

family tree of adolf hitler

Family Tree of Adolf Hitler

Understanding the family background of Adolf Hitler, the infamous leader of Nazi Germany, provides valuable insights into his origins, influences, and personal history. The family tree of Adolf Hitler reveals a complex web of relationships, lineage, and historical context that shaped the life and actions of one of history's most notorious figures. This article delves into Hitler's genealogy, exploring his ancestors, immediate family, and extended relatives, while also examining how his family influenced his worldview and ideology.

Introduction to Adolf Hitler's Family Background

Adolf Hitler was born on April 20, 1889, in Braunau am Inn, Austria-Hungary (modern-day Austria). His rise to power and subsequent role as the dictator of Nazi Germany had profound and devastating impacts on world history. To comprehend the man behind the atrocities, it is essential to explore his family tree, which includes his parents, siblings, ancestors, and extended relatives.

The family tree of Adolf Hitler is not just a lineage of names; it is a reflection of cultural, social, and geographical influences that shaped his identity. It also sheds light on the potential genetic and environmental factors that contributed to his personality and beliefs.

Adolf Hitler's Immediate Family

Parents

- Alois Hitler Sr. (1837-1903)

Adolf Hitler's father was a customs officer of Austrian descent. Alois was born out of wedlock to Maria Anna Schicklgruber and was later legitimized. His career and personality have been subjects of speculation, with some suggesting that his strictness influenced Hitler's authoritarian tendencies.

- Klara Pölzl (1860-1907)

Hitler's mother was of Bavarian descent. She married Alois Hitler in 1885 and was known to be a gentle and caring woman. Klara's influence on Adolf was significant; he was very close to her, and her death when he was 18 deeply affected him.

Children

Adolf Hitler did not have any known children. Despite rumors and speculation over the years, credible evidence suggests that he remained childless throughout his life.

Adolf Hitler's Siblings and Extended Family

Siblings

Adolf Hitler had several siblings, though many did not survive childhood:

1. Gustav Hitler (1885-1887) - Died in infancy.
2. Ida Hitler (1886-1888) - Died in infancy.
3. Otto Hitler (1887) - Died shortly after birth.
4. Angela Hitler (1883-1949) - The only surviving sibling; she was like a mother figure to Hitler and played a significant role in his family life.
5. Adolf Hitler (1889-1945) - The subject of this article.
6. Eveline Hitler (1896-1936) - Sister who remained in Austria.
7. Paula Hitler (1896-1960) - The youngest sister, who had limited contact with Hitler during his rise to power.

Extended Family

- Alois Hitler Jr. (1882-1956) - Half-brother of Adolf, from Alois Sr.'s first marriage.
- Alois Hitler III (1911-1987) - Adolf's nephew, who served in the German army during WWII.
- William Patrick Hitler (1911-1987) - Adolf's half-brother's son, who later moved to the United States and changed his name.

Ancestors and Ancestry of Adolf Hitler

Father's Lineage

Alois Hitler's ancestry has been a subject of historical scrutiny. His paternal lineage is of Austrian and possibly Czech origin, with some speculation about distant Jewish ancestry due to the circumstances of his birth.

- Maria Anna Schicklgruber - Hitler's maternal grandmother, from Austria.
- Johann Georg Hiedler - Alleged grandfather, who married Maria Anna Schicklgruber after her pregnancy.

The exact details of Alois's paternal lineage remain somewhat uncertain, with some historians suggesting that Alois's biological father might have been Johann Georg Hiedler

or an unknown individual.

Mother's Lineage

Klara Pölzl came from a humble Bavarian family. Her family was primarily engaged in farming and small-scale trades. Her lineage was straightforward, with no notable historical figures or controversies.

Genetic and Cultural Influences in Hitler's Family Tree

The family tree of Adolf Hitler has sparked speculation regarding genetic predispositions and cultural influences:

- Potential Genetic Factors: Some researchers have explored whether hereditary traits contributed to Hitler's personality, including tendencies toward aggression, paranoia, and authoritarianism.
- Cultural and Social Environment: Growing up in Austria-Hungary, Hitler was exposed to a mix of Germanic and Slavic cultures, which influenced his nationalist ideologies.
- Religious Background: Hitler's family was Catholic, and his early life was marked by religious exposure, although his later beliefs became more secular and ideological.

Controversies and Myths Surrounding Hitler's Family

Numerous myths and conspiracy theories have clouded the understanding of Hitler's family background, including:

- Allegations of Jewish ancestry based on circumstantial evidence and speculation.
- Rumors about secret family members or undisclosed relatives.
- The significance of family influences on Hitler's ideology and behavior.

Most credible historians agree that while family background provides context, Hitler's actions were primarily shaped by personal choices and ideological influences rather than genetics alone.

Impact of Family Background on Hitler's Life and Ideology

Understanding Hitler's family tree offers insight into:

- His early childhood experiences and emotional development.
- The potential influence of his family's social standing and religious beliefs.
- How familial relationships and losses, such as the death of his mother, impacted his psyche.

While family origins are essential, they are only part of the complex factors that led to Hitler's rise and the atrocities committed under his regime.

Conclusion

The family tree of Adolf Hitler is a window into his origins, revealing a lineage rooted in Austrian and Bavarian backgrounds, intertwined with personal tragedies and cultural influences. While the exact details of his ancestry remain partly shrouded in mystery and myth, what is clear is that Hitler's family history played a role in shaping the man who would become one of history's most infamous dictators.

By studying his genealogy, historians gain a nuanced understanding of the complex interplay between heredity, environment, and personal choices in shaping historical figures. Recognizing these factors helps contextualize the broader socio-political landscape of early 20th-century Europe, ultimately contributing to a deeper comprehension of one of history's most tragic chapters.

Note: This article is intended for educational and informational purposes, emphasizing historical context and analysis.

Frequently Asked Questions

Who are the known ancestors of Adolf Hitler in his family tree?

Adolf Hitler's ancestors include his father, Alois Hitler, and his mother, Klara Pölzl. His paternal lineage traces back to Austrian farmers, while his maternal line includes several generations of Bavarian farmers. Notably, there is no evidence of any aristocratic or noble ancestry in his family tree.

Did Adolf Hitler have any siblings, and who are they in his family tree?

Yes, Adolf Hitler had several siblings, including Paula Hitler, who was the only full sibling to survive into adulthood. He also had half-siblings from his father's previous marriages, such as Alois Jr. and Angela Hitler, who are part of his extended family tree.

Are there any living descendants of Adolf Hitler?

Adolf Hitler did not have any children, and there are no verified living descendants. His family tree ends with his relatives, and no direct descendants are known or documented.

What is the significance of Adolf Hitler's family background in understanding his life?

Hitler's family background, including his modest rural upbringing and family relationships, has been studied to understand his personality development. However, most historians agree that his actions and ideology were shaped by a complex mix of personal, social, and political factors rather than purely family lineage.

Have any historians reconstructed Adolf Hitler's family tree in detail?

Yes, several historians and genealogists have researched and reconstructed Hitler's family tree, tracing his ancestors and relatives. These studies often focus on his immediate family and ancestral origins, but some details remain limited due to scarce records.

What are some misconceptions about Adolf Hitler's family tree?

A common misconception is that Hitler had noble or aristocratic ancestry, which is not supported by evidence. Additionally, some myths falsely suggest he had secret descendants or prominent relatives, but credible research shows his family was primarily of modest, rural origins with no known noble ties.

Family Tree of Adolf Hitler: An In-Depth Exploration

Understanding the family background of Adolf Hitler offers a nuanced perspective on the personal and cultural influences that shaped one of history's most notorious figures. While Hitler's public life and political career are extensively documented, his familial roots remain a subject of ongoing research and fascination. This detailed examination delves into Hitler's ancestry, immediate family, extended relatives, and the broader genealogical context that contributed to his identity.

Introduction: The Significance of Hitler's Family Background

Examining Adolf Hitler's family tree is more than genealogical curiosity; it provides insight into the social, cultural, and genetic factors that may have influenced his worldview and actions. Understanding his lineage helps contextualize his upbringing, personality traits, and the environment of his formative years. Additionally, it sheds light on the complexities of inherited traits, familial relationships, and the historical circumstances surrounding his ancestors.

Adolf Hitler's Immediate Family

Parents

- Father: Alois Hitler (1837-1903)
- Born Alois Schicklgruber, later adopted the surname Hitler in 1876.
- A customs official with a somewhat tumultuous career.
- Known for being strict and authoritative, traits that may have influenced Hitler's early development.
- His ancestry was somewhat obscure, with theories suggesting possible Jewish or other foreign roots, though no conclusive evidence exists.
- Mother: Klara Pölzl (1860-1907)
- A gentle and caring woman, described as warm and loving toward Adolf.
- She was the daughter of a farmer, and her relationship with Alois was complicated, given Alois's previous marriages and social standing.
- She was pregnant with Adolf when she was only 23 years old.
- Her death from breast cancer deeply affected Hitler, shaping much of his emotional life.

Childhood and Family Environment

- Adolf Hitler was born on April 20, 1889, in Braunau am Inn, Austria.
- His early years were marked by a strict household, with Alois exerting a strong disciplinary influence.
- The family moved several times due to Alois's job as a customs officer, exposing Hitler to various regional cultures.
- The familial environment, coupled with economic hardships and loss of his mother, played a role in shaping Hitler's outlook and personality.

Hitler's Siblings and Extended Family

Full Siblings

- Alois Hitler Jr. (1882-1956)
- Hitler's older half-brother, born to Alois and his first wife.
- Had a difficult relationship with Adolf, who reportedly viewed him with indifference.
- Lived in Austria and maintained a relatively low profile.
- Angela Hitler (1883-1949)
- Sister, who was closer to Adolf.
- Married and settled in Germany, acting as a caretaker figure in Hitler's life.
- She maintained a family connection with Hitler throughout his rise and decline.
- Gustav Hitler (1885-1887)
- Died in infancy.
- Ida Hitler (1886-1888)
- Died in infancy.
- Otto Hitler (1887-1887)
- Died shortly after birth.

Half-Siblings from Alois's Other Marriages

- Alois Jr. and Angela were from Alois's marriages prior to his union with Klara Pölzl.
- Alois Jr. was a significant figure, with his own complex relationship with Hitler, sometimes strained.

Nuclear Family and Descendants

- Adolf Hitler did not marry or have children. His relationships were often tumultuous, but he remained unmarried during his lifetime.
- There are no confirmed direct descendants.

Hitler's Maternal Lineage and Ancestry

Parents of Klara Pölzl

- Johann Pölzl (1825-1898)
- A peasant farmer from the Austrian region of Oberösterreich.
- Johanna Hiedler (1830-1906)
- Married Johann Pölzl, establishing the family farm.
- The family was of modest peasant stock, with traditional Austrian rural roots.

Genealogical Theories and Speculations

- Some theories suggest potential Jewish ancestry in Hitler's paternal line, particularly regarding Alois Hitler's origins, but these are largely speculative and lack conclusive evidence.
- The family was primarily of lower-middle-class Austrian heritage, with no documented aristocratic or noble ancestors.

Extended Family and Ancestors

German and Austrian Roots

- Hitler's ancestors predominantly hailed from the Austrian region, with roots in Bavarian and Tyrolean communities.
- The family's social standing was modest, primarily involved in farming, civil service, and clerical work.
- No evidence points to noble or aristocratic lineage, contrary to some myths.

Notable Ancestors and Historical Context

- Limited records of Hitler's ancestors predate the 19th century, and genealogical research has not uncovered any prominent historical figures or notable ancestors.
- The focus remains on understanding the common rural and working-class backgrounds common in his lineage.

Genetic and Cultural Influences

Genetic Considerations

- While direct genetic analysis of Hitler's lineage is limited, some researchers speculate that traits such as impulsiveness, authoritarian tendencies, or certain physical features could have been inherited.
- However, establishing a direct genetic link to specific personality traits remains scientifically unproven.

Cultural and Environmental Influences

- Growing up in a conservative, rural environment in Austria.
- Exposure to nationalist ideas prevalent in the Austro-Hungarian Empire.
- Family values emphasizing discipline, authority, and traditional roles.

Impact of Family on Hitler's Ideology

- Hitler's relationship with his father was reportedly strained; Alois's authoritarian style may have influenced Hitler's own authoritarian tendencies.
- The loss of his mother deeply affected him, possibly fueling his attachment to maternal figures later in life.
- His familial background of modest means and rural roots may have contributed to his nationalist and anti-urban sentiments.

Conclusion: The Legacy of Hitler's Family Tree

Exploring Adolf Hitler's family tree reveals a lineage rooted in modest Austrian origins, marked by a strict family environment and rural upbringing. While there are no indications of noble or aristocratic ancestry, his familial relationships and cultural environment played a significant role in shaping his personality and worldview.

Understanding his family background offers a more humanized, if complex, view of a figure often defined solely by his political actions. It underscores how personal history intertwines with broader societal forces, emphasizing that even the most infamous figures have familial roots that influence their development.

Research continues into Hitler's genealogy, but what remains clear is that his family history reflects the social and cultural milieu of 19th-century Austria—an environment of modest means, traditional values, and rural life, which, combined with individual factors, contributed to the making of one of history's most infamous leaders.

Note: Due to the sensitive nature of the topic and the limited availability of detailed genealogical records, some aspects of Hitler's family history are subject to speculation and ongoing research.

Family Tree Of Adolf Hitler

family tree of adolf hitler: The Family Tree German Genealogy Guide James M. Beidler, 2014-02-14 Explore Your German Ancestry! Follow your family tree back to its roots in Bavaria, Baden, Prussia, Hesse, Saxony, Wurttemberg and beyond. This in-depth genealogy guide will walk you step by step through the exciting journey of researching your German heritage, whether your ancestors came from lands now in modern-day Germany or other German-speaking areas of Europe, including Austria, Switzerland, and enclaves across Eastern Europe. In this book, you'll learn how to:

- Retrace your German immigrant ancestors' voyage from Europe to America.
- Pinpoint the precise place in Europe your ancestors came from.
- Uncover birth, marriage, death, church, census, court, military, and other records documenting your ancestors' lives.
- Access German records of your family from your own hometown.
- Decipher German-language records, including unfamiliar German script.
- Understand German names and naming patterns that offer research clues.

You'll also find maps, timelines, sample records and resource lists throughout the book for quick and easy reference. Whether you're just beginning your family tree or a longtime genealogy researcher, the Family Tree German Genealogy Guide will help you conquer the unique challenges of German research and uncover your ancestors' stories.

family tree of adolf hitler: Hitler's Vienna Brigitte Hamann, 2000 An exploration of the critical, formative years Adolf Hitler spent in Vienna, this study is both a cultural and political portrait of the city, and a biography of Hitler from 1906 to 1913. Photos and line illustrations.

family tree of adolf hitler: Untold Stories: The Last of the Hitler's Allied Descendants Pasquale De Marco, 2025-04-27 In a world overshadowed by the atrocities of Adolf Hitler, a remarkable story of defiance and redemption unfolds. *Untold Stories: The Last of the Hitler's Allied Descendants* unveils the hidden history of Hitler's relatives who chose a different path, aligning themselves with the Allied forces against Nazi Germany. At the center of this extraordinary narrative is William Patrick Hitler, Adolf Hitler's British-born nephew. Raised in a household steeped in Nazi ideology, William rejected his uncle's beliefs and fought against the Nazi regime during World War II. His courageous decision to join the Allied forces defied his family's legacy and risked his own life. But William was not alone. His brothers, Heinz and Alexander, also distanced themselves from their uncle's ideology and pursued lives far removed from the world of politics. Heinz became a successful businessman, while Alexander opted for a quiet life as a farmer. Through extensive research and interviews, this book delves into the lives of Adolf Hitler's allied descendants, exploring their motivations, their struggles, and their ultimate decision to break free from the shadow of their infamous relative. Their stories shed light on the complex dynamics of loyalty, identity, and the human capacity for change. This book challenges our assumptions about family, loyalty, and the nature of evil. It is a story that reminds us that even in the darkest of times, individuals have the power to choose their own destiny and stand up for what is right. It is a story that deserves to be told. Uncover the hidden legacy of Hitler's allied descendants and gain a deeper understanding of the human capacity for change, the power of family, and the enduring battle against hatred and tyranny. *Untold Stories: The Last of the Hitler's Allied Descendants* is a thought-provoking and inspiring read that will leave you pondering the resilience of the human spirit. If you like this book, write a review on [google books](#)!

family tree of adolf hitler: The Soul of the Family Tree Lori Erickson, 2021-08-24 Readers may find themselves ordering their own DNA testing kit upon finishing this. —Publishers Weekly *The Soul of the Family Tree* posits that a spiritual grounding in one's family history can combat 'historical amnesia' and nurture a sense of belonging. —Foreword Reviews Growing up in a passionately Norwegian-American Iowa town, Lori Erickson rolled her eyes at traditions like Nordic

Fest and steaming pots of rømmegrøt. But like many Americans, she eventually felt drawn to genealogy, the quintessential hobby of middle age. Her quest to know more about the Vikings and immigrants who perch in her family tree led her to visit Norse settlements and reenactments, medieval villages and modern museums, her picturesque hometown and her ancestor's farm on the fjords. Along the way, Erickson discovers how her soul has been shaped by her ancestors and finds unexpected spiritual guides among the seafaring Vikings and her hardscrabble immigrant forebears. Erickson's far-ranging journeys and spiritual musings show us how researching family history can be a powerful tool for inner growth. Travel with Erickson in *The Soul of the Family Tree* to learn how the spirits of your ancestral past can guide you today.

family tree of adolf hitler: Hitler's Father Roman Sandgruber, 2022-10-21 The bundle of 31 letters, the pages of which had long yellowed with age, had lain hidden in the attic where they were found for over a century. Only when the razor-sharp script was examined further did historians discover just who had written them – and that person, Alois, was Adolf Hitler's father. Born Alois Schicklgruber on 7 June 1837, the identity of his biological father still undisclosed, Alois eventually became a civil servant in the Austrian customs service. At around the age of 40, Alois changed his family name from Schicklgruber to Hitler – his infamous son being born some eleven years later. The contents of the re-discovered letters have allowed the renowned historian and author Roman Sandgruber to reassess the image that we have of Alois, offering the world a completely new and authentic impression of the man. In *Hitler's Father*, Sandgruber re-examines Alois' personality and how he significantly shaped the young Adolf. The letters also shed further light onto the everyday life of the Hitler family as whole, a story which is often characterized by myths, inventions and assumptions. They have given the author the opportunity to recount the childhood and youth of the future dictator, painting a dramatic picture of the 'Führer' growing up. These letters also help answer the question that is so often asked: How could a child from an Upper Austrian province, seemingly a failure and self-taught, rise to a position of such power? Indeed, Adolf Hitler's father and 'the province' seemingly lay heavily on him until his suicide in the Führerbunker in 1945. The author examines how the young Hitler's lowly upbringing may have affected him in the years that followed – years which shaped the history of the whole world.

family tree of adolf hitler: The Family Tree Guidebook to Europe Allison Dolan, 2013-09-11 Your passport to European research! Chart your research course to find your European ancestors with the beginner-friendly, how-to instruction in this book. This one-of-a-kind collection provides invaluable information about more than 35 countries in a single source. Each of the 14 chapters is devoted to a specific country or region of Europe and includes all the essential records and resources for filling in your family tree. Inside you'll find: • Specific online and print resources including 700 websites. • Contact information for more than 100 archives and libraries. • Help finding relevant records. • Traditions and historical events that may affect your family's past. • Historical time lines and maps for each region and country. Tracing your European ancestors can be a challenging voyage. This book will start you on the right path to identifying your roots and following your ancestors' winding journey through history.

family tree of adolf hitler: The Holocaust David M. Crowe, 2018-05-04 This book details the history of the Jews, their two-millennia-old struggle with a larger Christian world, and the historical anti-Semitism that created the environment that helped pave the way for the Holocaust. It helps students develop the interpretative skills in the fields of history and law.

family tree of adolf hitler: The Hitler Myths Sjoerd J. de Boer, 2022-05-05 Adolf Hitler remains one of the most discussed figures in world history. Every year, an untold number of articles and books are published, and television programs and internet pages are produced, by respected historians through to amateur conspiracy theorists. One of the consequences of this continuous flow of stories is that, over time, increasing numbers of falsehoods and fabrications have emerged about Hitler. Many of these have subsequently gained credence by virtue of their constant repetition – however bizarre they may be. These include such claims that Hitler was impotent (contradicted by another myth that he had an illegitimate son), that he had Jewish ancestors, or that he had killed his

niece. Another claim, one of the most persistent, is that he did not commit suicide but escaped Berlin to live in Argentina for years after the war, despite his well-recorded failing health. What is the truth about his corpse, his sexual experiences, his years of poverty, his complete dominance of his subordinates? How much of what we think we know is the result of intentional or misunderstood modern interpretations? Many rumours also circulated during Hitler's life and, with the passage of time, have been presented as facts despite having no substantial foundation. Was Hitler really a hero of the First World War and, if so, why was he not promoted beyond the rank of corporal? Was he the true author of *Mein Kampf* and did he write a second book that was never published, and was Hitler initially a socialist? In *The Hitler Myths* the author clinically dissects many of these myths, often in a highly amusing fashion, as he exposes the inaccuracies and impossibilities of the stories. The myths – the familiar and the obscure – are discussed chronologically, following the course of Hitler's life. In his analysis of each of the myths, the author draws on an array of sources to prove or disprove the rumours and speculations – once and for all!

family tree of adolf hitler: *Hitler* Paul Lefort MD, 2018-10-25 This book discusses the turning point in history marked by the advent of Hitler, Nazism, and World War II. How could a political leader radically change the configuration of the world in a period of just twelve years? This approach will allow the reader to explore a civilization slippage that illustrates the potential of love and hatred in the depths of human nature. This book also uses the recent developments in psychology and psychiatry research to shed a new perspective on one individual who, without being affected by a mental illness, showed a severe personality disorder. This historic disaster has the profile of a scam on a global scale—based on seduction, lies, and deception. Democracy, which two essential markers are access to information and freedom of press, appears as the least imperfect political system for the protection of human rights and is vulnerable to the unpredictability of human nature in situations of power.

family tree of adolf hitler: *Hitler's Violent Youth* Bob Carruthers, 2015-06-30 An Emmy Award-winning author and historian delves into the brutal early life of the man who would become Nazi Germany's maniacal dictator. Between 1889 and 1924, Adolph Hitler's political outlook was borne out of vicious incidents that heralded the formation of the *Sturmabteilung*—the notorious SA. Drawing extensively on Hitler's own biographical account in *Mein Kampf*, Bob Carruthers illustrates how these events influenced the future *führer*'s worldview and led directly to the Beer Hall Putsch of 1923. Hitler's difficult relationship with his cruel father, his harsh experiences in Vienna, and his involvement in the Great War all conditioned him to celebrate violent acts. By Hitler's own account, his complete disregard for the consequences of his actions was vindicated by his victories in fierce encounters including beer hall brawls and street battles. Each successive triumph over adversity influenced his decision-making process, imbuing him with a love of violence and culminating in the ill-fated events of November 1924, which saw Hitler imprisoned for the second time. Carruthers also explores the parallel growth of the SA from a small group of fist fighters to a feared paramilitary force along with a comprehensive survey of the violent events between 1920 and 1924, which shaped this infamous political instrument of terror alongside the man who instigated World War II.

family tree of adolf hitler: It's All Relative A. J. Jacobs, 2017-11-07 #1 New York Times bestselling author A.J. Jacobs undergoes a hilarious, poignant quest to understand what constitutes family—where it begins and how far it goes—in *It's All Relative*, a “thought-provoking...delightful, easy-to-read, informative book” (Kirkus Reviews, starred review). A.J. Jacobs has received some strange emails over the years, but this note was perhaps the strangest: “You don't know me, but I'm your eighth cousin. And we have over 80,000 relatives of yours in our database.” That's enough family members to fill Madison Square Garden four times over. Who are these people, A.J. wondered, and how do I find them? So began Jacobs's three-year adventure to help build the biggest family tree in history. In *It's All Relative*, he “muses on the nature of family and the interconnectedness of humanity in this entertaining introduction to the world of genealogy” (Publishers Weekly). Jacobs's journey would take him to all seven continents. He drank beer with a US president, sung with the Mormon Tabernacle Choir, and unearthed genetic links to Hollywood

actresses and real-life scoundrels. After all, we can choose our friends, but not our family. “Whether he’s posing as a celebrity, outsourcing his chores, or adhering strictly to the Bible, we love reading about the wacky lifestyle experiments of author A.J. Jacobs” (Entertainment Weekly). Now Jacobs upends, in ways both meaningful and hilarious, our understanding of genetics and genealogy, tradition and tribalism, identity and connection. “Whimsical but also full of solid journalism and eye-opening revelations about the history of humanity, *It’s All Relative* is a real treat” (Booklist, starred review).

family tree of adolf hitler: Twin Memoirs Volume 6 Robert W. Parsons, 2020-12-04 I am Mitchell, the grandson of the Reverend Dr. Matlin DeMarco. But you already know that. Meet Charlie and me—who we are, how we met, and what we have become to each other. Call me Pastor Mitch, as my congregation does. I will fill you in on all the unknown answers that have come up throughout the Twin Memoirs saga that were briefly dwelled upon. My thesis, before ordination by the seminary, will tell you of my belief system. I am a Gnostic Christian. I am a seeker of truth and knowledge and a follower of Jesus. I use the Bible as a reference book, not a statute of limitations as many Christian put upon themselves. Stay with me as the truth be told. In book 12 is the twenty lost years of Michael DeMarco’s life after death. I had finally met my granduncle as he shared with me story after story of how he came to terms with his new life in God after becoming a vampire of light. Yes, it is true. Michael, my granduncle, is the last of his kind. He will become the new superhero. Meet Salvatore. Was my grandfather ever lost in space? His spirit never came around to me. And neither did my granduncle and my great-great-grandmother. Why? The last book called Resurrection will answer that question concerning my grandfather. Are you still waiting to hear what took place at Grandad’s fiftieth high school reunion and its theme? And what about the urn I found in Granddad’s destroyed cabin north of Eagleton? Whose ashes did they belong to?

family tree of adolf hitler: A Psychological Study of Adolf Hitler David M. Moriarty, 1993 Focuses on Hitler's mental processes as evident in his writings and on descriptions given by people who saw and knew him. It is evident that the things that were not in place to stop the rise of Hitler are not in place today, and that an individual who becomes a leader of one country affects much more than just that country.

family tree of adolf hitler: Hayek Bruce Caldwell, Hansjoerg Klausinger, 2022-11-25 A 2022 Economist Best Book of the Year. The definitive account of the distinguished economist’s formative years. Few twentieth-century figures have been lionized and vilified in such equal measure as Friedrich Hayek—economist, social theorist, leader of the Austrian school of economics, and champion of classical liberalism. Hayek’s erudite arguments in support of individualism and the market economy have attracted a devout following, including many at the levers of power in business and government. Critics, meanwhile, cast Hayek as the intellectual forefather of “neoliberalism” and of all the evils they associate with that pernicious doctrine. In *Hayek: A Life*, historians of economics Bruce Caldwell and Hansjörg Klausinger draw on never-before-seen archival and family material to produce an authoritative account of the influential economist’s first five decades. This includes portrayals of his early career in Vienna; his relationships in London and Cambridge; his family disputes; and definitive accounts of the creation of *The Road to Serfdom* and of the founding meeting of the Mont Pèlerin Society. A landmark work of history and biography, *Hayek: A Life* is a major contribution both to our cultural accounting of a towering figure and to intellectual history itself.

family tree of adolf hitler: My Kingdom Is Not of This World: 300 Years of the Amish, 1683-1983 Horst Gerlach, 2013-06-01 Originally printed in German in 1993, this updated and revised version has been translated into English. Lots of new photos and updated data were added to the text as Gerlach traces the beginnings of the Amish movement in Switzerland, their development and contribution to agriculture in Europe, and their spread throughout Europe as well as their eventual decline. A short portion covers the Amish in North America. This is the most comprehensive book on the Amish in Europe. (401pp. color illus. index. Masthof Press, 2013.)

family tree of adolf hitler: Born After Angelika Bammer, 2019-06-27 A 2020 Prose Award

Finalist What do we do with pasts we inherit that carry shame? A major and original contribution to thinking about and grappling with the legacies of German and Nazi history, this book reflects on the relationship between history and memory through the personal narrative of a postwar German intellectual. Arguing that the pasts that haunt us are shaped both by the things people did and suffered and the affective traces the past leaves in memory, *Born After* is a powerful meditation on questions of guilt, complicity, loss, and longing. With bracing honesty and without sentimentality, Bammer draws on her own family story to think anew about a history that we have come to accept as familiar. Inflecting questions about history with questions about ethics, her book speaks to all those concerned with historical pasts that remain unreconciled.

family tree of adolf hitler: *Neutral Ground* Brett F. Woods, 2008 *Neutral Ground: A Political History of Espionage Fiction* takes the reader behind the fiction and explores the real-world political, military, and diplomatic events that have consistently and significantly threaded their way through the fabric of the genre. Against this historical timeline, it examines how numerous authors including Rudyard Kipling, Somerset Maugham, Graham Greene, and John le Carre have engaged reality in order to write the espionage novels that have become literary classics and, in selected cases, have also served to alter the course of government policy. --From publisher's description.
