best mediterranean cookbook uk: *The New Mediterranean Diet Cookbook* Martina Slajerova, Thomas DeLauer, Nicholas Norwitz, Rohan Kashid, 2021-04-20 The New Mediterranean Diet Cookbook is your guidebook to the ultimate superdiet, an evidence-based keto diet that emphasizes a diversity of fish, healthy fats, and a rainbow of colorful vegetables—with 100 delicious recipes for everything from snacks to dinner. The Mediterranean diet has long been touted as one of the world's healthiest diets, renowned for its protective effects against heart disease, cancer, and other chronic illnesses. However, its heavy inclusion of grains and carbohydrates can contribute to obesity and is a drawback for many. Also shown to have many health benefits, the ketogenic diet stimulates the fat-burning and longevity-promoting state of ketosis by limiting carbs and emphasizing high-fat foods. While the keto diet is about the proportion of macronutrients (fats, protein, carbohydrates) in the food you eat, the Mediterranean diet is about specific food types: seafood, olive oil, colorful vegetables, and other anti-inflammatory foods. This book is about living and eating at the intersection of these complementary diets so you can reap the benefits of both. While both diets advocate significant amounts of healthy fats and protein, the new Mediterranean approach to keto significantly shifts the fat profile of the diet to emphasize the monounsaturated and omega-3 fats that health experts agree promote living a long disease-free life. It also includes colorful vegetables, providing a diversity of nutrients and flavor. The result is an enhanced Mediterranean diet that stokes metabolism, supports the gut and microbiome, and is anti-inflammatory, anti-aging, and nutrient-dense. Improve your overall health while enjoying delectable dishes including: Superfood Shakshuka Blender Cinnamon Pancakes with Cacao Cream Topping Green Goddess Salad Pancetta Wrapped Sea Bass Sheet Pan Crispy Salmon Piccata Fierce Meatball Zoodle Bolognese Nordic Stone Age Bread Chocolate Hazelnut "Powerhouse" Truffles With The New Mediterranean Diet Cookbook, you'll learn how to balance your macronutrients, what foods are considered the new Mediterranean superfoods, and how to make tasty dishes to keep you satisfied all day.

best mediterranean cookbook uk: Fasting and Feasting (UK Edition) Adam Federman, 2017-06-07 (Patience Gray) emerges from this life as an utterly original spirit who was one of the few to rebel against the change in direction that eating had taken in modern times.”—Bee Wilson, The Sunday Times A New York Times Notable Book for 2017 For more than thirty years, Patience Gray—author of the celebrated cookbook *Honey from a Weed*—lived in a remote area of Puglia in southernmost Italy. She lived without electricity, modern plumbing, or a telephone, grew much of her own food, and gathered and ate wild plants alongside her neighbors in this economically impoverished region. She was fond of saying that she wrote only for herself and her friends, yet her growing reputation brought a steady stream of international visitors to her door. This simple and isolated life she chose for herself may help explain her relative obscurity when compared to the other great food writers of her time: M. F. K. Fisher, Elizabeth David, and Julia Child. So it is not surprising that when Gray died in 2005, the BBC described her as an “almost forgotten culinary star.” Yet her influence, particularly among chefs and other food writers, has had a lasting and profound effect on the way we view and celebrate good food and regional cuisines. Gray’s prescience was unrivaled: She wrote about what today we would call the Slow Food movement—from foraging to eating locally—long before it became part of the cultural mainstream. Imagine if Michael Pollan or Barbara Kingsolver had spent several decades living among Italian, Greek, and Catalan peasants, recording their recipes and the significance of food and food gathering to their way of life. In *Fasting and Feasting*, biographer Adam Federman tells the remarkable—and until now untold—life story of Patience Gray: from her privileged and intellectual upbringing in England, to her trials as a single mother during World War II, to her career working as a designer, editor, translator, and author, and describing her travels and culinary adventures in later years. A fascinating and spirited woman, Patience Gray was very much a part of her times but very clearly ahead of them.

best mediterranean cookbook uk: A Hermit's Cookbook Andrew Jotischky, 2011-06-02 How did medieval hermits survive on their self-denying diet? What did they eat, and how did unethical monks get around the rules? The Egyptian hermit Onuphrios was said to have lived entirely on dates, and perhaps the most famous of all hermits, John the Baptist, on locusts and wild honey. Was it really possible to sustain life on so little food? The history of monasticism is defined by the fierce and passionate abandonment of the ordinary comforts of life, the most striking being food and drink. A Hermit's Cookbook opens with stories and pen portraits of the Desert Fathers of early Christianity and their followers who were ascetic solitaries, hermits and pillar-dwellers. It proceeds to explore how the ideals of the desert fathers were revived in both the Byzantine and western traditions, looking at the cultivation of food in monasteries, eating and cooking, and why hunting animals was rejected by any self-respecting hermit. Full of rich anecdotes, and including recipes for basic monk's stew and bread soup -- and many others -- this is a fascinating story of hermits, monks, food and fasting in the Middle Ages.
