**winnie the pooh lettering: Standing Together In Troubled Times: Unpublished Letters Of Pauli, Einstein, Franck And Others** Misha Shifman, 2017-01-16 This captivating book is a story of the friendship between a genius physicist Wolfgang Pauli and Charlotte Houtermans whose career in physics was not as glamorous. They met in the late 1920s in Germany, at the very onset of the quantum era and personally knew all the major players in the emergent quantum world that was very much part of central Europe: Germany, Austria, Hungary, Denmark and Switzerland. And Charlotte was a student at Göttingen that was right at the heart. Caught between two evils — Soviet Communism and German National Socialism — she would have probably perished if it were not for the brotherhood of physicists: Niels Bohr, Wolfgang Pauli, Albert Einstein, James Franck, Max Born, Robert Oppenheimer and many other noted scientists who tried to save friends and colleagues (either leftist sympathizers or Jews) who were in mortal danger of being entrapped in a simmering pre-WWII Europe. Using newly discovered documents from the Houtermans family archive: twenty three Pauli's letters to Charlotte Houtermans, her correspondence with other great physicists, Charlotte's diaries, interviews with her children, almost all documents presented in this book are published for the first time.

Maybe even more so! ~ ScriptAcuity Studios, Dog Ear editors Some people are defined by their times, and others redefine them. Agnes Edwards Partin was among the latter. Through Agnes's letters spanning the Roaring Twenties, the Great Depression, World War II, and beyond, readers will discover firsthand accounts of the changing face of Los Angeles, from its modest roots to its postwar expansion. During her years in California, Agnes stepped away from the home, defying the traditions of her day, to seek employment and education—ever eyeing her goal of earning a doctorate. Alongside her husband, Leo, whose ideas were as progressive as Agnes's, the Partin family faced numerous challenges and heartbreaks during the changing eras, but also many joys and accomplishments. *Rising to the Challenge in Los Angeles: The Letters of Agnes Edwards Partin, 1926-1956* is the chronicle of a woman far ahead of her time, standing up against the societal expectations of gender.
