'A breathtaking adventure of a truly inspirational woman' - Maxine Peake Jessica Hepburn is an unlikely athlete - she was labelled the 'arty' not the 'sporty' one in school. She hates exercise and believes the only reason to do it is for food, booze and box-sets on the sofa. However, in her forties, following a succession of hard and sad life experiences she started to try and exercise her way out of heartbreak. She has now become one of the world's most extraordinary endurance athletes. The first and only woman (currently) on the planet to have completed the 'Sea, Street, Summit Challenge' - which is to swim the English Channel, run the London Marathon and climb Mount Everest (which she calls Chomolungma - the mountain's original Sherpa name). And possibly the only woman (although this can't be officially certified) to have listened to eighty years and over 3,000 episodes of her favourite radio programme - Desert Island Discs. Save Me from the Waves is an inspirational story of physical and mental endurance which starts on the streets of London and culminates on top of the world, fuelled by song. It explores the redemptive power of music and mountains. How family and friends can be lost and

found in the most unusual places. And encourages everyone to live big and bravely when life doesn't go to plan. Because sometimes we all need saving from the waves. And whether it's high and far away or closer to home and in your head, an adventure will always change your life for the better.

**robbie williams angels: Don't Look Back In Anger** Daniel Rachel, 2019-09-05 The nineties was the decade when British culture reclaimed its position at the artistic centre of the world. Not since the 'Swinging Sixties' had art, comedy, fashion, film, football, literature and music interwoven into a blooming of national self-confidence. It was the decade of Lad Culture and Girl Power; of Blur vs Oasis. When fashion runways shone with British talent, Young British Artists became household names, football was 'coming home' and British film went worldwide. From Old Labour's defeat in 1992 through to New Labour's historic landslide in 1997, *Don't Look Back In Anger* chronicles the Cool Britannia age when the country united through a resurgence of patriotism and a celebration of all things British. But it was also an era of false promises and misplaced trust, when the weight of substance was based on the airlessness of branding, spin and the first stirrings of celebrity culture. A decade that started with hope then ended with the death of the 'people's princess' and 9/11 - an event that redefined a new world order. Through sixty-eight voices that epitomise the decade - including Tony Blair, John Major, Noel Gallagher, Damon Albarn, Tracey Emin, Keith Allen, Meera Syal, David Baddiel, Irvine Welsh and Steve Coogan - we re-live the epic highs and crashing lows of one of the most eventful periods in British history. Today, in an age where identity dominates the national agenda, *Don't Look Back In Anger* is a necessary and compelling historical document.

**robbie williams angels: Popular Music Matters** Lee Marshall, Dave Laing, 2016-03-23 Simon Frith has been one of the most important figures in the emergence and subsequent development of popular music studies. From his earliest academic publication, *The Sociology of Rock* (1978), through to his recent work on the live music industry in the UK, in his desire to 'take popular music seriously' he has probably been cited more than any other author in the field. Uniquely, he has combined this work with a lengthy career as a music critic for leading publications on both sides of the Atlantic. The contributions to this volume of essays and memoirs seek to honour Frith's achievements, but they are not merely 'about Frith'. Rather, they are important interventions by leading scholars in the field, including Robert Christgau, Antoine Hennion, Peter J. Martin and Philip Tagg. The focus on 'sociology and industry' and 'aesthetics and values' reflect major themes in Frith's own work, which can also be found within popular music studies more generally. As such the volume will become an essential resource for those working in popular music studies, as well as in musicology, sociology and cultural and media studies.

**robbie williams angels: Leadership and the Labour Party** John Gaffney, 2017-05-18 The relationships between narrative and leadership, between rhetoric and performance, between doctrine and its voicing, are crucial to party politics and are underrated by both practising politicians and scholars. This study analyses the 'performance of leadership' in the UK Labour Party, and what this means for a new approach to understanding politics. The main focus of this study is the five-year leadership of Ed Miliband, 2010-2015. The fortunes of the party and the party leadership can be apprehended as a series of performed rhetorical events. A political leader's persona is a construction that performs - rather like an actor - in the political space. The author identifies and analyses the architecture and the modalities of leadership persona construction and performance in contemporary politics.

The result is *Joker Face*, a hilarious record of the British comedy scene from comedian Steve Best, a 20-year veteran of the comedy circuit. In this book - a companion to the 2014 book *Comedy Snapshot* - Best paints an intimate and very funny portrait of some of our favourites: Jimmy Carr, Rob Delaney, Sarah Pascoe, Stewart Lee, John Bishop, Mackenzie Crook, Josie Lawrence, Mark Watson, Tommy Tiernan, Phill Jupitus, and many, many more. *Joker Face* is an essential book for any fan of British humour and gives us a backstage pass into the world of comedy.

**robbie williams angels: Refuse to be Denied: My Grand Slam Year** Sam Warburton, 2012-10-11 Sam Warburton has had an incredible year. In the summer of 2011, at the age of only 22, he was asked to captain his country, leading Wales into the Rugby World Cup in New Zealand. The team's scintillating progression through the tournament reached a nail-biting height as Wales met France in the semi-final. With a nation's hopes resting on his shoulders, Warburton made 'that' tackle on Vincent Clerc and was shown the red card. Outcry ensued, and the Wales captain experienced great lows despite being named Player of the Tournament by many commentators. Picking himself up from the suffocating media attention, Warburton was determined to rectify Welsh fortunes and strode into the 6 Nations. Battling injuries he led Wales to a magnificent Six Nations. This is his moment. This is his Grand Slam year.

But I tell you what they don't have, they don't have a £1 Thursday! 17-year-old Jen and Stacey are best friends. Since forever. Stacey always dreamed of being a dancer. And she's actually got the talent for it. Only her school career advisor hasn't even been to London, let alone heard of Urdang. Jen is smart. Like Oxbridge smart. But all 'smart' gives her is the ability to see that there's no use trying to change the story prewritten for her, growing up in an underfunded and forgotten Bradford in the 2010s. They only have one place they can escape to... Club Ocean on a Thursday night. Freedom for Jen and Stacey. A beautiful and hilarious coming-of-age story, Kat Rose-Martin's £1 Thursdays captures and celebrates the trials and tribulations of what it means to be young, Northern and working class, when for one vodka-blurred second, you're allowed to forget everything and just dance. This edition was published to coincide with the world premiere at London's Finborough Theatre in November 2023.
