

the norton anthology of theory and criticism

The Norton Anthology of Theory and Criticism is an essential resource for students, scholars, and enthusiasts of literary theory and critical thought. As a comprehensive collection of foundational and contemporary texts, it offers an extensive overview of the evolution of critical perspectives across centuries. This anthology not only serves as an invaluable reference but also provides insight into how literary and cultural criticism has developed, influenced, and shaped the understanding of texts and society.

Overview of The Norton Anthology of Theory and Criticism

The Norton Anthology of Theory and Criticism is part of the renowned Norton series, which is widely respected for its editorial rigor and scholarly depth. First published in 2001, this anthology has become a cornerstone in literary studies, particularly for courses on theory, criticism, and cultural studies. It includes a diverse selection of writings from classical to modern thinkers, encompassing various schools of thought, methodologies, and perspectives.

The anthology aims to present a coherent narrative of the development of critical thought, highlighting key figures and movements that have shaped the landscape of literary theory. It covers everything from ancient philosophy and rhetoric to poststructuralism, feminism, psychoanalysis, and beyond. Its curated selection allows readers to trace intellectual lineages and understand how different theories respond to the social and political issues of their times.

Content and Structure of the Anthology

The Norton Anthology of Theory and Criticism is organized into thematic and chronological sections, making it accessible and easy to navigate for readers at different levels of familiarity with the subject.

Major Sections and Themes

1. Classical and Medieval Foundations
 - Rhetoric and philosophy from Plato, Aristotle, and Cicero.
 - Early religious and philosophical critiques.
2. Renaissance and Enlightenment
 - Humanism, satire, and early aesthetic theories.
 - Critical writings from figures like Montaigne and Dryden.
3. Romanticism and Victorian Criticism
 - Emphasis on emotion, imagination, and individualism.
 - Critics such as Burke and Coleridge.
4. Modernist and Early 20th Century Theories
 - Formalism, New Criticism, and early psychoanalytic approaches.
 - Thinkers like T.S. Eliot, I.A. Richards, and Viktor Shklovsky.
5. Post-Structuralism and Deconstruction
 - Derrida, Foucault, and Barthes.
 - Focus on language, power, and the instability of meaning.
6. Feminist, Queer, and Critical Race Theories
 - Works by Judith Butler, bell hooks, and other influential voices.
 - Emphasis on identity, power, and social justice.
7. Contemporary and Intersectional Criticism
 - Ecocriticism, digital humanities, and global perspectives.
 - Discussions on media, technology, and cultural diversity.

Highlights of Key Texts and Authors

The anthology features significant writings from influential theorists, including:

- **Plato** – Dialogues on poetry and philosophy.
- **Aristotle** – Poetics and theories of tragedy.
- **Immanuel Kant** – Critique of aesthetic judgment.
- **Marx and Engels** – Literary materialism and ideology critique.
- **Sigmund Freud** – Psychoanalytic approaches to literature.

- **Jacques Derrida** – Deconstruction and the instability of meaning.
- **Michel Foucault** – Power, knowledge, and discourse analysis.
- **Judith Butler** – Gender performativity and queer theory.
- **Edward Said** – Orientalism and postcolonial critique.

This diverse array of texts makes the anthology a rich resource for understanding the multifaceted nature of critical theory.

The Significance of The Norton Anthology of Theory and Criticism

Educational Value

The anthology is widely used in academic settings for its ability to introduce students to complex ideas through carefully selected excerpts. Its primary strengths include:

- **Contextual Introductions:** Each section contains introductions that situate the texts historically and philosophically.
- **Annotations and Explanations:** Marginal notes and footnotes clarify difficult concepts.
- **Diverse Perspectives:** Inclusion of multiple voices ensures a balanced and comprehensive view of critical thought.

Research and Scholarship

For researchers, the anthology serves as a foundational reference, providing:

- **Primary Source Material:** Direct access to the original writings of major theorists.
- **Historical Progression:** An understanding of how ideas have evolved over time.
- **Theoretical Interconnections:** Insights into how different schools of thought influence and dialogue with each other.

Relevance to Contemporary Criticism

In an era marked by rapid cultural and technological changes, the anthology's inclusion of contemporary theories enables readers to analyze current issues through established critical frameworks. The intersectional approach, integrating race, gender, class, and ecology, reflects the ongoing development of critical thought.

How to Use The Norton Anthology of Theory and Criticism Effectively

To maximize the benefits of this resource, consider the following strategies:

1. **Start with Thematic Sections:** Begin exploring sections aligned with your interests or coursework.
2. **Read Introductions Carefully:** They provide essential context and facilitate understanding of complex theories.
3. **Annotate and Take Notes:** Engage actively with the texts to retain key ideas and connections.
4. **Compare Perspectives:** Analyze contrasting views to deepen your critical thinking skills.
5. **Incorporate Secondary Sources:** Supplement readings with scholarly articles for broader insights.

Why Choose The Norton Anthology of Theory and Criticism?

Here are compelling reasons why this anthology remains a preferred resource:

- **Comprehensive Coverage:** It spans a broad timeline and includes diverse critical voices.
- **Authoritative Selections:** Curated by expert editors to ensure relevance

and scholarly integrity.

- **User-Friendly Design:** Clear organization, helpful introductions, and annotations facilitate learning.
- **Updated Editions:** Regular updates incorporate emerging theories and contemporary debates.

Conclusion

The Norton Anthology of Theory and Criticism stands as an indispensable compendium for understanding the evolution and diversity of critical thought. Its extensive collection of seminal texts, thoughtful organization, and scholarly commentary make it an essential tool for anyone seeking to explore the depths of literary and cultural criticism. Whether used for academic coursework, research, or personal enrichment, this anthology provides a solid foundation for engaging with the complex ideas that shape our interpretation of texts and cultures.

By immersing yourself in its pages, you'll gain not only knowledge of critical theories but also the analytical skills necessary to navigate and contribute to ongoing conversations in the field. As literary criticism continues to evolve, The Norton Anthology of Theory and Criticism remains a vital resource that bridges past and present, theory and practice, fostering a deeper understanding of the power of critique in shaping our world.

Frequently Asked Questions

What is 'The Norton Anthology of Theory and Criticism'?

'The Norton Anthology of Theory and Criticism' is a comprehensive collection of key texts in literary theory and criticism, curated to provide students and scholars with foundational and influential writings from various periods and schools.

Who are some of the notable authors included in 'The Norton Anthology of Theory and Criticism'?

The anthology features works by prominent thinkers such as Plato, Aristotle, Sigmund Freud, Michel Foucault, Jacques Derrida, Julia Kristeva, and many others who have shaped the field of literary theory and criticism.

How is 'The Norton Anthology of Theory and Criticism' organized?

The anthology is organized chronologically and thematically, grouping texts by historical period, school of thought, or critical approach, making it easier for readers to trace the development of ideas over time.

What editions of 'The Norton Anthology of Theory and Criticism' are available, and how do they differ?

Multiple editions exist, with updates and expanded content in later versions to include more recent critical theories, contemporary voices, and additional contextual materials, reflecting ongoing developments in the field.

Why is 'The Norton Anthology of Theory and Criticism' considered essential for students of literature?

It provides a broad and authoritative overview of major theories and criticism, offering essential primary texts that deepen understanding of literary analysis, cultural critique, and critical methodology.

How does 'The Norton Anthology of Theory and Criticism' support interdisciplinary studies?

By including texts from philosophy, cultural studies, gender studies, and other disciplines, the anthology encourages interdisciplinary approaches to literary theory and criticism.

Can 'The Norton Anthology of Theory and Criticism' be used for self-study?

Yes, it is a valuable resource for self-study due to its comprehensive selections, contextual introductions, and explanatory notes that help readers grasp complex theories independently.

What are some recent trends reflected in the latest editions of 'The Norton Anthology of Theory and Criticism'?

Recent editions incorporate contemporary theories such as postcolonialism, eco-criticism, digital humanities, and intersectionality, reflecting current debates and expanding the scope of critical discourse.

The Norton Anthology of Theory and Criticism: A Comprehensive Guide to Its Significance and Content

The Norton Anthology of Theory and Criticism stands as a monumental compilation in the landscape of literary studies, philosophy, and cultural theory. As a foundational resource for students, scholars, and enthusiasts alike, this anthology offers an expansive journey through the evolution of critical thought, from classical antiquity to contemporary debates. Its meticulous curation and scholarly rigor make it an essential reference point for understanding how ideas about literature, society, and human nature have developed over centuries.

In this article, we explore the origins, structure, significance, and contents of The Norton Anthology of Theory and Criticism, providing readers with a detailed overview that highlights its role as both an educational tool and a reflection of intellectual history.

Origins and Development of the Norton Anthology of Theory and Criticism

Historical Context and Publication

The Norton Anthology of Theory and Criticism was first published in 2001 by W. W. Norton & Company, a publisher renowned for its comprehensive anthologies in literature and related fields. It was conceived as a successor to earlier anthologies that focused narrowly on literary theory or specific periods, aiming instead to provide a broad, inclusive, and critical survey of theoretical thought across disciplines.

The motivation behind its creation was to fill a gap in academic resources—offering students and scholars a single, authoritative volume that captures the dialogue of critical ideas spanning millennia. Over subsequent editions, the anthology has been expanded and refined, reflecting ongoing scholarly debates and the evolving landscape of critical theory.

Philosophy Behind the Compilation

The editors of the anthology aimed to present a diverse range of voices, acknowledging that critical theory is inherently interdisciplinary. The collection emphasizes the dialogic nature of theory—how ideas influence, contest, and reshape each other over time. It also seeks to balance canonical texts with more recent or marginalized voices, thereby fostering a

comprehensive understanding of the field's complexity.

The anthology's development was influenced by pedagogical needs, recognizing that students often struggle to navigate the vast and sometimes intimidating body of theoretical writing. By curating selections that are accessible yet profound, the editors aimed to demystify theory and encourage critical engagement.

Structure and Organization of the Anthology

Major Sections and Thematic Groupings

The Norton Anthology of Theory and Criticism is organized into thematic and chronological sections that guide readers through the development of critical thought. These sections typically include:

- Classical Foundations: Ancient Greece and Rome, including Plato, Aristotle, and Cicero.
- Medieval and Renaissance Thought: Augustine, Aquinas, Erasmus.
- Enlightenment and Early Modern Theorists: Descartes, Locke, Rousseau.
- Romantic and 19th-Century Theorists: Kant, Hegel, Marx, Darwin.
- Modernist and 20th-Century Critical Theory: Freud, Jung, Saussure, Derrida, Foucault.
- Contemporary Perspectives: Postcolonialism, gender studies, environmental criticism, digital theory.

Within each section, texts are arranged chronologically or thematically, providing a narrative of how ideas evolved and responded to historical contexts.

Selection Criteria and Inclusion of Texts

The editors employ strict criteria for inclusion, prioritizing works that have significantly influenced the development of theory and criticism. The criteria include:

- Historical significance and influence.
- Innovation in thought or methodology.
- Representativeness of diverse voices and perspectives.
- Accessibility for students and non-specialists.

While the anthology is comprehensive, it also strives to avoid excessive specialization, balancing canonical texts with contemporary voices that continue to shape debates.

Significance and Impact of the Anthology

Educational Value

The Norton Anthology of Theory and Criticism serves as an invaluable resource for academic courses in literature, philosophy, cultural studies, and related fields. Its carefully curated texts allow students to:

- Gain exposure to foundational ideas across periods.
- Develop an understanding of different critical approaches.
- Engage in comparative analysis of theories.
- Build a critical vocabulary for academic writing.

Its introduction sections, headnotes, and supplemental materials further aid comprehension, providing context and interpretive guidance.

The Role in Shaping Scholarship

Beyond its educational utility, the anthology has played a significant role in shaping scholarly discourse. By consolidating key texts, it has:

- Facilitated interdisciplinary dialogue.
- Encouraged the reevaluation of canonical theories.
- Supported the integration of marginalized perspectives.
- Provided a baseline for new theoretical developments.

Scholars often cite the anthology as a starting point for research, and its selections influence syllabi worldwide.

Fostering Critical Literacy

The anthology's emphasis on diverse voices and complex ideas fosters critical literacy—an essential skill for navigating contemporary society's multifaceted cultural landscape. It invites readers to question assumptions, recognize ideological biases, and appreciate the historical contingencies of theory.

Highlights of Notable Texts and Thinkers Included

The richness of The Norton Anthology of Theory and Criticism is evident in

its extensive roster of influential thinkers and texts. Some notable inclusions are:

- Plato's Republic, foundational for political philosophy and aesthetics.
- Aristotle's Poetics, which shapes literary criticism.
- Descartes' Discourse on Method, marking the rise of modern philosophy.
- Karl Marx's Communist Manifesto, influencing critical theory and social critique.
- Sigmund Freud's The Interpretation of Dreams, inaugurating psychoanalytic approaches.
- Jacques Derrida's Deconstruction, challenging Western metaphysics.
- Michel Foucault's Discipline and Punish, examining power structures.
- bell hooks' writings on intersectionality and social justice.
- Judith Butler's works on gender performativity.

This diverse array exemplifies the anthology's commitment to inclusivity and comprehensive coverage.

Critiques and Limitations

Despite its acclaim, the anthology is not without critique. Some scholars argue that:

- Certain voices or movements may be underrepresented.
- The selection reflects Western-centric perspectives, despite efforts toward inclusivity.
- The dense or complex texts may remain challenging for novice readers.
- The vast scope can sometimes overwhelm students, necessitating supplementary readings.

However, these limitations are often acknowledged within the prefaces, and the anthology's value as a foundational resource remains uncontested.

Conclusion: The Anthology's Continuing Relevance

The Norton Anthology of Theory and Criticism endures as a cornerstone in the field, bridging historical depth with contemporary relevance. Its comprehensive approach allows readers to trace the lineage of ideas and appreciate the dynamic, often contentious dialogues that shape our understanding of literature and society. Whether used as a textbook, a reference work, or a source of inspiration, the anthology continues to influence generations of thinkers, writers, and critics.

As critical debates evolve in response to new social, political, and technological challenges, the anthology's curated texts will remain

vital—offering tools to interrogate, interpret, and challenge the world around us. Its enduring significance underscores the importance of theory and criticism not just as academic pursuits but as vital components of cultural literacy and intellectual engagement in the 21st century.

The Norton Anthology Of Theory And Criticism

the norton anthology of theory and criticism: The Norton Anthology of Theory and Criticism Leitch, Vincent B, Cain, William E, 2010-02-08 The Norton Anthology of Theory and Criticism is the gold standard for anyone who wishes to understand the development and current state of literary theory. Offering 185 pieces (31 of them new) by 148 authors (18 of them new), The Norton Anthology of Theory and Criticism , Second Edition, is more comprehensive, and more varied, in its selection than any other anthology. New selections from non-western theory and a thoroughly updated twentieth century selection make the book even more diverse and authoritative.

the norton anthology of theory and criticism: *Teaching with the Norton Anthology of Theory and Criticism* Vincent B. Leitch, M. Keith Booker, 2001 The Norton Anthology of Theory and Criticism presents a staggeringly varied collection of the most influential critical statements from the classical era to the present day.

the norton anthology of theory and criticism: The Norton Anthology of Theory and Criticism Vincent B. Leitch, William E. Cain, Laurie A. Finke, John McGowan, T. Denean Sharpley-Whiting, Jeffrey Williams, 2018 More comprehensive and up-to-date than ever before

the norton anthology of theory and criticism: The Norton Anthology of Theory and Criticism Vincent B. Leitch, 2001 This welcome addition to the Norton anthologies binds the writings from 148 authors--among them Gorgias of Leontini, Plato, Aristotle, Horace, Longinus, Quintilian, Dante, Corneille, Dryden, Aphra Behn, Vico, Wollstonecraft, Coleridge, Poe, Baudelaire, Lukacs, Heidegger, Gramsci, Barthes, Raymond Williams, Haraway, Hebdige, hooks, Judith Butler, and the most recent theorist, Stuart Moulthrop.

the norton anthology of theory and criticism: Theory Matters Vincent Leitch, 2014-02-04 First Published in 2003. In this book on what theory means today, the general editor of the Norton Anthology of Criticism and Theory explores how theory has altered the way the humanities do business. Theory got personal, went global, became popular, and in the process has changed everything we thought we knew about intellectual life. One of the most adroit and perceptive observers of the critical scene, Vincent Leitch offers these engaging snapshots to show how theory is at work. This is an utterly readable little book by one of our best historians on the theoretical turn that over the past thirty years has so powerfully changed the academy.

the norton anthology of theory and criticism: *Theory Matters* Vincent B. Leitch, 2003 First Published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.

the norton anthology of theory and criticism: *Beginning Theory* Peter Barry, 2002-09-07 In this second edition of *Beginning Theory*, the variety of approaches, theorists, and technical language is lucidly and expertly unraveled and explained, and allows readers to develop their own ideas once first principles have been grasped. Expanded and updated from the original edition first published in 1995, Peter Barry has incorporated all of the recent developments in literary theory, adding two new chapters covering the emergent Eco-criticism and the re-emerging Narratology.

the norton anthology of theory and criticism: Cinematic Howling Hoi Cheu, 2010-10-01 *Cinematic Howling* presents a refreshingly unorthodox framework for feminist film studies. Instead of criticizing mainstream movies from feminist perspectives, Hoi Cheu focuses on women's filmmaking itself. Integrating systems theory and feminist aesthetics in his close readings of films and screenplays by women, he considers how women engage the process of storytelling in cinema.

The importance of these films, he argues, is not merely that they reflect women's perceptions, but that they have the power to reframe experiences and, consequently, to transform life. A major contribution to feminist scholarship that will appeal to scholars of both gender and film, *Cinematic Howling* is written in an approachable and inviting style, full of vivid examples and attention to detail, which will suit both undergraduate and graduate courses in gender, film, and cultural studies.

the norton anthology of theory and criticism: *Theory's Empire* Daphne Patai, Wilfrido Howard Corral, 2005 Not too long ago, literary theorists were writing about the death of the novel and the death of the author; today many are talking about the death of Theory. Theory, as the many theoretical ism's (among them postcolonialism, postmodernism, and New Historicism) are now known, once seemed so exciting but has become ossified and insular. This iconoclastic collection is an excellent companion to current anthologies of literary theory, which have embraced an uncritical stance toward Theory and its practitioners. Written by nearly fifty prominent scholars, the essays in *Theory's Empire* question the ideas, catchphrases, and excesses that have let Theory congeal into a predictable orthodoxy. More than just a critique, however, this collection provides readers with effective tools to redeem the study of literature, restore reason to our intellectual life, and redefine the role and place of Theory in the academy.

the norton anthology of theory and criticism: *Literary Theory and Criticism: An Introduction* Anne H. Stevens, 2015-06-18 *Literary Theory and Criticism: An Introduction* provides an accessible overview of major figures and movements in literary theory and criticism from antiquity to the twenty-first century. It is designed for students at the undergraduate level or for others needing a broad synthesis of the long history of literary theory. An introductory chapter provides an overview of some of the major issues within literary theory and criticism; further chapters survey theory and criticism in antiquity, the Middle Ages and Renaissance, the Enlightenment, and the nineteenth century. For twentieth- and twenty-first-century theory, the discussion is subdivided into separate chapters on formalist, historicist, political, and psychoanalytic approaches. The final chapter applies a variety of theoretical concepts and approaches to two famous works of literature: William Shakespeare's *Hamlet* and Mary Shelley's *Frankenstein*.

the norton anthology of theory and criticism: *English and American Studies* Martin Middeke, 2016-08-17 *Das ganze Studium der Anglistik und Amerikanistik in einem Band. Ob englische und amerikanische Literatur, Sprachwissenschaft, Literatur- und Kulturtheorie, Fachdidaktik oder die Analyse von Filmen und kulturellen Phänomenen führende Fachvertreter geben in englischer Sprache einen ausführlichen Überblick über alle relevanten Teildisziplinen. BA- und MA-Studierende finden hier die wichtigsten Grundlagen und Wissensgebiete auf einen Blick. Durch die übersichtliche Darstellung und das Sachregister optimal für das systematische Lernen und zum Nachschlagen geeignet.*

the norton anthology of theory and criticism: *Modernism and Theory* Stephen Ross, 2009-05-07 *Modernism and Theory* boldly asks what role theory has to play in the new modernist studies. The three sections comprise expositions and debates on modernist topics by leading contributors, and the book concludes with an afterword from Fredric Jameson.

the norton anthology of theory and criticism: *Reading the Bible Ethically* Eric J. Douglass, 2014-09-11 All interpretive systems deal with the author. Modern systems consider the text to be autonomous, so that it is disconnected from the author's interests. In *Reading the Bible Ethically*, Eric Douglass reconsiders this connection. His central argument is that the author is a subject who reproduces her culture and her subjectivity in the text. As the author reproduces her subjectivity, the text functions as the author's voice. This allows Douglass to apply ethical principles to interpretation, where that voice is treated as a subject for conversation, and not an object for manipulation. He uses this to texture the reading process, so that an initial reading takes account of the author's communication, while a second reading critiques that communication.

the norton anthology of theory and criticism: *Biblical Interpretation* W. Randolph Tate, 2008-05-01 This comprehensive exploration of the interpretive process, now available in paperback, has served as a successful textbook. It focuses on the three worlds of biblical interpretation--the

world of the author, the world of the text, and the world of the reader--to help students develop an integrated hermeneutical strategy. The book offers clear explanations of interpretive approaches, which are supported by helpful biblical examples, and succinct synopses of various interpretive methods. Pedagogical aids include end-of-chapter review and study sections with key terms, study questions, and suggestions for further reading.

the norton anthology of theory and criticism: *Theory That Matters* Kacper Bartczak, Małgorzata Myk, 2014-08-11 "Covering an impressive scope of subjects in literary and cultural theory, from Freud, Heidegger and Barthes to Fish, Rorty and Bhabha, *Theory That Matters* offers a welcome up-to-date assessment of the state of the discipline. Such a recapitulation serves as a point of departure for the examinations of the new practices across the arts and media and of the innovative interpretative tools suggested by these practices. The contributors take their examples from an amazing variety of contexts and thus prove that the very dynamics of theory is a fascinating phenomenon. Succeeding several recent anthologies that have cast doubt on the aims of theory, the present volume launches its defence and, at the same time, demonstrates that this is not to be achieved at the expense of praxis. The book clearly shows that theory owes its currency to its multiple functions, among others, as a procedure of interpretation, a vehicle for philosophical reflection, and a formulation of an ideological stance." – Marek Paryz, Associate Professor, Institute of English Studies, University of Warsaw; Editor of the Polish Journal for American Studies

the norton anthology of theory and criticism: *Literary Criticism and Theory* Pelagia Goulimari, 2014-09-15 This incredibly useful volume offers an introduction to the history of literary criticism and theory from ancient Greece to the present. Grounded in the close reading of landmark theoretical texts, while seeking to encourage the reader's critical response, Pelagia Goulimari examines: major thinkers and critics from Plato and Aristotle to Foucault, Derrida, Kristeva, Said and Butler; key concepts, themes and schools in the history of literary theory: mimesis, inspiration, reason and emotion, the self, the relation of literature to history, society, culture and ethics, feminism, poststructuralism, postcolonialism, queer theory; genres and movements in literary history: epic, tragedy, comedy, the novel; Romanticism, realism, modernism and postmodernism. Historical connections between theorists and theories are traced and the book is generously cross-referenced. With useful features such as key-point conclusions, further reading sections, descriptive text boxes, detailed headings, and with a comprehensive index, this book is the ideal introduction to anyone approaching literary theory for the first time or unfamiliar with the scope of its history.

the norton anthology of theory and criticism: *Framing Theory's Empire* John Holbo, 2007-11-16 As the Theory Era draws to a close, we need more than ever intelligent rumination and debate over what it all meant. *THEORY'S EMPIRE* was an important step in that direction. *Framing THEORY'S EMPIRE* carries on the conversation with sophistication and flair. -Denis Dutton

the norton anthology of theory and criticism: *A Companion to Romantic Poetry* Charles Mahoney, 2010-12-21 Through a series of 34 essays by leading and emerging scholars, *A Companion to Romantic Poetry* reveals the rich diversity of Romantic poetry and shows why it continues to hold such a vital and indispensable place in the history of English literature. Breaking free from the boundaries of the traditionally-studied authors, the collection takes a revitalized approach to the field and brings together some of the most exciting work being done at the present time. Emphasizes poetic form and technique rather than a biographical approach. Features essays on production and distribution and the different schools and movements of Romantic Poetry. Introduces contemporary contexts and perspectives, as well as the issues and debates that continue to drive scholarship in the field. Presents the most comprehensive and compelling collection of essays on British Romantic poetry currently available.

the norton anthology of theory and criticism: *Postcolonial English Literature: Theory and Practice* Dipak Giri, 2018-01-01 About the book: *Postcolonial English Literature* that has gained wide currency as a theoretical as well as critical approach to postmodernist literature in English owed much to writings of Chinua Achebe and Nadine Gordimer who were the trendsetters. Since then it

has been growing in rapid number and many writers alongwith theorists like Edward Said, Gayatri Chakravorty Spivak, Bill Ashcroft and Homi K Bhabha from across the globe have started writing their theory as well as literature. Writers from Africa and the Caribbean, South Asia, mostly from Indian subcontinent, New Zealand, England and Ireland are taking interest in this area of study. Now the area of postcolonial English literature has become so broad and ever-expanding that the task of encompassing it in an anthology has become a tough work. Still the present anthology is an endeavour from the part of authors and contributors to comprise the ever-widening area of postcolonial English literature into twenty one well written chapters of different perspectives which the authors hopefully see serve the window through which the glimpses of many unexplored regions of this area of study will be caught.

the norton anthology of theory and criticism: The Use and Abuse of Literature Marjorie Garber, 2011-03-29 As defining as Christopher Lasch's The Culture of Narcissism, Allan Bloom's The Closing of the American Mind, and Dinesh D'Souza's Illiberal Education were to the 1970s, 1980s, and 1990s, respectively, Marjorie Garber's The Use and Abuse of Literature is to our times. Even as the decline of the reading of literature, as argued by the National Endowment for the Arts, proceeds in our culture, Garber ("One of the most powerful women in the academic world"—The New York Times) gives us a deep and engaging meditation on the usefulness and uselessness of literature in the digital age. What is literature, anyway? How has it been understood over time, and what is its relevance for us today? Who are its gatekeepers? Is its canonicity fixed? Why has literature been on the defensive since Plato? Does it have any use at all, or does it merely serve as an aristocratic or bourgeois accoutrement attesting to worldly sophistication and refinement of spirit? Is it, as most of us assume, good to read literature, much less study it—and what does either mean? The Use and Abuse of Literature is a tour de force about our culture in crisis that is extraordinary for its brio, panache, and erudition (and appreciation of popular culture) lightly carried. Garber's winning aim is to reclaim literature from the margins of our personal, educational, and professional lives and restore it to the center, as a fierce, radical way of thinking.
