

doctor who the time warrior

doctor who the time warrior is a captivating chapter in the expansive universe of Doctor Who, blending science fiction with adventure, mystery, and timeless storytelling. As one of the lesser-known but intriguing stories in the series, "The Time Warrior" first aired in 1973 as part of the show's 10th season, featuring the iconic Fourth Doctor played by Tom Baker. This serial introduces viewers to a compelling narrative centered around time travel, alien invasions, and the enduring heroism of the Doctor. Over the years, it has gained recognition among fans for its unique plotlines, memorable characters, and its importance in expanding the lore of the Doctor Who universe.

Overview of "The Time Warrior"

Understanding "The Time Warrior" requires a grasp of its plot, characters, and significance within the Doctor Who canon. It marked a pivotal moment in the series, as it was one of the first serials to venture into the theme of medieval invasion intertwined with futuristic technology.

Plot Summary

Set in the 13th century in England, "The Time Warrior" follows the Doctor, Sarah Jane Smith, and their encounter with a mysterious alien warrior named Linx. The story begins with the Doctor investigating strange anomalies in time and space, leading him to the medieval setting. There, he uncovers a plot by the Sontarans, a militaristic alien race, who are attempting to invade Earth using advanced technology hidden in the past.

Linx, a Sontaran commander, is dispatched to the medieval period to establish a base of operations, harnessing Earth's resources for the ongoing Sontaran war efforts. The Doctor and Sarah Jane must navigate the complexities of medieval society while thwarting the Sontaran invasion plans, leading to a

series of tense confrontations and daring escapes.

Main Characters and Their Roles

- The Fourth Doctor: Charismatic, curious, and resourceful, played by Tom Baker. His quick wit and compassion are central to overcoming the alien threat.
- Sarah Jane Smith: A journalist and companion to the Doctor, known for her bravery and intelligence. She plays a vital role in uncovering the Sontaran plans.
- Linx: The primary antagonist, a Sontaran warrior who exhibits both ruthless military strategy and moments of unexpected humor.
- The Sontarans: A clone-based warrior race, obsessed with combat and conquest, characterized by their distinctive Rutans and armor.

The Significance of "The Time Warrior" in Doctor Who History

This serial is notable for several reasons, shaping the direction of future stories and deepening the universe's lore.

Introduction of the Sontarans

"The Time Warrior" marks the first appearance of the Sontarans, a recurring antagonist in the Doctor Who series. Known for their distinctive potato-shaped appearance and warrior ethos, the Sontarans quickly became iconic villains, embodying the militaristic and aggressive qualities of alien invaders.

Key Points about the Sontarans:

- Clone-based warriors with a focus on combat efficiency
- Known for their loyalty to their race and military discipline
- Frequently appear in various serials, often as villains or complex characters

Character Development and Legacy

The serial introduces Sarah Jane Smith, one of the most beloved companions in the Doctor Who universe. Her intelligence, bravery, and curiosity set a new standard for the series' companions.

Legacy Highlights:

- Sarah Jane's character is celebrated for her independence and resourcefulness.
- The serial showcases the Doctor's moral compass and his ability to adapt to different historical periods.
- It exemplifies the show's blend of historical drama and sci-fi action.

The Themes and Motifs of "The Time Warrior"

This serial explores various themes that resonate throughout the series and beyond.

Time Travel and Its Consequences

At its core, the story emphasizes the importance of safeguarding the timeline. The Sontarans' attempt to establish a base in medieval England threatens to alter history, highlighting the risks and responsibilities associated with time travel.

Themes include:

- The butterfly effect of changing historical events
- The ethical dilemmas faced by the Doctor when intervening in history
- The dangers of technology misuse across eras

War and Peace

The serial juxtaposes the brutal, militaristic nature of the Sontarans with the peaceful medieval society. It prompts viewers to consider the costs of war and the value of diplomacy and understanding.

Motifs:

- The clash between technology and tradition
- The moral duty to protect innocent lives
- The heroism found in ordinary people and extraordinary circumstances

Impact and Reception

Since its broadcast, "The Time Warrior" has been praised for its engaging storyline, memorable characters, and its role in expanding the Doctor Who universe.

Critical Reception

Fans and critics alike have lauded the serial for its tight pacing, inventive plot twists, and the debut of the Sontarans. The character of Linx is often remembered for his humorous yet menacing presence.

Key praise points:

- Strong performances by Tom Baker and Elisabeth Sladen (Sarah Jane)
- Innovative blending of historical and sci-fi elements
- Introduction of memorable villains that recur in later stories

Legacy in Popular Culture

"The Time Warrior" continues to influence Doctor Who stories and merchandise, with the Sontarans becoming a staple villain in the franchise. Its themes of heroism, morality, and the intersection of

history and science fiction remain relevant.

Influence includes:

- Reappearances of the Sontarans in modern Doctor Who episodes
- Inspiration for comic books, audio dramas, and spin-off media
- Cult following among dedicated fans who appreciate its historical and sci-fi fusion

Conclusion: Why "The Time Warrior" Remains a Classic

In the vast expanse of Doctor Who history, "The Time Warrior" stands out as a pioneering serial that combines historical adventure with sci-fi intrigue. Its introduction of the Sontarans added a new layer to the series' rich tapestry of villains, and its portrayal of the Fourth Doctor and Sarah Jane Smith set the tone for many future stories. The serial's exploration of themes like war, morality, and the significance of preserving history continues to resonate with audiences today. Whether you're a longtime fan or new to the series, "The Time Warrior" offers a compelling glimpse into the timeless appeal of Doctor Who—a series that champions curiosity, bravery, and the enduring fight for good across the ages.

Doctor Who: The Time Warrior – An In-Depth Exploration of a Sci-Fi Classic

Introduction

Since its debut in 1963, Doctor Who has been a cornerstone of science fiction television, captivating audiences with its imaginative storytelling, compelling characters, and groundbreaking concepts.

Among its numerous stories, The Time Warrior stands out as a pivotal serial that not only expanded the mythos of the Doctor but also introduced new elements that would shape the series' future. This article offers a comprehensive analysis of The Time Warrior, exploring its narrative, themes, characters, production values, and its lasting influence on the Doctor Who universe.

Overview of "The Time Warrior"

"The Time Warrior" is a serial from the 11th season of Doctor Who, originally broadcast in four episodes from December 1973 to January 1974. It features the Third Doctor, played by Jon Pertwee, and marks the beginning of a new era in the series' history, incorporating more action, political intrigue, and a darker tone.

This serial is notable for several reasons:

- It introduces the Sontarans, a recurring alien race.
- It features the first appearance of Sarah Jane Smith, one of the most beloved companions.
- It employs a mix of historical and science fiction elements, setting a template for future serials.

Plot Summary

Set primarily in the medieval period of 13th-century England, "The Time Warrior" follows the Doctor as he investigates mysterious disappearances and strange technological anomalies. He uncovers a plot involving the Sontarans, who are attempting to manipulate history for their strategic advantage. The Doctor teams up with a young noblewoman, Lady Jennifer Buckingham, and the warrior archetype of the time, along with the newly introduced Sarah Jane Smith, to thwart the Sontaran plans.

In-Depth Analysis of Key Elements

Storytelling and Narrative Structure

"The Time Warrior" effectively balances historical settings with science fiction intrigue. The serial's narrative structure is tight, with each episode building on the last, culminating in a satisfying climax. Its storytelling strengths include:

- Layered Plotting: The serial weaves together multiple plot threads—the medieval conspiracy, the alien invasion, and the Doctor's investigation—creating a rich tapestry of intrigue.
- Pacing: The episodes maintain a brisk pace, blending action, suspense, and characterization without unnecessary filler.
- Character Development: The serial introduces Sarah Jane Smith, whose curiosity and resourcefulness immediately establish her as a vital companion. Her interactions with the Doctor showcase a respectful partnership that would define her character for years.

Themes Explored

- Time and History: The serial emphasizes the importance of historical integrity and the dangers of

temporal interference.

- War and Honor: The character of the Sontarans embodies militarism and the valorization of combat, contrasting with the Doctor's pacifism.
- Courage and Morality: The protagonists' willingness to stand against overwhelming odds highlights themes of heroism and ethical responsibility.

Introduction of Key Characters and Races

The Third Doctor

- Characterized by his resourcefulness, wit, and a penchant for action.
- Embodies the archetype of the scientific adventurer.
- His interactions with companions and allies deepen in this serial, setting the stage for future development.

Sarah Jane Smith

- Portrayed by Elisabeth Sladen, Sarah is a journalist with a sharp mind and a brave heart.
- Her inquisitiveness and moral compass make her an ideal companion.
- Her first appearance here sparked a long-standing relationship with the Doctor, cementing her place in the series' history.

Lady Jennifer Buckingham

- A noblewoman caught in a medieval conflict.
- Represents the series' tendency to blend historical figures with science fiction plots.
- Her character adds emotional depth and personal stakes to the story.

The Sontarans

- A clone-based warrior race known for their militarism and obsession with combat.
- First introduced in this serial, they would become recurring villains.
- Their design emphasizes their clones' uniformity and martial prowess, making them visually distinctive.

Production Values and Visual Effects

Set Design and Costumes

- The serial employed detailed period costumes to evoke medieval England, contrasting sharply with the futuristic elements of the Sontarans.
- The Sontaran costumes are notably memorable, with their bulbous helmets and combat armor, designed by designer David Myles.

Special Effects

- The serial's effects were pioneering for their time, with models and prosthetics used to depict alien technology and battles.
- While some effects are modest by modern standards, they effectively convey the story's scope and tension.

Location Filming

- Use of real locations in the UK added authenticity to the historical scenes.
- The production balanced studio filming with location shots, demonstrating resourcefulness.

Music and Sound Design

- Composer Dudley Simpson's score enhances tension and atmosphere.
- Sound effects, especially for the Sontarans' weaponry, contribute to their intimidating presence.

Impact and Legacy of "The Time Warrior"

Introduction of the Sontarans

- The Sontarans' debut here set the template for their recurring appearances in the series.
- Their distinctive design and militaristic culture have made them iconic villains.

Sarah Jane Smith's Debut

- Her first appearance marked the beginning of one of Doctor Who's most enduring partnerships.
- Her intelligence, compassion, and bravery have made her a fan favorite and a role model.

Influence on Future Serials

- The blend of historical and science fiction elements became a hallmark of the series.
- The serial's tone, balancing adventure with darker themes, influenced later stories.

Cultural Significance

- "The Time Warrior" continues to be appreciated for its imaginative storytelling and strong character introductions.
- It has been re-released multiple times on various media, cementing its status as a classic.

Critical Reception and Modern Reappraisal

While initial reviews praised the serial for its engaging plot and production quality, modern critics often highlight its importance in establishing new series standards. The serial's success in introducing recurring villains and beloved companions has led to its enduring popularity.

Strengths

- Exciting action sequences.
- Strong characterizations.
- Innovative design for monsters and costumes.
- Well-paced storytelling.

Weaknesses

- Some effects appear dated by today's standards.
- Limited character development for medieval characters outside of Lady Jennifer.

Despite these minor critiques, "The Time Warrior" remains a high point in classic Doctor Who and a must-watch for fans and newcomers alike.

Conclusion: A Classic That Continues to Inspire

"The Time Warrior" exemplifies the creative potential of Doctor Who, seamlessly blending history,

science fiction, and action. Its introduction of iconic races like the Sontarans and characters like Sarah Jane Smith has had a lasting influence on the series and popular culture. With its compelling storytelling, memorable design, and significant legacy, it stands as a testament to the series' ability to reinvent itself while honoring its roots.

For enthusiasts and newcomers alike, "The Time Warrior" offers a thrilling journey through time and space, encapsulating the spirit of adventure that has made Doctor Who a beloved institution for over six decades. Whether appreciated as a product of its era or as a timeless classic, it remains a quintessential chapter in the ongoing story of the Doctor.

doctor who the time warrior: *The Humanism of Doctor Who* David Layton, 2014-01-10 From 1963 to 1989, the BBC television program Doctor Who followed a time-traveling human-like alien called The Doctor as he sought to help people, save civilizations and right wrongs. Since its 2005 revival, Doctor Who has become a pop culture phenomenon surpassing its classic period popularity and reaching a larger, more diverse audience. Though created as a family program, the series has dramatized serious themes in philosophy, science, religion, and politics. Doctor Who's thoughtful presentation of a secular humanist view of the universe stands in stark contrast to the flashy special effects central to most science fiction on television. This examination of Doctor Who from the perspective of philosophical humanism assesses the show's careful exploration of such topics as justice, ethics, good and evil, mythology and knowledge.

doctor who the time warrior: *Who Is the Doctor* Graeme Burk, Robert Smith, 2012-04-01 "A joyful celebration of fan love. Unofficial episode guides don't come much more engaging than this" (Benjamin Cook, co-author of *Doctor Who: The Writer's Tale*). Doctor Who was already the world's longest-running science fiction series when it returned in 2005 to huge success. Enormously popular, the BBC show encompasses multiple other genres, from horror to comedy to action and historical adventure, and is loved for its uniquely British wit and clever scripting. Its hero, its monsters, and even its theme song have become pop culture icons. In this volume covering six seasons of the new series, two Doctor Who experts provide insights into everything from the history of the show, including Daleks, Cybermen, and the eight Classic Series Doctors, to a detailed episode guide. As Neil Gaiman complained to the authors, "I have just lost four hours to your blasted book. And I only meant to glance at it." Allons-y!

doctor who the time warrior: *Who Is The Doctor 2* Graeme Burk, Robert Smith?, 2020-03-17 Travel with the Doctor in this essential companion for the modern Doctor Who era Since its return to British television in 2005, through its 50th anniversary in 2013, to its historic casting of actress Jodie Whittaker in the title role, Doctor Who continues to be one of the most popular series in Britain and all over the world. *Who Is The Doctor 2* is a guide to the new series of Doctor Who starring Matt Smith, Peter Capaldi, and Jodie Whittaker. Every episode in series 7 to 11, as well as the 50th anniversary specials, is examined, analyzed, and discussed in thoughtful detail, highlighting the exhilarating moments, the connections to Doctor Who lore, the story arcs, the relationships, the goofs, the accumulated trivia and much, much more. Designed for die-hard Whovians and Who

newbies alike, *Who Is The Doctor 2* explores time and space with the Doctor and chronicles the imagination that has made Doctor Who an iconic part of culture for over 50 years.

doctor who the time warrior: Regeneration: The Changing Style of Doctor Who: An Unofficial and Unauthorised Analysis D. G. Saunders, 2020-02-26 For over fifty years, the BBC's Doctor Who has taken viewers on adventures across time and space. At the same time, the programme has crossed genres and styles. From science fiction to action, horror to comedy and back again. *Regeneration: The Changing Style of Doctor Who* offers a penetrating look at the way different showrunners, producers and script editors shaped the Time Lord's adventures. Analysing each era in sequence, it looks at story styles, the character of the Doctor and his intrepid companions, and the nature of the villains and monsters they faced, as well as the portrayal of the Time Lords. An essential guide both for new fans wanting a primer on the programme's history and for longstanding enthusiasts seeking a fresh perspective on eras they thought they knew.

doctor who the time warrior: Who's 50 Graeme Burk, Robert Smith, 2013-10-01 "Like being thrown the keys to the TARDIS with a temporal map to visit all those not-to-be-missed adventures in time and space" (Phil Ford, Doctor Who writer). Ever since its premiere on November 23, 1963, Doctor Who has been a television phenomenon. This companion guide presents the top fifty stories from the show's first fifty years—examining every corner of the imaginative, humorous, and sometimes scary universe that has made Doctor Who an iconic part of popular culture. This must-have reference also includes behind the scenes details, goofs, trivia, connections to Doctor Who lore, and much more.

doctor who the time warrior: Doctor Who-Guide 1/3 compiled from Wikipedia pages and published by Dr Googelberg, 2012-08-07 Almost everything about the good doctor, his companions and travels, his enemies and friends. Additionally the actors etc. Part three contains all summaries of all TV episodes. Compiled from Wikipedia pages and published by Dr Googelberg.

doctor who the time warrior: 100 Objects of Doctor Who Philip Bates, 2025-01-17 100 Objects of Dr Who is a celebration of everyone's favourite sci-fi show. Perfect for fans, no matter your mileage. It is ingeniously structured as a choose your own adventure-style tour around a Doctor Who museum floating in outer space. Irreverent yet exhaustive, this is a reference book with a twist!

doctor who the time warrior: New Dimensions of Doctor Who David Mellor, Matt Hills, 2013-09-03 The Doctor may have regenerated on many occasions, but so too has Doctor Who. Moving with the times, the show has evolved across fifty years...*New Dimensions of Doctor Who* explores contemporary developments in Doctor Who's music, design and representations of technology, as well as issues of showrunner authority and star authorship. Putting these new dimensions in context means thinking about changes in the TV industry such as the rise of branding and transmedia storytelling. Along with its faster narrative pace, and producer/fan interaction via Twitter, 'new Who' also has a new home at Roath Lock Studios, Cardiff Bay. Studying the 'Doctor Who Experience' in its Cardiff setting, and considering audience nostalgia alongside anniversary celebrations, this book explores how current Doctor Who relates to real-world spaces and times. *New Directions of Doctor Who* is the scholarly equivalent of a multi-Doctor story, bringing together the authors of *Triumph of a Time Lord* and *TARDISbound*, as well as the editors of *Time and Relative Dissertations in Space*, *Impossible Worlds*, *Impossible Things*, *Torchwood Declassified* and *Doctor Who, The Eleventh Hour*. It also features contributions from experts on TV brands, bioethics, transmedia and cultural icons. As 'new Who' creates ongoing mysteries and poses exciting questions, this collection demonstrates the vitality of Doctor Who studies.

doctor who the time warrior: The Doctor Who Error Finder R.H. Langley, 2024-10-14 In its long television run, the low-budget but beloved science fiction serial Dr. Who featured numerous bloopers that producers could not afford to reshoot. Today, spotting and discussing those bloopers has become a favorite pastime for fans seeking answers to penetrating questions: When was the First Doctor on a slight exploitation? What does the Second Doctor call the sectional supply unit? When does the Third Doctor mistake a silicate rod for a silicon rod? What is hanging from the Fourth Doctor's nose when is in a cell on Traken? How does the Fifth Doctor accomplish his disappearing

hat trick? Where does the Sixth Doctor believe Peri's heart and liver are located? What does the Seventh Doctor do when Ray asks what he is doing? Why does the Eighth Doctor not know the difference between Twelve and Thirteen? This work is the largest existing collection of errors appearing in Doctor Who, from every episode of the original television series, the movies, and the spin-offs. Presenting over 4000 errors and about 1500 other items of interest to fans, it includes transmitted bloopers such as microphones or equipment visible in a shot, obvious strings, anachronisms, unsteady sets, and actors having trouble walking. This book not only presents previously unrecorded bloopers, but also corrects errors in others lists and even refutes well-established blooper claims. The work guides the reader through the stories of each Doctor (first to eighth). Information on each story begins with the official BBC code and title, alternate titles, writers and directors, media examined in creating this list, running times, highlights, questions to keep in mind, and then information on the individual episodes. For each episode, the work provides information on the date of first transmission and a list of errors and trivia, each with its approximate time within the episode. The book also lists errors from the untransmitted parts of the pilot episode and Shada, and concludes with the Forgotten Doctor and related programs such as K-9 and Company, Dimensions in Time, and The Curse of the Fatal Death.

doctor who the time warrior: Time-Travel Television Sherry Ginn, Gillian I. Leitch, 2015-10-08 Stories of time travel have been part of science fiction since H. G. Wells sent his nameless hero hurtling into Earth's distant future in The Time Machine. Time travel enables the storyteller to depict alternate realities, bring fictional characters face to face with historical figures, and depict moral and ethical dilemmas in which millions of lives (or the world as we know it) are at stake. From Doctor Who and Quantum Leap to the multiple incarnations of Star Trek, time travel has been a staple of science fiction television for more than fifty years. Time-Travel Television: The Past from the Present, the Future from the Past surveys the whole range of time travel stories on the small screen. The essays in this collection explore time travel series both familiar (Babylon 5, Stargate SG-1) and forgotten (The Time Tunnel, Voyagers!), as well as time-travel themed episodes and arcs in series where it is not central, such as Red Dwarf, Lost, and Heroes. Contributors to this volume consider some of the classic themes of time-travel stories: the promise (and peril) of "fixing" the past, the chance to experience (and choose) possible futures, and the potential for small changes to have great effects. Exploring time travel as a teaching tool, as a vehicle for moral lessons, and as a background for high adventure, this book offers new perspectives on many familiar programs and the first serious study of several unjustly neglected ones. Time-Travel Television is essential reading for science fiction scholars and fans, and for anyone interested in the many ways that television brings the fantastic into viewers' living rooms.

doctor who the time warrior: A Critical History of Doctor Who on Television John Kenneth Muir, 2015-09-15 Since its inception in November 1963, the British science fiction television series Doctor Who has exerted an enormous impact on the world of science fiction (over 1,500 books have been written about the show). The series follows the adventures of a mysterious Time Lord from the distant planet Gallifrey who travels through time and space to fight evil and injustice. Along the way, he has visited Rome under the rule of Nero, played backgammon with Kublai Khan, and participated in the mythic gunfight at the O.K. Corral. Predating the Star Trek phenomenon by three years, Doctor Who seriously dealt with continuing characters, adult genre principles and futuristic philosophies. Critical and historical examinations of the ideas, philosophies, conceits and morals put forth in the Doctor Who series, which ran for 26 seasons and 159 episodes, are provided here. Also analyzed are thematic concepts, genre antecedents, the overall cinematography and the special effects of the long-running cult favorite. The various incarnations of Doctor Who, including television, stage, film, radio, and spin-offs are discussed. In addition, the book provides an extensive listing of print, Internet, and fan club resources for Doctor Who.

doctor who the time warrior: Who Travels with the Doctor? Gillian I. Leitch, Sherry Ginn, 2016-05-10 Throughout the long-running BBC series Doctor Who, the Doctor has rarely been alone--his companions are essential. Male or (mostly) female, alien or (mostly) human, young or old

(none as old as he), the dozens of companions who have travelled with him over the past 50 years have served as sympathetic proxies for the audience. Through their adventures the companions are perfected, facing danger and thus discovering their strengths and weaknesses. Yet they all pay a price, losing their innocence and sometimes their lives. This collection of new essays examines the role of the companion as an intermediate between viewers and the Doctor. The contributors discuss who travels with the Doctor and why, how they interact, how the companions influence the narrative and how their journeys change them.

doctor who the time warrior: The Official Quotable Doctor Who Cavan Scott, Mark Wright, 2014-08-26 All of time and space. All things that ever happened or ever will. Where do you want to start? From a junkyard in Totter's Lane to the fields of Trenzalore, the last of the Time Lords has navigated the past, present, and future using knowledge gathered from centuries of adventures in space and time. Now the authors of the bestselling Who-Ology have collected the best of that timey-wimey knowledge into one place. Covering themes of home and work, travel and technology, the history of the Earth and the fate of the future—you'll find a Doctor-y bon mot for every occasion here. Collecting half a century of quips and quotes, and beautifully illustrated throughout, The Official Quotable Doctor Who is your indispensable guide to life, love, mirth, and monsters.

doctor who the time warrior: Doctor Who in Time and Space Gillian I. Leitch, Donald E. Palumbo, C.W. Sullivan III, 2013-03-20 This collection of fresh essays addresses a broad range of topics in the BBC science fiction television series Doctor Who, both old (1963-1989) and new (2005-present). The book begins with the fan: There are essays on how the show is viewed and identified with, fan interactions with each other, reactions to changes, the wilderness years when it wasn't in production. Essays then look at the ways in which the stories are told (e.g., their timeliness, their use of time travel as a device, etc.). After discussing the stories and devices and themes, the essays turn to looking at the Doctor's female companions and how they evolve, are used, and changed by their journey with the Doctor.

doctor who the time warrior: A Life in Time and Space - The Biography of David Tennant Nigel Goodall, 2010-09-06 A Life In Time And Space is the bestselling story of the life and career of David Tennant, acclaimed classical actor and television's most popular Doctor Who, that was originally published in 2008, but now revised and updated for this ebook edition. Energetic and charismatic, David achieved international acclaim for his riveting portrayal of the tenth Time Lord in the cult sci-fi television series at the same of building himself a reputation as a respected classical actor. This biography traces the events that helped shape David's career and transform him into both a hugely influential artist and, for a time, the coolest man on television. It provides details about his relationships with an impressive range of leading ladies, from Sophia Myles to Kylie Minogue, and most recently, Peter Davison's daughter, Georgia Moffett, and also uncovers the truth behind his on and off-screen relationship with co-star Billie Piper. With never before published behind-the-scenes stories and information from the sets of Doctor Who, Hamlet, Harry Potter and the Goblet of Fire, St Trinian's 2 and The Quatermass Experiment, the book also includes a filmography of television, film, stage, radio and audio books, and a complete list of all his awards and nominations as well as a unique Doctor Who episode guide.

doctor who the time warrior: The Doctor Who Franchise Lynnette Porter, 2012-09-18 As Doctor Who nears its 50th anniversary, it is very much a part of British popular culture, and the Doctor has become a British icon. Nevertheless, thanks to BBC America and BBC Worldwide's marketing strategy, as well as the Doctor's and his companions' recent in-person visits to the U.S., the venerable series is becoming more susceptible to an American influence, including the possibility of becoming Americanized. Doctor Who and recent spinoffs Torchwood and The Sarah Jane Adventures offer American audiences very different insights into the Whoniverse and have met with varying degrees of success. Whereas Torchwood became a U.S.-U.K. co-production, The Sarah Jane Adventures was largely mismarketed. To complicate matters, the interrelationships that keep the Doctor Who franchise alive through radio dramas, audiobooks, comics, novels, etc., during hiatuses in television broadcasts, may give U.S. and U.K. audiences different understandings of the

lead characters--the Doctor, Captain Jack Harkness, and Sarah Jane Smith. Although the past decade has been an exciting time in the Whoniverse, the Doctor--and the franchise--are poised for yet another regeneration.
