the red cat restaurant: Hater John Semley, 2018-10-23 A timely manifesto urging us to think critically, form opinions, and then argue them with gusto. Hater begins from a simple premise: that it's good to hate things. Not people or groups or benign belief systems, but things. More to the point, it's good to hate the things everyone seems to like. Scan the click-baiting headlines of your favorite news or pop-culture website and you're likely to find that just about everything is, supposedly, what we need right now. We are the victims of an unbridled, unearned optimism. And our world demands pessimism. It's vital to be contrarian--now, as they say, more than ever. Because ours is an age of

calcified consensus. And we should all hate that. In this scathing and funny rebuke of the status quo, journalist John Semley illustrates that looking for and identifying nonsense isn't just a useful exercise for society, it's also a lot of fun. But Hater doesn't just skewer terrible TV shows and hit songs--at its core it shows us how to meaningfully talk about and engage with culture, and the world. Ultimately, Hater is what we actually need right now.

In many ways, Sanchez, who lost his father at a young age, was destined to follow in his mother Zarela's footsteps. He spent nights as a child in his family's dining room surrounded by some of the most influential chefs and restaurateurs in New York. At sixteen, needing direction, he was sent by his mother to work for renowned chef Paul Prudhomme in New Orleans. In this memoir, Sanchez delves into his formative years with remarkable candor, injecting his story with adrenaline and revealing how he fell in love with cooking and started a career in the fast-paced culinary world. Sanchez shares the invaluable lessons he learned from his upbringing and his training—both inside and outside the kitchen—and offers an intimate look into the chaotic and untraditional life of a professional chef and television personality. This memoir is Sanchez's highly personal account of a fatherless Latino kid whose talent and passion took him to the top of his profession. "An absolute page-turner, with gritty stories and hilarious anecdotes that make you understand the man behind the restaurants and TV shows." —Gordon Ramsay
