

social work ethics and values uk

social work ethics and values uk are fundamental principles that underpin the professional conduct of social workers across the United Kingdom. These ethics and values serve as a guide to ensure that practitioners uphold the highest standards of integrity, respect, and professionalism when supporting individuals, families, and communities. In the UK, social work is a deeply respected profession, grounded in a commitment to social justice, human rights, and the empowerment of vulnerable populations. Understanding these core ethics and values is essential for anyone pursuing a career in social work or engaging with social services in the UK, as they influence decision-making, practice approaches, and the overall impact on society.

Introduction to Social Work Ethics and Values in the UK

Social work in the UK is a profession driven by a set of ethical principles designed to promote the well-being and rights of service users. These principles are embedded within regulatory frameworks, professional standards, and codes of conduct issued by governing bodies such as the Health and Care Professions Council (HCPC) and the British Association of Social Workers (BASW).

The core purpose of social work ethics and values is to ensure that practitioners act with integrity, respect confidentiality, promote social justice, and uphold the dignity of every individual. These principles are not only theoretical ideals but are actively applied in everyday practice, guiding social workers through complex ethical dilemmas and challenging situations.

Key Ethical Principles in UK Social Work

Social workers in the UK are expected to adhere to several foundational ethical principles. These principles form the backbone of professional conduct and are reflected in policy, training, and practice.

1. Respect for Dignity and Human Rights

- Recognizing the inherent worth of every individual.
- Respecting diverse backgrounds, beliefs, and circumstances.

- Advocating for the rights and freedoms of service users.

2. Commitment to Social Justice

- Challenging inequality, discrimination, and oppression.
- Promoting fair access to resources and opportunities.
- Supporting marginalized and vulnerable populations.

3. Professional Integrity and Accountability

- Acting honestly and ethically at all times.
- Taking responsibility for one's actions and decisions.
- Maintaining up-to-date knowledge and skills.

4. Confidentiality and Privacy

- Respecting the privacy of service users.
- Sharing information only when legally or ethically justified.
- Ensuring data protection in accordance with GDPR and other regulations.

5. Empowerment and Strengths-Based Practice

- Encouraging service users to participate in decision-making.
- Recognizing and building upon individual strengths.
- Supporting independence and self-determination.

6. Professional Competence

- Pursuing continuous professional development.
- Seeking supervision and guidance when needed.
- Practicing within the scope of one's expertise.

Core Values of Social Work in the UK

Alongside ethical principles, social workers uphold a set of core values that shape their approach to practice and interaction.

1. Respect for the Individual

- Valuing each person's uniqueness and autonomy.
- Respecting their choices and cultural backgrounds.

2. Commitment to Service

- Prioritizing the needs of service users.
- Providing support without discrimination or bias.

3. Integrity and Honesty

- Being truthful and transparent in all dealings.
- Building trust through consistent and ethical behavior.

4. Competence

- Maintaining professional knowledge.
- Applying skills effectively and appropriately.

5. Social Justice

- Advocating for equality and fairness.
- Working to eliminate social barriers.

Legal and Regulatory Frameworks Shaping Social Work Ethics in the UK

The practice of social work in the UK is governed by various legal and regulatory frameworks that reinforce ethical standards.

1. The Health and Care Professions Council (HCPC)

- Sets the standards of conduct, performance, and ethics for social workers.
- Requires registration and ongoing professional development.

2. The British Association of Social Workers (BASW) Code of Ethics

- Provides a comprehensive ethical framework specific to social workers.
- Emphasizes values such as respect, social justice, and dignity.

3. The Children Act 1989 & 2004

- Prioritize the welfare of children and young people.
- Establish legal duties for safeguarding and promoting well-being.

4. The Care Act 2014

- Focuses on adult social care.
- Emphasizes person-centered approaches and safeguarding.

5. Data Protection Act 2018 & GDPR

- Regulate the handling of personal data.
- Ensure confidentiality and privacy are maintained.

Ethical Dilemmas in UK Social Work Practice

Despite clear guidelines, social workers often face complex ethical dilemmas that require careful judgment and balancing competing interests.

Common Ethical Challenges Include:

- Confidentiality vs. Safeguarding: When to breach confidentiality to protect vulnerable individuals.
- Resource Limitations: Making decisions with constrained resources that impact service delivery.
- Informed Consent: Ensuring clients fully understand and agree to interventions.
- Cultural Sensitivity: Respecting diverse cultural norms while adhering to legal standards.
- Balancing Autonomy and Protection: Respecting a client's independence when their choices may pose risks.

Strategies for Navigating Ethical Dilemmas:

- Use ethical decision-making models.
- Seek supervision and peer consultation.
- Document decision-making processes thoroughly.
- Prioritize the welfare and rights of service users.

Training and Professional Development in UK Social Work Ethics

To uphold ethical standards, social workers in the UK engage in continuous

training and professional development.

Key Areas of Focus:

- Ethical decision-making and dilemmas.
- Cultural competence and anti-discriminatory practice.
- Safeguarding children and vulnerable adults.
- Data protection and confidentiality.
- Anti-oppressive practices.

Regular training ensures that social workers stay updated on legal changes, emerging ethical issues, and best practice guidelines.

Conclusion: The Significance of Social Work Ethics and Values in the UK

Social work ethics and values in the UK are the foundation of professional practice, guiding social workers in their mission to promote social justice, uphold human dignity, and advocate for vulnerable populations. These principles foster trust, accountability, and respect in interactions with service users, families, and communities. As social workers navigate complex ethical landscapes, their commitment to these core values ensures they make informed, compassionate decisions that align with legal standards and professional codes.

By continuously reflecting on their practice, engaging in ongoing education, and adhering to established ethical frameworks, social workers in the UK can effectively serve their communities while maintaining professionalism and integrity. Ultimately, these ethics and values not only shape individual practice but also contribute to the development of a fairer, more inclusive society.

Frequently Asked Questions

What are the core ethical principles guiding social workers in the UK?

The core ethical principles include respect for dignity and worth of individuals, promoting social justice, maintaining integrity, and professional competence, as outlined in the UK's Social Work England Code of Ethics.

How does confidentiality impact social work practice in the UK?

Confidentiality is fundamental, requiring social workers to protect clients' information while balancing legal and ethical obligations, such as safeguarding concerns or court requirements, in accordance with data protection laws like GDPR.

What role do anti-discriminatory practices play in UK social work ethics?

Anti-discriminatory practices are essential, ensuring social workers promote equality, challenge bias, and respect diversity in line with the Equality Act 2010 to provide fair and inclusive services.

How do social workers in the UK handle conflicts between their personal values and professional duties?

Social workers are guided to maintain professionalism by reflecting on their values, seeking supervision, and adhering to ethical codes to navigate conflicts ethically and responsibly.

What are the ethical considerations surrounding consent and autonomy in UK social work?

Respecting clients' autonomy involves obtaining informed consent, supporting decision-making, and recognizing capacity, while balancing safety and legal requirements, especially in vulnerable populations.

How does social work ethics address safeguarding and duty of care in the UK?

Social workers have a duty to safeguard clients from harm, which involves acting promptly on concerns, working collaboratively with other agencies, and prioritizing clients' safety while respecting their rights.

What are the challenges faced by social workers in maintaining ethical standards in the UK?

Challenges include resource limitations, complex client needs, confidentiality dilemmas, and navigating organizational policies that may conflict with ethical principles.

How are cultural competence and ethics integrated in UK social work practice?

Cultural competence involves understanding and respecting diverse backgrounds, which is essential for ethical practice, ensuring services are equitable, respectful, and tailored to individual needs.

What training or resources are available to UK social workers to uphold ethics and values?

Social workers can access ongoing professional development, the Social Work England Code of Ethics, supervision, and ethical dilemma frameworks to support ethical practice and uphold professional values.

Additional Resources

Social work ethics and values UK form the cornerstone of professional practice within the social care sector. These principles guide practitioners in making morally sound decisions, fostering trust with service users, and maintaining the integrity of the profession. In the UK, social workers are bound by a comprehensive framework of ethical standards and core values designed to promote human rights, social justice, and the dignity of individuals and communities they serve. Understanding these ethics and values is essential not only for compliance but also for delivering compassionate, effective, and respectful support.

The Importance of Social Work Ethics and Values in the UK

The landscape of social work in the UK is complex, involving diverse populations, challenging situations, and the need for sensitive judgment. Ethics and values underpin practitioners' decision-making processes, ensuring that their actions reflect the profession's commitment to fairness, respect, and human rights. They serve as a moral compass, helping social workers navigate dilemmas and prioritize the wellbeing of service users.

In the UK context, social workers operate within statutory frameworks such as the Children Act 1989 & 2004, Mental Health Act 1983 & 2007, and Care Act 2014, which embed ethical considerations into legal obligations. Additionally, professional codes of conduct, such as those from The Health

and Care Professions Council (HCPC), explicitly outline the ethical standards expected of practitioners.

Core Ethical Principles Guiding Social Work Practice in the UK

At the heart of social work ethics are several fundamental principles that shape everyday practice:

- Respect for Human Dignity: Recognizing each individual's inherent worth and rights, regardless of background or circumstances.
- Service User Empowerment: Supporting individuals to make their own choices and promoting independence.
- Social Justice: Challenging inequality, discrimination, and advocating for fair access to resources and opportunities.
- Integrity: Acting honestly, transparently, and professionally at all times.
- Confidentiality: Protecting service users' personal information unless there is a risk of harm or legal obligation necessitates disclosure.
- Competence: Maintaining and developing professional skills and knowledge to deliver effective support.

These principles are enshrined within the HCPC Standards of Conduct, Performance and Ethics and are reinforced through ongoing training, supervision, and reflective practice.

The Values That Shape Social Work in the UK

Alongside ethical principles, social work in the UK is driven by core values that inform practitioners' attitudes and behaviors:

- Respect for the Individual: Recognizing and valuing each person's unique identity, culture, and circumstances.
- Dignity and Worth: Ensuring that service users are treated with respect and compassion.
- Partnership and Collaboration: Working alongside service users, families, and multidisciplinary teams to achieve positive outcomes.
- Holistic Approach: Addressing the full spectrum of a person's needs, including emotional, physical, social, and economic factors.
- Commitment to Social Justice: Actively working to reduce inequalities and promote social inclusion.

These values are reflected in policies, codes of practice, and the broader ethos of social work in the UK, emphasizing a person-centered, rights-based approach.

The Ethical Frameworks and Guidelines in the UK

1. The HCPC Standards of Conduct, Performance and Ethics

The HCPC sets out six key principles:

- Act in a professional manner: Upholding the reputation of the social work profession.
- Communicate effectively: Ensuring clarity, honesty, and transparency.
- Respect confidentiality: Only sharing information when appropriate and lawful.
- Maintain professional boundaries: Avoiding dual relationships and conflicts of interest.
- Reflect on practice: Continually evaluating and improving skills.
- Promote client's wellbeing: Prioritizing safety, empowerment, and holistic support.

2. The Social Work England Standards

Since the establishment of Social Work England in 2019, practitioners are expected to adhere to standards emphasizing:

- Effective communication and collaboration
- Respecting diversity and promoting equality
- Practicing safely and ethically
- Advocating for service users' rights

3. The Code of Ethics by the British Association of Social Workers (BASW)

BASW's code emphasizes principles such as:

- Respecting autonomy
- Promoting social justice
- Practicing with integrity
- Valuing diversity

These frameworks collectively ensure that social workers uphold high standards of conduct rooted in shared values.

Ethical Dilemmas in UK Social Work Practice

Despite clear guidelines, social workers often encounter complex dilemmas where principles may conflict. Typical dilemmas include:

- Balancing confidentiality with safeguarding concerns
- Respecting autonomy while ensuring safety
- Managing resource limitations against the needs of service users
- Navigating cultural sensitivities and diversity issues

Example: A social worker learns that a service user is experiencing domestic abuse but fears breaching confidentiality if they disclose this information. The ethical approach involves carefully considering safeguarding protocols, legal obligations, and the rights of the individual, often requiring collaboration with other agencies to protect the person while respecting

their dignity.

Applying Ethics and Values: Practical Strategies for Social Workers

To embed ethics and values into daily practice, social workers should:

1. Engage in Reflective Practice

Regularly reviewing cases to consider ethical issues, biases, and decision-making processes.

2. Seek Supervision and Support

Consulting colleagues and supervisors for guidance when faced with dilemmas.

3. Uphold Legislation and Policies

Ensuring compliance with legal frameworks like the Care Act, Children Act, and mental health legislation.

4. Prioritize Service User Involvement

Empowering individuals to participate in decisions affecting their lives.

5. Promote Cultural Competence

Understanding and respecting diverse backgrounds and beliefs.

6. Maintain Professional Development

Attending training, workshops, and seminars on ethics and emerging issues.

Challenges and Criticisms of Social Work Ethics in the UK

While the framework aims to promote best practice, social workers face ongoing challenges:

- Resource Constraints: Limited funding can pressure practitioners to make difficult decisions, sometimes conflicting with ethical standards.
- Systemic Limitations: Bureaucratic processes may hinder ethical decision-making or delay urgent interventions.
- Balancing Competing Values: For example, respecting autonomy versus safeguarding can create tension.
- Cultural Sensitivity: Ensuring culturally appropriate practice while adhering to universal ethical standards.

Critics argue that systemic issues sometimes undermine ethical commitments, emphasizing the need for ongoing advocacy and reforms within the social care sector.

The Role of Education and Training in Promoting Ethical Practice

Robust education programs, including university degrees and continuous professional development, are vital for instilling a strong ethical foundation. Training often covers:

- Ethical decision-making models
- Legislation and policy frameworks
- Cultural competence and anti-discrimination
- Case studies and reflective exercises

By fostering ethical awareness and critical thinking, social workers are better equipped to navigate complex situations ethically and professionally.

Conclusion: Upholding Social Work Ethics and Values in the UK

Social work ethics and values UK serve as guiding principles that uphold the dignity, rights, and wellbeing of individuals and communities. They form an ethical compass that informs practice amidst complex, often challenging circumstances. Embodying respect, social justice, integrity, and professionalism, social workers are committed to creating a fairer, more inclusive society.

In a sector where decisions can profoundly impact lives, adherence to ethical standards is not merely a professional requirement but a moral obligation. Continuous reflection, education, and advocacy are essential to sustain ethical integrity and ensure that social work remains a respected and effective profession dedicated to social betterment.

By understanding and applying these principles, social workers in the UK can navigate the complexities of their work ethically and compassionately, ultimately fostering trust, empowerment, and positive change.

Social Work Ethics And Values Uk

social work ethics and values uk: Ethics and Values in Social Work Sarah Banks, 2020-11-04 With over 40,000 copies sold across its lifetime, this is social work classic from a leading international author. Synthesizing the complex ideas and concepts that characterize social work's value base, Sarah Banks expertly provides a clear and systematic account of professional ethics in relation to social work practice, framed within a global context. Ethics and Values in Social Work is co-published with the British Association of Social Workers (BASW) and this fifth edition provides revised and updated analysis of professional regulation and codes of practice. Written with Banks' trademark accessibility and theoretical rigour, this updated edition continues to be a relevant and invaluable resource for all students taking Ethics and Values modules at both undergraduate and postgraduate levels, as well as educators and practitioners of social work. New to this Edition: - Revised and updated analyses of professional regulations and codes of practices - Updated case

studies with an increased number of global examples of social work practice - More cases featuring adults

social work ethics and values uk: Ethics, Values and Social Work Practice Linda Bell, Trish Hafford-Letchfield, 2015-03-16 A framework of ethics and values forms the foundation of social workers' professional identities. Ethics and values should shape the way that social workers practice and how they impact upon the lives of the service users they work to support. In a fast-moving world influenced by shifting policy, tight budgets and changing practice standards, students and practitioners need to anchor their understanding of themselves to clear principles for ethical practice. Ethics, Values and Social Work Practice is a brand new text offering students and social work practitioners a contemporary and relevant introduction to the central role of ethics and values in their work. In addition to a grounding in the major trends in ethics applied to social work, this book also provides perspectives on: How to situate ethics and values in social work practice How to understand ethics as part of reflective practice as both student and practitioner How ethics and values link to concepts of power, diversity and social justice The role of ethics and values in interprofessional and partnership working The guiding principles and ethics inherent in relationship-based social work. The book supports student learning by providing: Discussion points to allow time for individual reflection or ethical debates Case studies based on likely scenarios from practice, with reflection points to help social workers engage with the issues raised Chapter summaries and key points for social work practice to reinforce the relevance of your learning to real social work practice A glossary of key terms as a reference for key ethics terms and concepts. Contributors: Pat Cartney, Jean Dillon, Souzy Dracopoulou, Ann Flynn, Alison Higgs, Mina Hyare , Colin Whittington, Margaret Whittington and Tom Wilks "This is an excellent edited reader providing students and practitioners with a grounding in ethics and values whilst linking these to specific practice and the development of professional identity, inclusion and reflective practice. This book will be an essential reader for those in qualifying social work programmes, ASYE staff, practitioners and academics." Hugh McLaughlin, Professor of Social Work, Manchester Metropolitan University, UK "This book provides an exceptional exposé of ethics and values in social work practice. Conceptual clarity and critical presentations of contemporary debates are presented in a systematic text. It is written in an accessible style and the content will prove valuable to social work students, practitioners and researchers alike. This is one of the most comprehensive books on ethics and values in social work practice available in the market." Professor Lambert Engelbrecht, Department of Social Work, Stellenbosch University, South Africa

social work ethics and values uk: The Routledge Handbook of Social Work Ethics and Values Stephen Marson, Robert McKinney, Jr., 2019-05-31 The Routledge Handbook of Social Work Ethics and Values is a comprehensive exploration and assessment of current and future issues facing social work practice and education. It is the first book to codify ethical practices for social workers from across the globe and in myriad workplace settings. Each section meaningfully captures this complex subject area: ethics writ large visions of diverse values abortion relationship and gender issues micro and mezzo practice settings social work education technological issues spirituality globalism economic issues special topics Leaving no stone unturned, this handbook comprehensively addresses the most controversial topics in an evenhanded manner. Among professional social workers, values and ethics traverse political boundaries, cultural identifications, and languages. This handbook will help to make sense of this unity within diversity. With contributions from the world's leading scholars, this book will be a valuable resource for all social work students, academics, researchers, and practitioners who seek a coherent and objective analysis in the abstract arena of ethics and values.

social work ethics and values uk: Values and Ethics in Social Work Practice Lester Parrott, 2014-10-20 Applying values and ethics to social work practice is taught widely across the qualifying degree programme, on both Masters and BA courses. This book is a clear introduction to this subject and will help students develop their understanding by showing social work students how ethics can have positive impacts on the lives of vulnerable people. There are chapters on how social workers

can make good ethical and value-based decisions when working with risk, and how the role of the social worker as professional can impact on service users. Above all the book is a timely and clear introduction to the subject, with an emphasis on advocacy and empowerment and how the beginning social worker can start to apply these concepts.

social work ethics and values uk: Ethics and Value Perspectives in Social Work Mel Gray, Stephen A. Webb, 2010-05-19 This agenda setting text explores a broad range of value perspectives and their impact on and contribution to social work thinking on ethics. Including new perspectives, such as Islam, and drawing on international contributors, this is essential reading for all social work students studying ethics and values.

social work ethics and values uk: Mastering Social Work Values and Ethics Farrukh Nahid Akhtar, 2013 This key text examines ethical concerns arising at different stages of professional development in social work and offers guidelines to overcoming them. Practice pointers equip practitioners with the skills and knowledge to move beyond professional codes and work to a broader set of values.

social work ethics and values uk: Key Concepts and Theory in Social Work David Hodgson, Lynelle Watts, 2017-06-09 Social work is a discipline committed to social justice and human rights, and to improving the well-being of individuals, families, communities and societies. But the world is changing, with environmental disasters, an increase in violent conflict and the aftermath of the Global Financial Crisis impacting negatively on human and ecological well-being. Social workers are often working at the forefront of these and other challenging situations, and they must apply knowledge and skills to their practice in a thoughtful and ethical way. What kind of knowledge and skills will social workers need to succeed in this intellectually and emotionally demanding job? Broad-ranging in scope and depth, this highly readable text introduces readers to the key concepts in social work – such as empathy, reflective practice and notions of risk – and provides both a focus on the theory and research literature that informs each one, and an examination of how each will aid practitioners in their day-to-day work. With the help of engaging practice examples that contextualize the topics under discussion, the book also draws on ideas and literature from other disciplines – including philosophy, sociology and psychology – in order to promote the open-mindedness and depth of understanding required for practice with people from all walks of life. An accessible text that brings all of the major social work concepts together in one place, *Key Concepts and Theory in Social Work* is an essential book for students and practitioners alike.

social work ethics and values uk: Social Work Ethics Chris Clark, 2000 This introduction to professional ethics for social workers recognizes that social work is largely state-sponsored. Traditional values and rules are explained, followed by a concept of social work and its relationship to the state.

social work ethics and values uk: The Road to Social Work and Human Service Practice with Online Study Too Ls 12 Months Lesley Chenoweth, Donna McAuliffe, 2017-09-11 This is a value pack comprising Chenoweth's *The Road to Social Work and Human Service Practice*, 5e print book + Search Me! It lays out the journey and expertly signposts the key areas of knowledge, skills, values, ethics, practice contexts and contemporary debates. Client and practitioner perspectives offer reflections on real-life social work and human services interventions, while new case studies show how theory can be applied to practice. Fully updated and revised, this text is an invaluable tool for students as they start their careers in the social work and human services sector. Search Me! is an online research library customised to your subject, that puts the information you need right at your fingertips. Content is updated daily from hundreds of scholarly and popular journals, eBooks and newspapers. Plus, 24-hour access means you won't be limited by library opening times!

social work ethics and values uk: Social Work Values and Ethics Frederic G. Reamer, 2024-05-28 For decades, teachers and practitioners have turned to Frederic G. Reamer's *Social*

Work Values and Ethics as the leading introduction to ethical decision making, dilemmas, and professional conduct in practice. A case-driven, concise, and comprehensive textbook for undergraduate and graduate social work programs, this book surveys the most critical issues for social work practitioners. This sixth edition incorporates significant updates to the National Association of Social Workers Code of Ethics and discussion of challenging issues related to cultural competency, antiracism, moral injury, human rights, environmental justice, ethical humility, non-Western perspectives on ethics, and practitioner self-care. Reamer also focuses on how social workers should navigate the digital world through discussion of the ethical issues that arise from practitioner use of online services and social networking sites to deliver services, communicate with clients, and provide information to the public, and he examines the standards that protect confidential information transmitted electronically. He highlights potential conflicts between professional ethics and legal guidelines and expands discussions of informed consent, confidentiality and privileged communication, boundaries and dual relationships, documentation, conflicts of interest, and risk management. Conceptually rich and attuned to the complexities of ethical decision making, *Social Work Values and Ethics* is unique in striking the right balance among history, theory, and practical application.

social work ethics and values uk: *Values and Ethics in Social Work* Chris Beckett, Andrew Maynard, 2005-03-18 This introductory text is designed to equip students with a sound understanding of the principles of values and ethics which no social worker should be without.

social work ethics and values uk: *Values and Ethics in Social Work* Chris Beckett, Andrew Maynard, Peter Jordan, 2017-03-13 An awareness of one's own ethical assumptions and how these inform everyday practice is crucial for all student social workers. Social workers who genuinely wish to do the right thing by their services users have no alternative but to constantly think and rethink the principles and assumptions that inform their actions, and this book supports them on their journey to do just that. This third edition is set out in two parts: Part I deals with broad ideas about values and ethics in general, looking at philosophy, religion and politics, as well as the duty of realism. Part II takes the discussion further, looking at how these general principles are relevant to everyday practice, with chapters on the use and misuse of power, the idea of self-determination, and the challenges of working with people whose experience and outlook are different to one's own.

social work ethics and values uk: *The Social Work Assignments Handbook* Sarah Foote, Anne Quinney, Matt Taylor, 2015-10-01 The Social Work Assignments Handbook is the complete guide to preparing for, carrying out and writing up a social work assignment or project. Designed to support students through their assignments from beginning to end, each stage is fully explained through friendly advice and practical guidance so that students can feel confident in their work, whether they're writing up quantitative research findings or carrying out a literature review.

social work ethics and values uk: *Practical Social Work Ethics* Lorraine Green, Malcolm Carey, 2017-03-02 This is the first text of its kind to deal exclusively with applied social work ethics. It focuses on an eclectic mix of difficult moral questions or issues encountered in much modern day practice. It is therefore not theoretically driven with some practical elements attached, but is instead a practice-based book, where any theory introduced is linked to tangible practice situations. It is also thought-provoking, controversial in parts and always engaging. The book is divided into three key sections, each introduced by the editors: Past and Present: Moral Practices with Children and Families Ethical Tensions? Ambivalent Ethics and Adult Social Work Contesting Modernisation Each section covers a range of topics and poses difficult questions which link to ethical dilemmas or anxieties. These are attached to themes such as whether culturally sensitive social work is always a good thing, the implications of secrets and silence within inter-generational families or the use of Controlled Treatment Orders or medical and social models within mental health social work. Other chapters ask whether the many forms of user/carer participation within social work education or practise are ethically viable, explore the moral paradoxes which emerge when vested financial interest sometimes appear to eclipse users' interests, examine the implications of avoiding or uncritically deploying 'touch' in social work/care or consider the many moral implications of

institutional abuse within social work. With a focussed and clear writing style, this book will be of interest to all social work students and practitioners interested in the practical yet complex moral ramifications of their applied role.

social work ethics and values uk: The Ethical Foundations of Social Work Stephen Cowden, Annie Pullen-Sansfacon, 2014-01-14 The Ethical Foundations of Social Work provides you with an engaging, theoretical and practice-based grounding in social work ethics. The authors first examine when, how and why principles and debates historically emerged, then explicitly map them onto everyday ethical challenges and situations in social work practice. As a result, the book promotes an ethically conscious approach where principles can be flexibly and confidently applied as tools to help you with critical problem solving.

social work ethics and values uk: Encyclopedia of Social Work , 1965

social work ethics and values uk: The Social Work Field Placement John Poulin, Selina Matis, Heather Witt, 2018-10-28 This unique core text helps BSW and MSW students structure their field placement learning around the nine CSWE professional social work competencies. Empowering students to go beyond merely completing tasks, the book facilitates mastery and integration of these competencies by elucidating key concepts and applying them to realistic competency-based case scenarios. Each user-friendly chapter—directly linked to a particular competency—promotes thought-provoking reflection about field work with critical thinking questions, a detailed case example, and an online competency reflection log template. These tools reinforce learning by connecting competencies directly to students' internship experiences. Cases are structured to serve as models when students prepare their own cases and include a review of the competency; detailed practice settings; socioeconomic and context factors at micro, macro, and mezzo levels; a problem overview; an assessment of client strengths and weaknesses; and a closing summary. Additional learning aids include chapter opening vignettes and objectives, plus chapter summaries. Web and video links offer students a wealth of supplemental resources, and a robust instructors package provides teachers with PowerPoints, written competency assignments with grading rubrics, and discussion exercises. The print version includes free, searchable, digital access to entire contents of the book. Key Features: Integrates field placement experiences with the nine CSWE 2015 competencies Promotes thought-provoking reflection about fieldwork with detailed case studies and challenging learning tools Includes discussions of ethical dilemmas, technology, and social media to reflect growing use and the challenges associated Includes online instructors' resources including, PowerPoints, written competency assignments with grading rubrics, and class discussion field reflection activities Print version includes free, searchable, digital access to entire contents of the book

social work ethics and values uk: Social Work for Lazy Radicals Jane Fenton, 2019-04-12 Be proud to be a lazy radical! This textbook makes the case for a radical approach to social work that can be embraced by everyone. It's an approach based on real empathy and an understanding of oppression, of managerialism, of the moral heart of social work, of humanism and of the effects of neoliberal hegemony. Jane Fenton provides a model of radical practice for students and social workers who are committed to 'doing the right thing', and who want to develop their own framework for practice. This book will appeal to students who are activists, but want to frame their individual-level practice in a meaningful way, and to those who are non-activist and non-political but simply want to be good social workers. It will give a political and moral understanding of social work practice and lead to confident, value-based and enjoyable social work.

social work ethics and values uk: Ethics and Values in Social Work Sarah Banks, 2006-05-16 The third edition of this popular book has been updated to take account of the latest developments in policy and social work practice. It includes new sections on radical/emancipatory and postmodern approaches to ethics, analysis of the latest codes of ethics from over 30 different countries, additional case studies of ethical problems and dilemmas, practical exercises, and annotated further reading lists at the end of each chapter.
