i talk like a river: Children's Literature Aligned with SDGs to Promote Global Competencies
Angela K. Salmon, Aixa Pérez-Prado, Karin Morrison, Flavia Iuspa, 2024-05-23 This book presents children's literature as a platform for learning and helping young readers develop the knowledge, skills, and attitudes needed to thrive in an interconnected and diverse global society. It draws from various theoretical frameworks and research findings to implement critical literacy and culturally responsive teaching in the meaning-making process. The book focuses on global competencies and Sustainable Development Goals (SDGs) as intertwined concepts that work together to foster a more sustainable, inclusive, and equitable world. Developing global competencies empowers children and communities to actively participate in achieving the SDGs and addressing the pressing challenges of our time. The authors set high expectations on children as actors in transforming society. To facilitate this, the book offers an overview of child development theories as a foundation for designing developmentally appropriate practices to extend children's books toward deep thinking and understanding. The book includes sample lessons that use cutting-edge research-based pedagogies and tools such as visible thinking routines and other approaches. Those lessons also help readers identify the Habits of Mind (HOM) children can develop by listening to and discussing stories. The HOM are attributes of good problem-finders and problem-solvers needed when confronting complex issues. The book provides resources and sample lessons that implement different thinking strategies to engage children in questioning and analyzing what they read, making them more critical. This is how children deeply understand the world and their role in creating positive change. The book aims to cultivate change-makers and global citizens through stories. It offers innovative approaches, including online learning options in accessible and engaging ways to help children think globally and act locally 'Through the power of children's literature, this book serves a larger agenda: To build a more thoughtful world for future generations. By caring for and learning from one another through suggested activities in this book, they will share the riches and resources from across the world. As children learn about the promise of actions toward the UN Sustainable Goals, they can imagine living in an interdependent learning community where all people continually searching for ways to trust each other, learn together, and grow toward greater intelligence.' i talk like a river: Children's Literature and Culture Rebecca Rowe, 2025-08-08 Children's Literature and Culture: An Introduction guides readers in the study of culture in, around, and through children's literature. Children's literature has long been used as a mechanism by which a culture passes its values from one generation to the next. Because of this culturally didactic purpose, children's literature can be viewed as one of the most fruitful areas of study of any given culture. At the same time, studying the cultures from which works of children's literature emerge and in which they circulate can also help better understand not only the ideas of childhood that underpin individual texts for children but the role they play in the construction and transmission of different cultural ideologies. This book teaches readers this double work of using culture to understand children's literature and vice versa. This volume traces the scholarly methodologies and histories that have attended the study of each of the 20 chapters' given subject—from the representation of race in and around children's literature to questions of censorship to how libraries can and do shape children's literature. In the process, it prepares readers to confidently enter and forward scholarly debates and to teach such debates to their own students.

Patrick, a successful publisher with a wife and children in London and a male lover in California, has publicly admired his brother's convictions while privately criticizing his choices. First published in 1967, *A Meeting by the River* delicately depicts the complexity of sibling relationships—the resentment and competitiveness as well as the love and respect. Ultimately, the brothers' exposure to each other's differences deepens their awareness of themselves. In *A Meeting by the River*, Christopher Isherwood dramatizes the conflict between sexuality and spirituality that inspired his late writings. The best prose writer in English. Gore Vidal

i talk like a river: Book of the Sphinx Willis Goth Regier, 2004-12-01 Sought, the Sphinx seems everywhere, whether the guardian of the pyramids on Egypt's Giza plateau or the beautiful man-eater with a deadly riddle, to be approached with awful caution. The Sphinx, that icon painted, sculpted, engraved, and exalted in poetry, fiction, and music, so impressed the philosopher Hegel that he pronounced the creature “the symbol of the symbolic itself.” With a wealth of illustrations, *Book of the Sphinx* confirms Hegel's lofty judgment, finding the Sphinx everywhere: in tragedies, paintings, opera, murder mysteries, brothels, bars, and advertisements. Pursuing the Sphinx through kaleidoscopic sightings and encyclopedic observations, Willis Goth Regier plumbs the symbol's mysteries, conducting the reader down ever more perplexing and intriguing paths. Wonderfully readable, his highly idiosyncratic tour of the ages and the arts leads at last to a conception of the Sphinx that embraces nothing less than all that is unknowable—proving once again that confronting a Sphinx is one of the most dangerous and exhilarating adventures of the imagination.

A compelling and moving journey of the mind; This compilation of poems takes us through a journey of love and lust, despair and hope. A truly magnificent collection of poems. Sarah J. Greg from Miami, FL Inspiring-Surreal; You ever had such deep, strong feelings about something but didn't know how to express them or share them with that special one. You ever had such deep feelings, which made you think it was somehow bad to be feeling them? And then sometimes we go to places in our heads and think things that are so pure and just normal to feel. Jacqueline's poems feel like my own life, they touched me in a way that was so surreal. Her poems have opened up a new path to new adventures of where the mind can go. We are free souls, let us fly and not fear! Well done Jacqueline, who would have ever thought feeling this way was humanely possible and so inspirational as well as uplifting. A reviewer from Toronto, Canada An Innocence Stolen was the most powerful piece I read. It is so horrific and truthful. I think a lot of people can relate to this and I like the end when God is questioned. I think when something bad like this happens in a person's life, we wonder, why me? It is painful to read, but a message like this needs to be heard. Sunshine gives people hope and it is light and fresh and is just a feel good piece. A Celebration Of You is about happiness and love to me. It is about being in love and the beauty of life that goes along with it. If My Heart Could Speak is also about love and happiness. For the centennial celebration of this annual series, The Best American Short Stories, master of the form Lorrie Moore selects forty stories from the more than two thousand that were published in previous editions. Series editor Heidi Pitlor recounts behind-the-scenes anecdotes and examines, decade by decade, the trends captured over a hundred years. Together, the stories and commentary offer an extraordinary guided tour through a century of literature with what Moore calls "all its wildnesses of character and voice." These forty stories represent their eras but also stand the test of time. Here is Ernest Hemingway's first

published story and a classic by William Faulkner, who admitted in his biographical note that he began to write "as an aid to love-making." Nancy Hale's story describes far-reaching echoes of the Holocaust; Tillie Olsen's story expresses the desperation of a single mother; James Baldwin depicts the bonds of brotherhood and music. Here is Raymond Carver's "minimalism," a term he disliked, and Grace Paley's "secular Yiddishkeit." Here are the varied styles of Donald Barthelme, Charles Baxter, and Jamaica Kincaid. From Junot Díaz to Mary Gaitskill, from ZZ Packer to Sherman Alexie, these writers and stories explore the different things it means to be American.
