The movie not only boasts a great story, it has a great backstory, starting with the dollar deal that eventually led King and co-stars Tim Robbins and Morgan Freeman to put their trust in a largely untested director making his first feature film. Although the film received mostly positive reviews on its release in September 1994, the box office was disappointing and it failed to win many awards. rita hayworth and shawshank redemption: Understanding the Women of Mozart's Operas Kristi Brown-Montesano, 2007-02-07 Is The Marriage of Figaro just about Figaro? Is Don Giovanni's story the only one—or even the most interesting one—in the opera that bears his name? For generations of critics, historians, and directors, it's Mozart's men who have mattered most. Too often, the female characters have been understood from the male protagonist's point of view or simply reduced on stage (and in print) to paper cutouts from the age of the powdered wig and the tightly cinched corset. It's time to give Mozart's women—and Mozart's multi-dimensional portrayals of feminine character—their due. In this lively book, Kristi Brown-Montesano offers a detailed exploration of the female roles in Mozart's four most frequently performed operas, *Le nozze di Figaro*, *Don Giovanni*, *Così fan tutte*, and *Die Zauberflöte*. Each chapter takes a close look at the music, libretto text, literary sources, and historical factors that give shape to a character, re-evaluating common assumptions and proposing fresh interpretations. Brown-Montesano views each character as the subject of a story, not merely the object of a hero's narrative or the stock figure of convention. From amiable Zerlina, to the awesome Queen of the Night, to calculating Despina, all of Mozart's women have something unique to say. These readings also tackle provocative social, political, and cultural issues, which are used in the operas to define positive and negative images of femininity: revenge, power, seduction, resistance, autonomy, sacrifice, faithfulness, class, maternity, and sisterhood. Keenly aware of the historical gap between the origins of these works and contemporary culture, Brown-Montesano discusses how attitudes about such concepts—past and current—influence our appreciation of these fascinating representations of women.

Drawing on innovations in philosophical,

narrative, cultural, and pulp criminology, it sets out a deconstructive framework as part of a critical criminological critique-praxis. This book comprises eight essays – on globalisation, criminological fiction, poststructuralism, patriarchal political economy, racial capitalism, anthropocidal ecocide, critical theory, and critical praxis – that argue for the value of contemporary literary theory to a critical criminology concerned with the construction of a just and sustainable reality in the face of climate change and other mass harms. This is the first criminology book to engage with literary theory from the perspective of criminology and provides a guide for criminologists who want to deploy literary theory as part of their research programmes. It supersedes existing engagements with poststructuralism in the philosophical criminological tradition because it entails neither a constructionist ontology nor a relativist epistemology. It shows criminologists how literary theory offers the tools to first deconstruct and then reconstruct meaning and value. Literary Theory and Criminology is essential reading for all critical criminological theorists.
