nicola from big brother: Memories of our days Chiara Cesetti, 2021-02-08 The story of the Barrieri family, their four children and all the characters revolving around their lives, for better or for worse, go from the early years of 1900s to the post-second World War period. The first World War, the hard work at the land, the epidemics, the Fascist regime, fleeing abroad in exile, a society that changes violently or harshly at times, provide a frame for a series of events that show the reader an essential part of our history where the main characters will come out somehow changed. There are men who rebel with courage and determination sided by strong women who show one's best in hard times. It is il sapore dei giorni which does not leave anything the way it was. . Choral novel which is about the sequence of events happening in a family over three generations, from the early 1900s to the post-second World War. The first part of the book deals with the marriage of Giulia and Giovanni Barrieri. They have four children who have quite different personalities. Despite the historical events which affect them (the first World War, the Spanish flu epidemic, the onset of the Fascist regime), they grow up in a calm environment, under the watchful and concerned eye of a strong and loving mother, while the Fascist regime slowly permeates the daily life. The two European wars and Fascism frame the story of the Barrieri family and those around them, good or bad, from Dr Marinucci to Lucio, a day laborer working for the family. People who have something to do with the Barrieri family will become a vital element in the events that concern them in a very difficult time like during the first half of the XXth century. A chapter in our history which is not well known, especially considering the geographical area where the protagonists carry on with their lives: Tuscany. nicola from big brother: The Titan Series: A Military Romance Sampler Cristin Harber, CHAPTER SAMPLER of three bestselling military romance novels (WINTERS HEAT, GARRISON'S CREED, WESTIN'S CHASE) and two bestselling novellas (GAMBLED and CHASED). The sampler includes the first few chapters of each book. It's an easy way to see if you like the series before you buy it. WINTERS HEAT After putting her life on the line to protect classified intelligence, military psychologist Mia Kensington is on a cross-country road trip from hell with an intrusive save-the-day hero. Uninterested in his white knight act, she'd rather take her chances without the ruggedly handsome, cold-blooded operative who boasts an alpha complex and too many guns. Colby Winters, an elite member of The Titan Group, has a single objective on his black ops mission: recover a document important to national security. It was supposed to be an easy in-and-out operation. But now, by any means necessary becomes a survival mantra when he faces off with a stunning woman he can't leave behind. When Titan's safe houses are compromised, Colby stashes Mia at his home, exposing his secret—he's the adoptive father of an orphaned baby girl. Too soon, danger arrives and Mia lands in the hands of a sadistic cartel king with a taste for torture. As hours bleed into fear-drenched days, Colby races across the globe and through a firestorm of bullets to save the woman he can't live without. GARRISON'S CREED Nicola is an injured CIA agent on the run from a

failed undercover operation. Her escape plan shatters when she slams into the man who buried her a decade ago. Cash Garrison. Her first and only love. Now, sexier than her best memory and cradling a sniper's rifle, he has questions she can't answer. Why was she alive? And armed? Cash is an elite member of a black ops organization, The Titan Group. He thought Nicola died his senior year of college and swore off love to focus on a decade of military missions. But when she shows up behind enemy lines, bleeding out and wielding a weapon, his heart and mind are unsure how to proceed. Titan and the CIA join forces to uncover a mole hidden in a network of international terrorists and homegrown mobsters, teaming Cash and Nicola again. They fight old wounds and re-ignite sparks while closing in on a double agent. When disaster strikes, Nicola's hidden past makes her the hunted target and Cash's best kill shot may not be enough to save them. WESTIN'S CHASE Jared Westin knows his reputation and likes it. He gets the job done. No emotion. No baggage. That's why his elite ops company, The Titan Group, is better than the best. They complete projects classified as mission impossible. And then, in walks a woman as tough as she is sexy. His counterpart in every way, should he choose to admit it. Ousted undercover ATF agent Lilly Chase only answers to "Sugar." Jared is the only man who can see past her leather-and-lipstick demeanor, and that revelation is terrifying. She was fired for helping Titan on a questionable arrest she should've ignored, then partnered with Jared's rival on an assignment in Afghanistan. Distance and danger do nothing to change her feelings. When she's left on the side of a mountain to die, an unexpected ally comes forward, and might open her heart. Saving Sugar isn't a normal rescue operation. It pits Titan against its rival, Jared against his nemesis. Chasing Sugar's heart isn't a simple task, either. She fights him, fights them, always ready to run. When she becomes a pawn in a game of collateral damage, Jared must risk his life to save her—the woman whose bravado and surprising sweetness has given him the one thing he never had. Love. GAMBLED Brock Gamble's epic fall from the Titan Group labeled him a traitor, then his wife walks out the door. Can the couple survive if the only chance of redemption is a fall further into a world of guns and kidnappings? CHASED Jenny Chase and Asher McIntyre: can two hearts on opposite career paths survive while Asher's enemy seeks to take them out?

nicola from big brother: *Hungary as a Sport Superpower* Lorenzo Venuti, 2024-06-17 What role has football (and sport in general) played in Hungarian foreign policy? Was there a continuity between the inter-war period and communism? Are foreign politics and sporting diplomacy

synonyms? This book tries to provide answers to these questions through a careful examination of documents of the Hungarian Foreign Ministry and Hungarian newspapers, supplemented by documentation from several European countries. Through Hungarian football, the author traces a history of Hungary during the Age of Extremes with a special focus on the period during which sport played a particular role in Hungarian foreign policy: from 1924, the date of the Paris Olympics, the first time the country competed after World War I, to 1960, date of the Olympics of Rome. The result is a study from a particularly original perspective, highlighting, first and foremost, the transnational dimension of Hungarian football.
