Malcolm X: The Central Figure of the Autobiography

Early Life and Background

Malcolm X was born Malcolm Little on May 19, 1925, in Omaha, Nebraska. His early life was marked by racial prejudice, violence, and personal struggles, which significantly shaped his worldview. His father, Earl Little, was an outspoken Baptist preacher and activist, and his mother, Louise Little, was of mixed racial heritage. Malcolm's childhood was marred by threats from white supremacist groups, including the Ku Klux Klan, and the family faced numerous acts of racial violence.

From Troubled Youth to Civil Rights Leader

Malcolm's early years involved criminal activities, including drug dealing, theft, and imprisonment. However, during his time in prison, he experienced a profound transformation. He converted to the Nation of Islam, adopting the name Malcolm X, symbolizing the loss of "slave" names and embracing his African heritage. His dedication to Black empowerment, self-sufficiency, and racial pride propelled him into the national spotlight as a charismatic and fiery speaker.

Philosophy and Legacy

Malcolm X's philosophy emphasized Black self-determination, racial pride, and the need for justice. Unlike other civil rights leaders who advocated for

integration, Malcolm X initially promoted Black separatism and self-defense. Later in his life, after his pilgrimage to Mecca, his views softened, advocating for racial unity and global brotherhood. His assassination in 1965 cemented his status as a martyr and enduring symbol of resistance.
