book guernsey literary society: *Book Club in a Box* Marilyn Herbert, 2010-08-17 Guernsey is one of four British Channel Islands that was occupied for five years (1940-1945) by the Nazis. This extraordinary story is one that few people, except for historians, are aware of. Mary Ann Shaffer and Annie Barrows have recreated the wartime atmosphere in postwar London and Guernsey through the journalist, Juliet Ashton, and her relationship with the islanders. It all started with a letter from a farmer, Dawsey Adams, who was trying to track down books by Charles Lamb. Juliet's name and address were written inside the single copy of Lamb's essays that Dawsey owned. None of the Guernsey bookstores had survived the war and Dawsey was looking for help. His letter hinted at the existence of a strange book club called the Guernsey Literary and Potato Peel Pie Society and its connection to a secret dinner of roast pig. Those two details alone guaranteed a spike in Juliet's interest. She responded and the rest is intriguingly revealed in the novel's subsequent correspondence between Juliet and the Guernsey inhabitants.

A few years later, when a friend asked her to participate in a bold new venture in a men's medium security prison, Ann had to weigh her curiosity and desire to be of service against her anxiety and fear. But she signed on, and for eighteen months went to a remote building at Collins Bay, meeting a group of heavily tattooed book club members without the presence of guards or security cameras. There was no wine and cheese, no plush furnishings. But a book club on the inside proved to be a place to share ideas and regain a sense of humanity. From *The Grapes of Wrath* to *The Cellist of Sarajevo*, *Outliers* to *Infidel*, the book discussions became a springboard for frank conversations about loss, anger, redemption, and loneliness. book guernsey literary society: *Reading Circles, Novels and Adult Reading Development* Sam Duncan, 2012-02-23 Adult literacy teachers are constantly searching for effective, engaging

and distinctly 'adult' ways to develop adult emergent reading and, for at least the past two hundred years, adults have formed themselves into reading circles to read and discuss novels on a weekly or monthly basis. Why then are reading circles rarely used, or studied, in formal adult literacy provision? This book explores adult reading development, novel reading and reading circles in the context of a wider examination of reading pedagogies and practices in the English-speaking world. It discusses reading as both an individual and a communal act and investigates the relationship between literature and literacy development, practice and pedagogy (including a reassessment of the controversial approaches of reading aloud and phonics for adults). Sam Duncan reviews a case study of an adult reading circle in a large London further education college and identifies the wider implications for the teaching and learning of adult emergent reading, for the use and understanding of reading circles and for how we understand the novel reading experience more broadly.
