The Personal Narrative: Anita Moorjani's Journey

The Illness and Diagnosis

Anita Moorjani's story begins with her struggles with health. Diagnosed with lymphoma, she faced a prognosis that was grim; her condition had advanced to a point where conventional treatments offered little hope. Her physical health was deteriorating rapidly, and she was preparing for the inevitable.

The Near-Death Experience

While in a coma, Moorjani reports having an extraordinary experience that transcended physical boundaries. She describes a state of unconditional love, clarity, and understanding that revealed profound truths about her existence and the universe. This NDE was characterized by feelings of peace, interconnectedness, and a realization that her fears and limitations were constructs of her mind.

The Aftermath and Healing

book dying to be me: Dying to Be Free Hannah Robinson, 2016-04-29 In this compelling memoir, Hannah Robinson relates how she was injured in an accident while on holiday in Tenerife, sustaining life-threatening multiple injuries. While still unconscious she entered a near-death experience, where she experienced true peace and love. She also received the information she needed to come to terms with the biggest, negative issue she would continue to face; the life-long rejection and enforced secrecy of her father, a Catholic priest. While healing in hospital and at

home, Hannah started to understand how her father's actions and her near-death experience were inextricably linked; that they'd both occurred at all was more than just coincidence. Within these pages, Hannah shares many of the stages of her life-transforming journey, both wonderful and excruciating, that have brought her to a deeper understanding of how and why this all happened. Increasingly struck by the contrast between her own spiritual experience and her treatment by the Catholic Church, Hannah examines the relationship between organised religion and near-death experiences and makes a good argument for love being the most emotionally, spiritually and psychologically healing power there is; one that transcends human belief systems and ultimately unites us all as one.

book dying to be me: What If This Is Heaven? Anita Moorjani, 2017-09-12 If life is about the journey and not the destination, could it be that this is heaven—this physical life we are living here on Earth? What we experience in our daily lives often feels like anything but heaven. But what if we understood how powerful we are—that we are powerful enough to mold both our internal and our external reality? Anita Moorjani, the New York Times bestselling author of *Dying to Be Me*, is convinced we can do exactly that. The process, she explains, requires dismantling many cultural myths mistaken for indisputable truths. Beliefs such as We get what we deserve, Loving ourselves is selfish, and Coincidences are just that—coincidences, are ingrained within us from birth, pervasive and influential, leading to generations of misguidance. Following her near-death experience, Moorjani began to embody truths she learned in the other realm, discovering that letting go of these outmoded myths allowed her to experience heaven not as a physical place but as a state of mind, right here and right now. In this examination of our common myths, she shares stories and examples from her own life, revealing the lies beneath the surface of what she was taught and absorbed. By freeing ourselves from these falsehoods, Moorjani asserts, we can leave fear, heartache, and self-imposed boundaries behind and instead live lives full of purpose and joy.

book dying to be me: Manifesting Made Easy Karen McDonnell Hilligoss, 2023-09-21 Karen McDonnell Hilligoss refuses to allow herself to live with self-defeating thoughts or self-imposed limitations. Instead, she has chosen to partner with the spirit realm and continue to allow a higher power to dictate her life's purpose and plan. Once again, she is inviting others to do the same. In a spiritual guide based on speeches and books by Dr. Wayne Dyer, Karen leads knowledge seekers down an inspiring, self-reflective path while expanding on Dyer's teachings and principles. After describing the meaning of intention, explaining how the connection to intention can become corroded, and then detailing how we can reconnect with intention to create an ideal life, Karen reveals why taking concrete action steps is so important to success and provides a formula to manifest dreams and fulfill wishes through the spiritual concept, the Power of I Am. She relies on her diverse experience with meditation to offer additional insight into how others can overcome ordinary consciousness and realize miracles. The Power of I Am blends personal stories with the teachings of Dr. Wayne Dyer to help anyone tap into the amazing power of manifestation to create a dream life.

book dying to be me: The Next Human Jason Lincoln Jeffers, 2014-08-12 Everything in nature evolves. This process is usually slow, taking millions of years. But every couple hundred millennia or so, an entire species takes a giant leap forward. Currently, 17,500 nuclear warheads on Planet Earth are considered operational and at least 4,000 of them are on hair-trigger alert. The nations of North Korea and Iran are scrambling to add their own warheads to the list. The human race now has but one option for world peace: evolution. As we venture beyond the end of the Mayan Calendar at the end of 2012, a small percentage of humanity is evolving from an egoic, codependent, emotionally violent, self-destructive state of suffering into a heart-centered, egoless, Self-reliant, creative state of being. Ethereally connected to Gaia, Mother Earth, this burgeoning, spiritually enlightened, highly intuitive, and compassionate species of humanity will actualize the protective and balancing nature of the sacred feminine. Ultimately, there is no way out of these current problems that we face together, only a way through. The way begins and ends with the personal evolution of the Self. Non-conformity to the current system of control through peaceful, spiritual revolution, both individually and collectively, is what is needed now if we are going to move beyond the social injustice, oppression, pollution, poverty, famine, and incessant wars that pervade our planet. As we learn to honor the body's divine intelligence, an entirely new system of drug-free health care will emerge, as opposed to the disease care model that exists today. The time has come

for us to look to solutions from higher levels of intelligence, higher levels of consciousness. Now is the time for us to draw a line in the sand and stand up for our divine Selves, to stop playing the victim as a species. Your evolutionary journey begins and ends with Self-mastery, through the transformation of the Seven Selves. When you change your little me who means nothing to the universe perspective to an I am the center of all creation perspective, your whole existence and reason for living transforms.

book dying to be me: Revolution - Sex, Gender and Spirituality - Love Set Free Richard Bruvoll Jr., 2024-04-25 "Did you know that religion, whether you're religious or not, is the single topic that has had the most profound impact on the species of human-beings?" (David Fontana). Reading this book, you will be reminded of the human madness and frequently evil attitudes and actions throughout recorded history. Much of it probably unknown to many of you. Our time's narratives have become cultural "truths", as so many times before in our history. I would recommend that you read about key conceptual explanations and models in Part I before embarking on the journey through this dramatic history of humanity. Disclaimer: This book is not recommended for people with high blood-pressure, especially if you are an extreme left-wing Darwinist or an extreme right-wing Abrahamist. You've hereby been warned. Have a good read and learning-experience! Especially the NDE's "Life-review stage", or more precisely "The Life-relive stage", as the psychologist and researcher Kenneth Ring puts it. This stage resembles both Dante's inferno and the biblical purgatory, but with a very interesting twist to it. This stage is also the route to go in order to prevent aggressive behavior on all levels. The NDE Code (connecting the dots) Richard Bruvoll Jr Blokus Denmark July 2020.
