the grand cosmic stakes, illustrating how ordinary individuals can influence the fabric of reality.

Susan Sto Helit

The granddaughter of Death, Susan is a governess who possesses supernatural awareness. Her pragmatic outlook and moral compass make her a vital member of the team fighting to preserve the timeline.

The Novel's Structure and Style

Narrative Style

Pratchett's writing in *Thief of Time* exemplifies his mastery of blending humor with profound insights. The narrative employs a third-person omniscient perspective, allowing readers to delve into multiple characters' thoughts and motivations. His wit is sharp, often employing irony and parody to critique modern societal issues while exploring timeless philosophical questions.

Humor and Satire

Humor pervades every page, from witty dialogue to satirical commentary on bureaucracy, religion, and academic institutions. Pratchett's signature satire shines through as he lampoons:

- The rigidity of dogmatic institutions.
- The absurdity of bureaucratic procedures.
- Society's obsession with controlling nature.

This humor not only entertains but also deepens the reader's engagement with the novel's themes.

Philosophical Depth

Despite its comedic tone, *Thief of Time* explores weighty philosophical questions about the nature of existence, destiny, and the universe. Pratchett often employs metaphors and allegories, making complex ideas accessible without oversimplification.

Notable Themes and Concepts Explored in Detail

The Nature of Time

Pratchett challenges conventional notions of time as a linear, unchangeable entity. Through Lobsang's adventures and the interference of the Auditors, the novel questions whether time is a fixed dimension or a malleable construct. The idea that stories and perceptions influence time underscores the importance of narrative in shaping reality.

The Power of Stories

One of the most profound themes is that stories are not just entertainment but fundamental to the universe's fabric. The novel suggests that the collective narratives of cultures, histories, and individuals influence the flow of time. This idea is exemplified by the actions of the history monks and the role of storytelling in maintaining reality.

Balance Between Chaos and Order

Pratchett illustrates that both chaos and order are necessary for a functioning universe. The Auditors' desire for absolute order threatens to freeze reality, while chaos, represented by unpredictable elements and free will, keeps the universe vibrant and alive. The novel advocates a harmonious balance rather than dominance of one over the other.

Critical Reception and Impact

Thief of Time was widely acclaimed for its inventive plot, philosophical depth, and humor. Fans and critics alike praised Pratchett for his ability to weave complex ideas into engaging narratives without sacrificing entertainment. It is often regarded as one of the pinnacle works of the Discworld series, showcasing Pratchett's mature storytelling and philosophical insight.

Its influence extends beyond mere entertainment; the novel encourages readers to reflect on their understanding of time, stories, and their role in shaping reality. It exemplifies how fantasy literature can serve as a mirror to human nature and societal constructs.

The Significance of *Thief of Time* in the Discworld Series

While each Discworld novel can stand alone, *Thief of Time* is especially significant because it synthesizes many themes from earlier books—such as Death, the nature of magic, and societal institutions—into a cohesive exploration of time itself. It also introduces new elements, like the concept of the history monks, which enrich the series' mythos.

Furthermore, the novel's portrayal of Death's granddaughter, Susan, provides a fresh perspective on mortality and duty, themes recurrent throughout Discworld literature.

Final Verdict: A Must-Read for Fans and Newcomers Alike

Thief of Time is a quintessential Terry Pratchett novel that balances humor, philosophy, and adventure with exceptional finesse. Its exploration of time's nature, storytelling's power,

and the eternal struggle between chaos and order makes it a thought-provoking read that rewards careful attention.

For fans of fantasy literature looking for a work that challenges perceptions while entertaining, *Thief of Time* is an essential addition to any library. Its clever plotting, memorable characters, and profound themes make it a timeless piece—pun intended—that continues to resonate with readers long after the last page.

Additional Insights: Why *Thief of Time* Stands Out

- Innovative Concept: The novel's central premise—manipulating or preserving time—pushes the boundaries of traditional fantasy.
- Philosophical Depth: It prompts reflection on how stories shape reality, an idea increasingly relevant in the digital age.
- Character Development: The characters evolve significantly, especially Lobsang and Susan, embodying themes of duty, free will, and understanding.

Conclusion: A Masterwork of Literature and Philosophy

In sum, *Thief of Time* exemplifies Terry Pratchett's genius—his ability to craft engaging narratives that entertain and provoke thought simultaneously. It is a celebration of storytelling as a fundamental force shaping existence, wrapped in witty prose and memorable characters. Whether you are a seasoned Discworld fan or new to the series, *Thief of Time* offers a compelling journey into the mysteries of time, the power of stories, and the enduring human quest to understand the universe.

In essence, *Thief of Time* is not just a novel—it's a philosophical adventure that challenges perceptions and celebrates the chaotic beauty of existence.

pratchett thief of time: [Thief of Time](#) Terry Pratchett, 2002-04-30 For use in schools and libraries only. Carefully reallocating the Time of Discworld to where it is most needed, Monk of History, Lu Tze, and his apprentice begin a literal race against time when the world's first truly accurate clock threatens to stop Time forever.

pratchett thief of time: Thief of Time Terry Pratchett, 2009-10-13 Philosophical humor of the highest order. — Kirkus Reviews Time itself is threatened—and it's up to the History Monks to save it in this hilarious installment in Sir Terry Pratchett's bestselling Discworld series. Everybody wants more time. Which is why, on Discworld, only the experts can manage it—the venerable Monks of History who store it and pump it from where it's wasted, like underwater (how much time does a codfish really need?) to places like cities, where busy denizens lament never having enough of it. While everyone talks about slowing down, one young horologist is about to do the unthinkable. He's

going to stop. Well, stop time, that is, by building the world's first truly accurate clock. Which means esteemed History Monk Lu-Tze and his apprentice Lobsang Ludd have to put on some speed to stop the timepiece before it starts. For if the Perfect Clock starts ticking, time—as we know it—will end. And then the trouble will really begin . . . The Discworld novels can be read in any order but *Thief of Time* is the final book in the Death series. The collection includes: *Mort* *Reaper Man* *Soul Music* *Hogfather* *Thief of Time*

pratchett thief of time: Thief of Time Terry Pratchett, 2002 The phenomenal 20 million copy bestselling author and king of satirical fiction delivers another ingenious novel. In this Terry Pratchett worldwide bestselling series Discworld is a topsy-turvy, magical place, carried serenely through the Universe on the back of the Great Turtle. In the comic tradition of Douglas Adams' *Hitchhiker's Guide...*

pratchett thief of time: Thief of Time Terry Pratchett, 2013-11-04 The twenty-sixth Discworld novel from Britain's funniest and bestselling novelist. Time is a resource. Everyone knows it has to be managed. And on Discworld that is the job of the Monks of History, who store it and pump it from the places where it's wasted (like underwater - how much time does a codfish need?) to places like cities, where there's never enough time. But the construction of the world's first truly accurate clock starts a race against, well, time for Lu Tze and his apprentice Lobsang Ludd. Because it will stop time. And that will only be the start of everyone's problems. *Thief of Time* comes complete with a full supporting cast of heroes and villains, yetis, martial artists and Ronnie, the fifth horseman of the Apocalypse (who left before they became famous).

pratchett thief of time: Thief of Time Terry Pratchett, 2026-09-10 *Thief of Time* is a graphic novel adapted from Terry Pratchett's critically acclaimed book, featuring artwork from prize-winning comic book illustrator Rachael Stott. The very fabric of reality is at risk on the Discworld. A group of powerful cosmic beings are plotting to stop time and exact order over the dreadfully messy universe. It is up to Susan, the assertive, no-nonsense granddaughter of Death himself, aided by a time-splicing monk and his mysterious apprentice, to navigate a world of chaos and clockmakers in an extraordinary bid to save the universe. Together they will face an adventure that bends time and challenges the very nature of existence. This new graphic novel is a feast for the eyes, packed with Pratchett's signature wit, insight and imagination, taking the reader on an unforgettable journey into the heart of time itself. ****PART OF THE DISCWORLD GRAPHIC NOVEL UNIVERSE**** Praise for the original novel: 'This is the best Pratchett I've read' *Sunday Telegraph* 'Terry Pratchett is one of the great inventors of secondary - or imaginative or alternative - worlds' *The Times* 'Part kung fu epic, part philosophical novel, part mind-bending experiment with chaos theory (and a piss-take of those three things)' *Guardian*

pratchett thief of time: 342916 *Untitled: TBA* Tba 342916, 2026-04-02

pratchett thief of time: Terry Pratchett's Narrative Worlds Marion Rana, 2018-02-12 This book highlights the multi-dimensionality of the work of British fantasy writer and Discworld creator Terry Pratchett. Taking into account content, political commentary, and literary technique, it explores the impact of Pratchett's work on fantasy writing and genre conventions. With chapters on gender, multiculturalism, secularism, education, and relativism, Section One focuses on different characters' situatedness within Pratchett's novels and what this may tell us about the direction of his social, religious and political criticism. Section Two discusses the aesthetic form that this criticism takes, and analyses the post- and meta-modern aspects of Pratchett's writing, his use of humour, and genre adaptations and deconstructions. This is the ideal collection for any literary and cultural studies scholar, researcher or student interested in fantasy and popular culture in general, and in Terry Pratchett in particular.

pratchett thief of time: Supernatural Youth Jes Battis, 2011-10-16 *Supernatural Youth: The Rise of the Teen Hero in Literature and Popular Culture*, edited by Jes Battis, addresses the role of adolescence in fantastic media, adventure stories, cinema, and television aimed at youth. The goal of this volume is to analyze the ways in which young heroic protagonists are presented in such popular literary and visual texts. *Supernatural Youth* surveys a variety of sources whose young protagonists

are placed in heroic positions, whether by magic, technology, prophecy, or other forces beyond their control. Series examined include Harry Potter, Buffy the Vampire Slayer, Veronica Mars, and Sabrina the Teenage Witch. *Supernatural Youth*, edited by Jes Batts, is essential for educators who work in the fields of English, media studies, women's studies, LGBT studies, and sociology, as well as undergraduate students who are interested in popular culture.

pratchett thief of time: The Intertextuality of Terry Pratchett's Discworld as a Major Challenge for the Translator Aleksander Rzyman, 2017-01-06 For the translator, intertexts are among chief problems posed by the source text. Often unmarked typographically, direct or altered, not necessarily well-known and sometimes intersemiotic, quotations and references to other writings and culture texts call for erudition and careful handling, so that readers of the translation stand a chance of spotting them, too. For the reader, the rich intertextuality of Terry Pratchett's Discworld series is among its trademark features. Consequently, it should not be missed in translations whose success thus depends significantly on the quality of translation of the intertexts which, as is highlighted here, cover a vast and varied range of types of original texts. The book focuses on how to deal with Pratchett's intertexts: how to track them down, analyse their role, predict obstacles to their effective translation, and suggest translation solutions – complete with a discussion of the translation of selected intertextual fragments in the Polish version, *Świat Dysku*, a concise overview of intertextual theories, and an assessment of the translator's work.

pratchett thief of time: Power and Society in Terry Pratchett's Discworld Justine Breton, 2025-04-24 A critical deep-drive into conceptions of power and society in Terry Pratchett's Discworld novels, this book brings together experts in fantasy literature, political sciences, economics, philosophy, history, and journalism to consider the intricate social tapestry of one of the most intricate worlds in modern fantasy. Surveying the Discworld's institutionalised power structures from government and police to civil services, banks and societies, it explores ideas such as language, translation, humour, crowds, community, justice and coercion in the series' major works. Featuring analyses of novels such as *Men at Arms*, *Equal Rites*, *Carpe Jugulum*, *Guards! Guards!*, *Jingo*, *Night Watch*, *Wyrd Sisters*, *Witches Abroad* and many more, this collection illuminates how Pratchett juxtaposed his narratives with contemporary reflections on social constructs. Broken down into parts looking at social power dynamics, building and destroying worlds and the power of language, the book offers a much-needed corrective to the dearth of scholarship on one of fantasy literature's worldbuilding titans.

pratchett thief of time: Secrets of The Wee Free Men and Discworld Carrie Pyykkonen, Linda Washington, 2008-04-15 A fascinating guide to the international bestselling Discworld series and the award-winning *The Wee Free Men*—soon to be a major motion picture Before J. K. Rowling became the best-selling author in Britain, Terry Pratchett wore that hat. With over 45 million books sold, Pratchett is an international phenomenon. His brainchild is the Discworld series—novels he began as parodies of other works like *Macbeth*, *Faust*, and *The Arabian Nights*. *The Wee Free Men*, one of Pratchett's most popular novels, will be made into a movie by Spider-Man director Sam Raimi. It's the story of 9-year-old wannabe witch Tiffany Aching, who unites with the Nac Mac Feegle (6-inch-tall blue men who like to fight and love to drink) to free her brother from an evil fairy queen. A fun, interactive guide that will explore the land of Discworld, *Secrets of The Wee Free Men and Discworld* is filled with sidebars, mythology trivia, and includes a bio of the fascinating author Terry Pratchett, and an in-depth analysis of his work. This unofficial guide is a great resource for readers of *The Wee Free Men* and the other books of the Discworld series.

pratchett thief of time: Terry Pratchett's Ethical Worlds Kristin Noone, Emily Lavin Leveret, 2020-08-18 Terry Pratchett's writing celebrates the possibilities opened up by inventiveness and imagination. It constructs an ethical stance that values informed and self-aware choices, knowledge of the world in which one makes those choices, the importance of play and humor in crafting a compassionate worldview, and acts of continuous self-examination and creation. This collection of essays uses inventiveness and creation as a thematic core to combine normally disparate themes, such as science fiction studies, the effect of collaborative writing and shared

authorship, steampunk aesthetics, productive modes of ownership, intertextuality, neomedievalism and colonialism, adaptations into other media, linguistics and rhetorics, and coming of age as an act of free will.

pratchett thief of time: E-Business Applications Jorge Gasos, Klaus-Dieter Thoben, 2012-12-06 E-Business has become a fact for almost all companies. But what are the key technologies for economically successful e-commerce? In this book readers will find all concepts that will coin tomorrow's e-business: virtual sales assistants (shopbots), personalized web pages, electronic market places, vendor managed inventory, virtual organizations, supply chain management. Both technical and economic issues of these concepts are discussed in detail. Leading-edge real world applications are presented that will shape e-business mid-term. This book is a must-read for managers or technical consultants as well as researchers needing in-depth information for strategic business decisions.

pratchett thief of time: The Fiesta Data Model Peter Menke, 2016-03-11 Diese Dissertation stellt ein Datenmodell zur Repräsentation experimentbasierter Datensätze aus dem Forschungsgebiet der multimodalen Kommunikation vor. Es werden Belege für die Existenz verschiedener Probleme und Unzulänglichkeiten in der Arbeit mit multimodalen Datensammlungen aufgezeigt. Diese resultieren aus (a) einer Analyse bestehender multimodaler Korpora und (b) einer Umfrage, an der Wissenschaftlerinnen teilgenommen haben, die zu konkreten Problemen in der Arbeit mit ihren multimodalen Datensammlungen befragt wurden. Auf dieser Grundlage wird herausgearbeitet, dass trotz der Existenz einer Vielzahl von Datenmodellen und Formalismen zur Darstellung klassischer Textkorpora sich diese nicht eignen, um die den multimodalen Korpora eigenen Besonderheiten abbilden zu können. Aus diesem Grund wird ein Datenmodell entwickelt, das all jene spezifischen Eigenschaften multimodaler Korpora zu berücksichtigen sucht. Dieses Datenmodell bietet Lösungen speziell für die Arbeit mit einer oder mehreren Zeitachsen und Raumkoordinaten, für die Darstellung komplexer Annotationswerte, und für die Transformation zwischen verschiedenen (bisher inkompatiblen) Dateiformaten verbreiteter Annotationswerkzeuge.
