Historical Overview of the People of New York

Early Settlers and Indigenous Roots

Long before becoming a global metropolis, the land now known as New York was inhabited by Native American tribes, primarily the Lenape people. These indigenous communities thrived for centuries, shaping the region's early history.

European Colonization and Immigration Waves

In the 17th century, Dutch and English settlers arrived, establishing trading posts and colonies. Over the centuries, New York became a primary entry point for immigrants, especially during:

- The Irish Potato Famine (1845-1852)
- The Great Migration of African Americans from the South (1916-1970)
- European waves from Italy, Germany, Poland, and Eastern Europe
- Later, Latin American, Asian, Middle Eastern, and African immigrants

These diverse groups have significantly contributed to the city's demographic makeup.
