Fort, 2017-09-05 Recognizing their role as corporate citizens, companies are seeking guidance on how to be true to their missions, principled in practice, and well regarded for their contributions to society. As this book reveals, the key lies in sincerity—the sum of values like

authenticity, integrity, and trust. Countess Alexandra Christina, a European corporate director, and Timothy L. Fort, a leading American scholar, delineate a clear and actionable model for bringing sincerity to the business context. Their vision for sincerity complies with law, aligns corporate social and financial performance, and values corporate ethics in its own right, rather than as a means to an end. Underpinning this model is a synthesis of the top research in the field and a suite of new interviews with current and former CEOs. Tracing inspirational tales and scandals alike, this book shows how leaders can head up companies that more reliably make good decisions and conduct themselves in a trustworthy manner. It then concludes with twelve concrete actions that businesses can take to cultivate the sincerity edge.

blue belle ice cream: Talking with My Mouth Full Bonny Wolf, 2013-12-10 What does America really eat? Which recipes do real home cooks turn to again and again? More often than not, they are dishes handed down from great aunts and painstakingly copied out of smudged recipe boxes rather than the creations of celebrity chefs. Bonny Wolf, food commentator for NPR's Weekend Edition, writes about the great regional and family food traditions in this country—birthday cake and dinner party food, hearty American breakfasts and Fourth of July picnic dishes. In Talking with My Mouth Full, she writes stories about food, and also about the people who eat it. This book gives a snapshot of the American traditions that have contributed to what and how we eat. Food trends come and go, but many delightful national treasures—bundt cake, barbecue, roast chicken, fair food—are timeless. Each of Bonny Wolf's chapters, whether she's writing about true regional specialties like Minnesota's wild rice, Texas' Blue Bell ice cream or Maryland's famous crab cakes or about family favorites like noodle pudding or Irish raisin soda bread, ends with a perfectly chosen group of recipes, tantalizing and time-tested. In the tradition of Laurie Colwin's Home Cooking, Talking with My Mouth Full is a book you will turn to over and over for wonderful food writing and recipes for comfort food, a great nosh, or the ideal covered dish to take to a potluck supper.
