dragon ball the magic begins: Dragon Ball Valérie Précigout, 2018-02-07 Du cinéma à la série télé, du manga au comic, l'auteur revient sur les coulisses de cet univers incontournable. Ce premier ouvrage du label pop-culture de Third s'intéresse à la légende Dragon Ball, le manga culte des années 1980-1990. À l'occasion des trente ans de la série animée, les éditions Third se proposent donc de retracer toute l'histoire de l'œuvre majeure d'Akira Toriyama. À la manière des ouvrages sur les sagas Zelda ou Final Fantasy, ce livre traitera avec la même précision de la genèse du manga, de la richesse de l'univers et des différents messages que véhicule la série du héros Son Goku. Une rétrospective unique sur un géant de la pop culture ! EXTRAIT La genèse d'une œuvre se révèle bien souvent riche d'enseignements sur la nature même de celle-ci. À ce titre, le parcours de Dragon Ball, simple

manga devenu véritable phénomène de société à travers le monde, mérite d'être décortiqué si l'on veut comprendre toutes les clefs de son succès. Par exemple, nous verrons dans ce chapitre le fond de ce que souhaitait exprimer son auteur et de quelle manière la trame de départ a évolué pour prendre une direction bien éloignée de celle de ses débuts. Il sera également question de l'impact que provoqua son exportation à travers le monde et de l'accueil que lui réserva le public étranger à une époque où le terme « manga » était encore inconnu du plus grand nombre. Cryogénisé durant de longues années pour renaître avec encore plus de vigueur aujourd'hui, le phénomène Dragon Ball n'est pas près de cesser de faire parler de lui, et nous allons tenter de comprendre pourquoi en relatant chacune des grandes étapes de son développement. CE QU'EN PENSE LA CRITIQUE Ce qui est le plus intéressant dans le livre, c'est le récit de la genèse de la création de l'univers Dragon Ball par Akira Toriyama. On nous raconte la jeune vie du mangaka, ses premiers essais, plus ou moins convaincants, et ses inspirations. - JosephAlexianHeartfire, Babelio À PROPOS DE L'AUTEUR Valérie Précigout, plus connue sous son pseudonyme de Romendil, a travaillé pendant quinze ans comme journaliste pour Jeuxvideo.com, le site spécialisé le plus important d'Europe. dragon ball the magic begins: Feral Ice Ann Gimpel, 2019-04-02 Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. Scientists don't believe in dragons. Dragons never think much about humans at all. Maybe it's time for their worlds to collide amidst the dangerous beauty of Antarctica. Doctor and biochemist, Erin signed up for six months aboard an Antarctic research ship to escape her stifling surgery practice. Jerked from her cozy cabin, she's dumped in an ice cave by men who assume she's dead. Konstantin and Katya, twins and dragon shifters, have lived miles beneath the polar ice cap for hundreds of years. Other dragons left, but they stuck it out. When several humans—all but two of them dead—end up not far from their lair, the opportunity is too good to pass up. If the lore is to be believed, humans can become dragon shifters. Delighted by a simple solution to their enforced isolation, the dragons lure the humans to their home. Surely, they'll be thrilled by the prospect of becoming magical. Or not. Too bad no one shared the script with the humans. Science be damned, they're horrorstruck in the face of fire-breathing dragons. All they want is to escape, but home is thousands of miles away. **READER PRAISE FOR THE ICE DRAGON SERIES:** Two humans destined to die in the ice...two last dragon shifters on earth...throw in some sea serpents and you have yourself an intriguing read and a tail that makes your heart sing. Goodreads Review Another amazing book by Ann Gimpel. The world building in this new series is well WOW. The characters are terrific; bigger than life and not from this world. Goodreads Review I love how descriptive this story is, I think that really heightens my imagination to a point of not only becoming a part of the story but actually seeing it... like watching an action-packed movie.
