rough night in jericho: The Western Films of Robert Mitchum Gene Freese, 2019-11-19 Robert Mitchum was--and still is--one of Hollywood's defining stars of Western film. For more than 30 years, the actor played the weary and cynical cowboy, and his rough-and-tough presence on-screen was no different than his one off-screen. With a personality fit for western-noir, Robert Mitchum dominated the genre during the mid-20th century, and returned as the anti-hero again during the 1990s before his death. This book lays down the life of Mitchum and the films that established him as one of Hollywood's strongest and smartest horsemen. Going through early classics like *Pursued* (1947) and *Blood on the Moon* (1948) to more recent cult favorites like *Tombstone* (1993) and *Dead Man* (1995), Freese shows how Mitchum's nuanced portrayals of the iconic anti-hero of the West earned him his spot in the Cowboy Hall of Fame.
