 Rubaiyat of Omar Khayyam is the title that Edward FitzGerald gave to his translation of a selection of poems, originally written in Persian and numbering about a thousand, attributed to Omar Khayyam (1048-1131), a Persian poet, mathematician and astronomer. A 'ruba'i' is a two-line stanza with two parts per line, hence the word rubáiyát (derived from the Arabic language root for four), meaning quatrains. As a work of eng literature FitzGerald's version is a high point of the 19th century and has been greatly influential. Indeed, the term Rubaiyat by itself has come to be used to describe the quatrain rhyme scheme that FitzGerald used in his translations: AABA. (Excerpt from Wikipedia)

In FitzGerald's hands, the individual Persian quatrains of the original coalesced into one of the most moving and often-cited modern poetic statements about loss, longing, and nostalgia. As Robert D. Richardson notes, The Rubaiyat is startlingly modern in its outlook and composition, and through it, one civilization speaks to another as equals and across a gap of almost a thousand years. Annotated by Richardson and illustrated beautifully with the elegant watercolors of Lincoln Perry, this edition of The Rubaiyat of Omar Khayyam will bring this affirmed classic to a new generation of readers. It is the perfect complement to Richardson's biography of The Rubaiyat, Nearer to the Heart's Desire.

**rubaiyat by omar khayyam: Rubaiyat of Omar Khayyam** omar khayyam, 2014-11-21 The Rubiyat of Omar Khayyam is a poem of high divine and spiritual meaning. The beauty and simplicity of this poem is so immaculate that people of all faiths and those who have no faith at all can seek divine solace in it. Omar has used popular metaphors in his passionate praise of wine and love. They are mere symbols of Sufism where wine is the joy of spirit and the love is immense devotion to God. Omar has presented the nectar of divine ecstasy as a delightful alternative that leads to human enlightenment and eradicates human woe permanently. He has pictured the ordinary joys of life for the worldly men are able to compare the mundane pleasures with the superior joys of spiritual life. The literal meaning of the translated verses is completely absurd but the vast inner meanings are like a golden treasure house. But the spiritual power inherent in this poem is a characteristic of the Persian poems which have an outer as well as inner meaning. While the west has interpreted Omar's poems as highly erotic, the East has accepted him as a religious poet. Plumbing into the depths of the poem gives interpretations that make it appear like a shrine which is untouched. Omar has distinctly suggested that wine symbolizes intoxication of spiritual joy and love. Some translators have interpreted the verses saying that the whole poem is an evocation of agnosticism and has a philosophy which seeks happiness through friendships and the avoidance of pain. It suggests brevity of life and the absence of an after life.

As much a philosopher as a poet, he was a Persian astronomer, who praised the beauties of nature, the essence of love, the mysteries of

existence, the limits of private life and the joys of wine. Translated in 1857 by Edward Fitzgerald it was originally published in English anonymously, but was later discovered and promoted by the Pre-Raphaelites, who would have empathised with many of the poem's themes. Published here as part of the Great Poets series, it is without doubt one of the greatest works of literature of all time.
