lennoxlove house east lothian: *Dr. John Moore, 1729-1802* Henry L. Fulton, 2014-12-24 This book is the first biography of Scottish-born physician John Moore. Here, Henry L. Fulton recounts Moore's childhood, education, and medical training in Glasgow and abroad; discusses his marriage, family, and friendships (particularly with Tobias Smollett); and depicts his professional practice in the north. The narrative uncovers Moore's transformative experience accompanying a young nobleman on the Grand Tour through Europe and provides a detailed account of the journey's highlights and difficulties. When Moore returns, he moves his family to London to begin a second career in literature and to acquire patronage for his sons' professions. In this biography Fulton covers not only Moore's publications but also discusses his circle of friends among nobility, politicians, artists, and others. Also discussed is Moore's involvement in the French Revolution, his correspondence with Robert Burns, and his strained family relationships. Additionally presented here is new information regarding Moore's finances drawn from archival records in Glasgow and Edinburgh and his bank ledgers in London.

lennoxlove house east lothian: *The Little Book of Mary Queen of Scots* Mickey Mayhew, 2015-01-05 Mary Queen of Scots is perhaps one of the most controversial and divisive monarchs in regal history. Her story reads like a particularly spicy novel, with murder, kidnap, adultery, assassination and execution. To some she is one of the most wronged women in history, a pawn used and abused by her family in the great monarchical marriage game; to others, a murderous adulteress who committed regicide to marry her lover and then spent years in captivity for the

crime, endlessly plotting the demise of her cousin, Queen Elizabeth I of England. This book covers the breathtaking scope of her amazing life and examines the immense cultural legacy she left behind, from the Schiller play of the 1800s to The CW teen drama Reign. Temptress, terrorist, or tragic queen, this book will give you the lowdown on one of history's most misunderstood monarchs.

lennoxlove house east lothian: Thomas White (c. 1736-1811) Deborah Turnbull, Louise Wickham, 2021-12-22 This volume aims to restore the reputation of Thomas White, who in his time was as well respected as his fellow landscape designers Lancelot 'Capability' Brown and Humphry Repton. By the end of his career, he had produced designs for at least 32 sites across northern England and over 60 in Scotland. These include nationally important designed landscapes in Yorkshire such as Harewood House, Sledmere Hall, Burton Constable Hall, Newby Hall, Mulgrave Castle as well as Raby Castle in Durham, Belle Isle in Cumbria, and Brocklesby Hall in Lincolnshire. He has a vital role in the story of how northern English designed landscapes evolved in the 18th century. The book focuses on White's known commissions in England and sheds further light on the work of other designers such as Brown and Repton, who worked on many of the same sites. White set up as an independent designer in 1765, having worked for Brown from 1759, and his style developed over the next thirty years. Never merely a 'follower of Brown', as he is often erroneously described, his designs for plantations in particular were much admired and influenced the later, more informal styles of the picturesque movement. The improvement plans he produced for his clients demonstrate his surveying and artistic skills. These plans were working documents but at the same time works of art in their own right. Over 60 of his beautifully-executed colored plans survive, which is a testament to the value his clients placed on them. This book makes available for the first time over 90% of the known plans and surveys by White for England. Also included are plans by White's contemporaries, together with later maps, estate surveys, and contemporary illustrations to understand which parts of improvement plans were implemented.
