a christmas carol complete text: A Christmas Carol by Charles Dickens 1843 Edition (Annotated) Charles Dickens, 1843 A Christmas Carol. In Prose. Being a Ghost Story of Christmas, commonly known as A Christmas Carol, is a novella by Charles Dickens, first published in London by Chapman & Hall in 1843 and illustrated by John Leech. A Christmas Carol recounts the story of Ebenezer Scrooge, an elderly miser who is visited by the ghost of his former business partner Jacob Marley and the spirits of Christmas Past, Present and Yet to Come. After their visits, Scrooge is transformed into a kinder, gentler man. Dickens wrote A Christmas Carol during a period when the British were exploring and re-evaluating past Christmas traditions, including carols, and newer customs such as Christmas trees. He was influenced by the experiences of his own youth and by the Christmas stories of other authors, including Washington Irving and Douglas Jerrold. Dickens had written three Christmas stories prior to the novella, and was inspired following a visit to the Field Lane Ragged School, one of several establishments for London's street children. The treatment of the poor and the ability of a selfish man to redeem himself by transforming into a more sympathetic character are the key themes of the story. There is discussion among academics as to whether this is a fully secular story, or if it is a Christian allegory. Here is the complete text of the novel with the followings annotations: *Biographical Information: In January 1815, John Dickens was called to London along with the family relocated to Norfolk Street, Fitzrovia. When Charles was 4, they moved to Sheerness and thence to Chatham, Kent, where he spent the formative years of his until the age of eleven.
