When Boston homicide detective Jane Rizzoli and medical examiner Maura Isles are summoned to a crime scene, they find a killing worthy of the most ferocious beast—right down to the claw marks on the corpse. But only the most sinister human hands could have left renowned big-game hunter and taxidermist Leon Gott gruesomely displayed like the once-proud animals whose heads adorn his walls. Did Gott unwittingly awaken a predator more dangerous than any he’s ever hunted? Maura fears that this isn’t the killer’s first slaughter, and that it won’t be the last. After linking the crime to a series of unsolved homicides in wilderness areas across the country, she wonders if the answers might actually be found in a remote corner of Africa. Six years earlier, a group of tourists on safari fell prey to a killer in their midst. Marooned deep in the bush of Botswana, with no means of communication and nothing but a rifle-toting guide for protection, the terrified tourists desperately hoped for rescue before their worst instincts—or the wild animals prowling in the shadows—could tear them apart. But the deadliest predator was already among them, and within a week, he walked away with the blood of all but one of them on his hands. Now this killer has chosen Boston as his new hunting ground, and Rizzoli and Isles must find a way to lure him out of the shadows and into a cage. Even if it means dangling the bait no hunter can resist: the one victim who got away. Advance praise for *Die Again* “With *Die Again*, Tess Gerritsen proves that she is still at the top of her game. I love this fantastically gripping story and can’t wait for more.”—Karin Slaughter “Tess Gerritsen

A Rizzoli and Isles thriller is a guaranteed great read, but this time out Gerritsen really brings on the scary!”—Sandra Brown “Tess Gerritsen once again proves her masterful dominance in stories delving into the criminal mind and forensic sciences. *Die Again* left me breathless as Rizzoli and Isles investigate a horrific murder, one with ties to an unsolved massacre in years past. Here is a story both harrowing and as intellectually sharp as a dagger’s edge. I dare you to try to stop reading this once you’ve started.”—James Rollins “Harrowing! Seamlessly melding the gritty streets of Boston with the golden plains of Africa, Tess Gerritsen sets up a cunning predator who’s spent years perfecting his game. Now enter Rizzoli and Isles, two of Boston’s best determined to catch one of the world’s worst in a battle of wits where only the strong can survive. This is Tess Gerritsen at her finest!”—Lisa Gardner

tess gerritsen rizzoli and isles: The Keepsake Tess Gerritsen, 2008-09-09 Jane Rizzoli and Maura Isles—the inspiration for the hit TNT series—continue their bestselling crime-solving streak. For untold years, the perfectly preserved mummy had lain forgotten in the dusty basement of Boston’s Crispin Museum. Dubbed “Madam X,” the recently rediscovered mummy is, to all appearances, an ancient Egyptian artifact. But medical examiner Maura Isles discovers a macabre message hidden within the corpse—horrifying proof that this “centuries-old” relic is instead a modern-day murder victim. When the grisly remains of two other women are found, it becomes clear to Maura and Boston homicide detective Jane Rizzoli that a maniac is at large. Now Maura and Jane must unravel a murderer’s twisted endgame before the Archaeology Killer adds another chilling artifact to his monstrous collection. This ebook edition contains a special preview of Tess Gerritsen’s *I Know a Secret*.

tess gerritsen rizzoli and isles: Ice Cold: A Rizzoli & Isles Novel Tess Gerritsen, 2015-11-24 NEW YORK TIMES BESTSELLER Tess Gerritsen’s relentless, inventive novels take readers on pulse-racing thrill rides that are as satisfying as they are heart-stopping. Now, in this edge-of-your-seat suspense novel, a mysteriously isolated town stands abandoned as a silent watcher waits. In Wyoming for a medical conference, Boston medical examiner Maura Isles joins a group of friends on a spur-of-the-moment ski trip. But when their SUV stalls on a snow-choked mountain road, they’re stranded with no help in sight. As night falls, the group seeks refuge from the blizzard in the remote village of Kingdom Come, where twelve eerily identical houses stand dark and abandoned. Something terrible has happened in Kingdom Come: Meals sit untouched on tables, cars are still parked in garages. The town’s previous residents seem to have vanished into thin air, but footprints in the snow betray the presence of someone who still lurks in the cold darkness—someone who is watching Maura and her friends. Days later, Boston homicide detective Jane Rizzoli receives the grim news that Maura’s charred body has been found in a mountain ravine. Shocked and grieving, Jane is determined to learn what happened to her friend. The investigation plunges Jane into the twisted history of Kingdom Come, where a gruesome discovery lies buried beneath the snow. As horrifying revelations come to light, Jane closes in on an enemy both powerful and merciless—and the chilling truth about Maura’s fate. Praise for *Ice Cold* “The kind of book you’d read in one sitting.”—Chicago Sun-Times “Amazing . . . another winner.”—The Plain Dealer “Gerritsen paces *Ice Cold* with surgical precision.”—Salon

TNT struck ratings gold with *Rizzoli & Isles*, a series based on Gerritsen’s New York Times bestsellers. THE KEEPSAKE ICE COLD THE SILENT GIRL LAST TO DIE Praise for Tess Gerritsen and her Rizzoli & Isles series “[Gerritsen] has an imagination that allows her to conjure up depths of human behavior so dark and frightening that she makes Edgar Allan Poe and H. P. Lovecraft seem like goody-two-shoes.”—Chicago Tribune “One of the most versatile voices in thriller fiction today.”—The Providence Journal “A briskly paced, terrifically suspenseful work that steadily builds toward a tense and terrifying climax.”—People, on The Surgeon “Richly suspenseful and provocative . . . leaves the reader breathless.”—The Philadelphia Inquirer, on Body Double “Gerritsen, as always, puts her medical training to ghoulish use.”—The Boston Globe “The kind of book you’d read in one sitting.”—Chicago Sun-Times, on Ice Cold “Suspense doesn’t get smarter than this. Not just recommended but mandatory.”—Lee Child, on The Silent Girl

tess gerritsen rizzoli and isles: The Sinner: A Rizzoli & Isles Novel Tess Gerritsen, 2015-12-29 Not even the icy temperatures of a typical New England winter can match the bone-chilling scene of carnage discovered at the chapel of Our Lady of Divine Light. Within the cloistered convent lie two nuns—one dead, one critically injured—victims of an unspeakably savage attacker. The brutal crime appears to be without motive, but medical examiner Maura Isles’s autopsy of the dead woman yields a shocking surprise: Twenty-year-old Sister Camille gave birth before she was murdered. Then another body is found, mutilated beyond recognition. Together, Isles and homicide detective Jane Rizzoli uncover an ancient horror that connects these terrible slaughters. As long-buried secrets come to light, Maura Isles finds herself drawn inexorably toward the heart of an investigation that strikes close to home—and toward a dawning revelation about the killer’s identity too shattering to consider.
