french for my father: *A French Girl in New York* Anna Adams, 2024-10-15 From debut author Anna Adams, this delightful YA romcom is all about finding yourself, your family, and perfect harmony in the big city. Maude Laurent is an orphan. Raised in Carvin, a small town in northern France, she's always wondered about her parents—who they were and what happened to them. Her foster family, the Ruchets, certainly won't tell her anything. For them, she's someone to cook meals, clean their house, and look after their twin boys, but Maude dreams of much more—she dreams of becoming an opera star and singing on the great stages of Paris. Her Cinderella moment arrives when she's livestreamed playing the piano and singing in a café during a school trip to Paris. Suddenly she's an internet sensation and music studios are pursuing her with promises of stardom.

The only problem? They all want her to sing pop, but that's not what Maude wants... When Terence Baldwin and his daughter show up on Maude's doorstep, they promise to help her find her own unique voice. Maude accepts the challenge: six months in New York to write and record three singles that become hits. If she succeeds, she can stay and record an album. If she doesn't, she'll return to Carvin. Maude knows she has the drive and talent to succeed but she also knows that her father used to live in the city. Perhaps, just perhaps, she can have it all: a successful music career and a chance to learn more about her family. It's perfect! However, there's one big problem—her collaborator Matt Durand. He's annoying and arrogant, a popstar on a break, and he's determined to force Maude out of her comfort zone. With rival artists determined to see Maude fail and the clock ticking, Maude and Matt have to put their bickering aside if they're going to succeed. Then a sudden revelation about Maude's parents changes her perspective on everything and leaves her wondering if she can ever find the perfect harmony.

french for my father: *Two Hamlets in Nam Bo* David Lan Pham, 2008-05-01 The author was born in 1940 and spent his childhood in two small villages, the paternal and the maternal, in southern Vietnam: Binh Chuan and Tuy An (An Phu). In this memoir (first sentence: "I was born as the Japanese Troops were invading northern Vietnam"), the author writes of what he saw, heard and knew, providing an invaluable social history of the country. Readers will learn about a people who have endured separation, dictatorship, carnage, persistent suffering and poverty, all the while yearning for independence and prosperity. Included are many stories—some funny, some heartbreaking—that reveal how the Vietnamese people lived, as well as their thoughts on war, on the French, Japanese and Americans, on the Nationalist and Communist governments, and on escape. The result is a heartfelt "social painting" of the nation.

french for my father: D-Day Through French Eyes Mary Louise Roberts, 2014-05-16 "A moving examination of how French civilians experienced the fighting" at Normandy during WWII from the acclaimed author of *What Soldiers Do* (Telegraph, UK). "Like big black umbrellas, they rain down on the fields across the way, and then disappear behind the black line of the hedges." Silent parachutes dotting the night sky—that's how one Normandy woman learned that the D-Day invasion was under way in June of 1944. Though they yearned for liberation, the French had to steel themselves for war, knowing that their homes, lands, and fellow citizens would have to bear the brunt of the attack. With *D-Day through French Eyes*, Mary Louise Roberts turns the conventional narrative of D-Day on its head, taking readers across the Channel to view the invasion anew. Roberts builds her history from an impressive range of gripping first-person accounts by French citizens throughout the region. A farm family notices that cabbage is missing from their garden—then discovers that the guilty culprits are American paratroopers hiding in the cowshed. Fishermen rescue pilots from the wreck of their B-17, then search for clothes big enough to disguise them as civilians. A young man learns to determine whether a bomb is whistling overhead or silently plummeting toward them. When the allied infantry arrived, French citizens guided them to hidden paths and little-known bridges, giving them crucial advantages over the German occupiers. As she did in her acclaimed account of GIs in postwar France, *What Soldiers Do*, Roberts here sheds vital new light on a story we thought we knew. In the great tradition of Studs Terkel and *Is Paris Burning?*, Mary Louise Roberts uses the diaries and memoirs of French civilians to narrate a history of the French at D-Day that has for too long been occluded by the mythology of the allied landing."—Alice Kaplan, author of *Dreaming in French*

french for my father: Playing Jazz in Socialist Vietnam Stan BH Tan-Tangbau, Quyền Văn Minh, 2021-11-15 Shortlisted for the 2022 EuroSEAS Humanities Book Prize Quyền Văn Minh (b. 1954) is not only a jazz saxophonist and lecturer at the prestigious Vietnam National Academy of Music, but he is also one of the most preeminent jazz musicians in Vietnam. Considered a pioneer in the country, Minh is often publicly recognized as the "godfather of Vietnamese jazz." *Playing Jazz in Socialist Vietnam* tells the story of the music as it intertwined with Minh's own narrative. Stan BH Tan-Tangbau details Minh's life story, telling how Minh pioneered jazz as an original genre even while navigating the trials and tribulations of a fervent socialist revolution, of the ideological battle

that was the Cold War, of Vietnam's war against the United States, and of the political changes during the Đổi Mới period between the mid-1980s and the 1990s. Minh worked tirelessly and delivered two breakthrough solo recitals in 1988 and 1989, marking the first time jazz was performed in the public sphere in the socialist state. To gain jazz acceptance as a mainstream musical art form, Minh founded Minh Jazz Club. With the release of his debut album of original compositions in 2000, Minh shaped the nascent genre of Vietnamese jazz. Minh's endeavors kickstarted the momentum, from his performing jazz in public, teaching jazz both formally and informally, and contributing to the shaping of an original Vietnamese voice to stand out among the many styles in the jazz world. Most importantly, Minh generated a public space for musicians to play and for the Vietnamese to listen. His work eventually helped to gain jazz the credibility necessary at the national conservatoire to offer instruction in a professional music education program.
