lesley pearse latest book 2024: Performing Violence Davide Giovanzana, 2024-12-24 This book offers an exhaustive approach to all forms of staged violence and an in-depth analysis of their emergence and repercussions (dramaturgically and physically). This study explores instruments to surpass the dichotomic opposition victim-oppressor, to demystify the spell of violence, and to get rid of the morbid voyeurism often connected to staged violence, and eventually, it proposes transformative tools to explore empowering experiences through violence. Considering all the

aspects of a theatre performance engaging with staged violence (the story displaying violence, the actors' embodiment of violence, the spectators' experiences of being exposed to violence, and the process of performing violence), this book proposes analytical and practical tools to explore the limit and to transform the experience of performing violence. This book will be of great interest to students and scholars in theatre and performance studies.
