With the Cold War intensifying, patriotism running high during the Falklands War and the AIDS crisis leading to widespread homophobia, these notorious traitors were more relevant than ever. This book explores how they were depicted in literature, television and film throughout the 1980s. Examining works by

an array of distinguished writers, including Dennis Potter, Alan Bennett, Tom Stoppard and John le Carré, it sheds new light on the affair, asking why such privileged young men chose to betray their country, whether loyalty to one's friends is more important than patriotism and whether we can really trust the intelligence services.

Players, playwrights, prompters, producers--they all feature. The Oxford Book of Theatrical Anecdotes provides a comprehensive, revealing, and hugely entertaining portrait of the world of theatre across four hundred years. Many of the anecdotes are humorous: all have something pertinent and illuminating to say about an aspect of theatrical life--whether it is the art of playwriting, the craft of covering up missed cues, the drama of the First Night, the nightmare of touring, or the secret ingredients of star quality. Edmund Kean, Henry Irving, John Gielgud, Laurence Olivier, Ellen Terry, Edith Evans, Maggie Smith, Helen Mirren--the great 'names' are all here, of course, but there are tales of the unexpected, too--and the unknown. This is a book--presented in five acts, with a suitably anecdotal and personal prologue from Gyles Brandreth--where, once in a while, the understudy takes centre-stage and Gyles Brandreth treats triumph and disaster just the same, including stories from the tattiest touring companies as well as from Broadway, the West End and theatres, large and small, in Australia, India, and across Europe.

judi dench and michael williams: National Identity and the British Musical Grace Barnes, 2022-07-14 National Identity and the British Musical: From Blood Brothers to Cinderella examines the myths associated with national identity which are reproduced by the British musical and asks

why the genre continues to uphold, instead of challenging, outdated ideals. All too often, UK musicals reinforce national identity clichés and caricatures, conflate 'England' with 'Britain' and depict a mono-cultural nation viewed through a nostalgic lens. Through case studies and analysis of British musicals such as *Blood Brothers*, *Six*, *Half a Sixpence* and *Billy Elliot*, this book examines the place of the British musical within a text-based theatrical heritage and asks what, or whose, Britain is being represented by home grown musicals. The sheer number of people engaging with shows bestows enormous power upon the genre and yet critics display a reluctance to analyse the cultural meanings produced by new work, or to hold work to account for production teams and narratives which continue to shun diversity and inclusive practices. The question this book poses is: what kind of industry do we want to see in Britain in the next ten years? And what kind of show do we want representing the nation in the future?

judi dench and michael williams: Maggie Smith Michael Coveney, 2015-12-29 "Steeped in theater history" this biography "seamlessly melds Smith's personal and professional lives into an engrossing narrative" (Kirkus Reviews). No one does glamour, severity, girlish charm or tight-lipped witticism better than Dame Maggie Smith. Michael Coveney's biography shines a light on the life and career of a truly remarkable performer, one whose stage and screen career spans six decades. From her days as a West End star of comedy and revue, Dame Maggie's path would cross with those of the greatest actors, playwrights and directors of the era. Whether stealing scenes from Richard Burton, answering back to Laurence Olivier, or playing opposite Judi Dench in *Breath of Life*, her career can be seen as a 'Who's Who' of British theatre. Her film and television career has been just as starry. From the title character in *The Prime of Miss Jean Brodie* and the meddling chaperone in *A Room With a View* to the Harry Potter films in which she played Minerva McGonagall (as she put it 'Miss Jean Brodie in a wizard's hat') and the Best Exotic Marigold Hotel films in which she played the wise Muriel Donnelly, Smith has thrilled, engaged and made audiences laugh. As Violet Crawley, the formidable Dowager Countess of Downton Abbey she conquered millions more. Paradoxically she remains an enigmatic figure, rarely appearing in public. Michael Coveney's absorbing biography, written with the actress's blessing and drawing on personal archives, as well as interviews with immediate family and close friends, is a portrait of one of the greatest actors of our time.

He became a successful child actor on TV and radio in the golden days of the 1950s and 60s before embarking on a varied and colourful career backstage, and sometimes upon it. As a producer or stage manager, John has worked with everyone from Bob Monkhouse and Morecambe and Wise to the Beatles, Billy Fury, Marti Caine and Mark Knopfler, and put on variety shows for good causes in the country's biggest theatres and concert halls. He has worked as a stage manager

on Coronation Street, talent-spotted for prime-time TV programmes such as Royal Variety Show, Game for a Laugh and Surprise, Surprise and created a new-look Gang Show. In this he has enlisted the help of a galaxy of famous figures and personal friends, from Dame Judi Dench to Chris de Burgh and from June Brown, Rolf Harris and Pam Ayres to late Sir John Mills. He is able to count many of Britain's greatest stars of stage and screen as his friends. This book tells the story of John's life in the entertainment business, and of the events that led to his taking up the donkeys' cause. Review: A message from Dame Judi Dench. This remarkable account of a life in theatre, variety and television is unique. I have always found John and his work fun and inspiring, and here we have a record for our archives of just how good those times were. John certainly is now what he was and always will be - great fun.
