beelzebub lord of the flies: Lost and Found: My Journey to a Saved Soul Michelle Marie Damico, 2016-08-02 Have you ever wondered if there is more to life than we can see? Are there really other dimensions within our world? If so, who or what resides there? Do angels and demons truly exist? If so, where are they, and how do they function in our world? What does the Bible say about angels and demons? Is there a biblical mystery that has been overlooked? *Lost and Found-My Journey to a Saved Soul* will answer these questions and more through uncovering one of the mysteries that has been hidden since the fall of mankind. This mystery is broken down through God given biblical revelation regarding the unseen world. This mystery became a living reality when Michelle Damico and her husband, Chris Damico, entered into the unseen realm on a forty-day journey. They had experienced firsthand what it was like to function within another dimension, also known as the spirit world. It was through, unknowingly, opening a door into forms of witchcraft that entered them into the spirit realm, being led to a shaman and tricked into a ritual that they believed was a marital ceremony. This led to her mother being spiritually attacked, therefore, triggering a subarachnoid hemorrhage and her mother's near-death experience; Michelle's husband's possession and cry to be institutionalized; and her children being attacked by spirits that desired to possess their soul. Their home was overpowered with evil and deep darkness, and there was nobody they could turn to but Jesus. All glory and honor to our Lord and Savior Jesus Christ for delivering us out of the darkness and into his marvelous light. Giving thanks to the Father, who has qualified us to share in the inheritance of the saints (God's people) in the Light. For He has rescued us and has drawn us to Himself from the dominion of darkness, and has transferred us to the kingdom of His beloved Son, in whom we have redemption [because of His sacrifice, resulting in] the forgiveness of our sins [and the cancellation of sins' penalty]. Black metal resounds from the abyss and it is precisely only in relation to its sonic forces that the question of intervention in the environment arises in the articulation of melancology with ethics. That is, in deciding 'which way out' we should take, in deciding with what surpluses to dwell, with what waste, what detritus or decay in a process of unbinding with sonic forces that traverse an earth choking in wealth and death.
