Key Highlights and Insights

The Power of Literature in Shaping National Identity

- Medieval texts like the Domesday Book laid the groundwork for notions of land and sovereignty.
- Shakespeare's plays became embedded in the cultural fabric, symbolizing the English-speaking world's identity.
- Victorian novels reflected societal issues such as class disparity and industrialization, fostering awareness and reform.

The series emphasizes that literature has been both a mirror and a moulder of national consciousness, influencing political debates, cultural values, and societal aspirations.

Literature as a Reflection of Social Change

Britain by the Book highlights how authors have responded to societal upheavals:

- During the World Wars, writers like Vera Brittain and Siegfried Sassoon used their works to grapple with trauma and loss.
- The post-war era saw emerging voices from marginalized communities, challenging traditional narratives and advocating for inclusion.
- Contemporary authors such as Zadie Smith and Bernardine Evaristo explore multicultural identities, reflecting Britain's evolving demographics.

This thematic exploration underscores literature's role as a catalyst for social dialogue and progress.

Overlooked Voices and the Inclusivity Movement

A notable aspect of the series is its focus on diversifying the British literary canon. It sheds light on writers from minority backgrounds whose contributions have historically been marginalized, such as:

- Sam Selvon, a Trinidadian novelist who captured Caribbean immigrant experiences.
- Malorie Blackman, whose young adult fiction explores racial issues.

This book seeks to address this imbalance by tracing the growth and development of ITV in Wales and assessing its contribution to the life of the nation. ITV has been a powerful force in British broadcasting since its inception in 1955. When commercial television came to Wales for the first time in 1958, it immediately got caught up in with matters of national identity, language and geography. Compared with the BBC, it is a relative newcomer; its growth was slower than that of the BBC and it took until 1962 to complete the network across the UK. Once it had arrived, however, its impact was considerable. The book will provide an historical narrative and critical analysis of independent television (ITV) in Wales from 1958 up until the present day.
