road play jim cartwright: British Theatre Since the War Dominic Shellard, 2008-10-01 British theatre of the past fifty years has been brilliant, varied, and controversial, encompassing invigorating indigenous drama, politically didactic writing, the formation of such institutions as the National Theatre, the exporting of musicals worldwide from the West End, and much more. This entertaining and authoritative book is the first comprehensive account of British theatre in this period. Dominic Shellard moves chronologically through the half-century, discussing important plays, performers, directors, playwrights, critics, censors, and agents as well as the social, political, and financial developments that influenced the theatre world. Drawing on previously unseen material (such as the Kenneth Tynan archives), first-hand testimony, and detailed research, Shellard tackles several long-held assumptions about drama of the period. He questions the dominance of *Look Back in Anger* in the 1950s, arguing that much of the theatre of the ten years prior to its premiere in 1956 was vibrant and worthwhile. He suggests that theatre criticism, theatre producers, and such institutions as the National Theatre and the Royal Shakespeare Company have played key roles in the evolution of recent drama. And he takes a fresh look at the work of Terence Rattigan, Harold Pinter, Joe Orton, Alan Ayckbourn, Timberlake Wertenbaker, and other significant playwrights of the modern era. The book will be a valuable resource not only for students of theatre history but also for any theatre enthusiast.

road play jim cartwright: **Julie Hesmondhalgh: A Working Diary** Julie Hesmondhalgh, 2019-01-10 Actor Julie Hesmondhalgh's working diary begins in November 2016 at the end of a full and exciting year of theatre-making with her company, Take Back. The company is a northern-based collective creating immediate script-in-hand responses to social and political events (of which there were many in 2016). Her work with Take Back fell between filming the third series of *Broadchurch* for ITV and starring in the award-winning play *Wit* at the Royal Exchange Theatre in Manchester. She kicks off as she prepares to start rehearsals for Mike Leigh's epic film about the Peterloo Massacre of 1819; visits schools and colleges representing Arts Emergency - an organisation set up to promote opportunities for young working-class actors; and awaits news of a possible London transfer of *Wit*. The book takes in Hesmondhalgh's unique experiences of working in film, theatre, TV and radio drama, and through the ups and downs of life as a working actor and producer, while balancing family life. The events described throughout take place against the backdrop of the huge political change and upheaval as Britain votes in favour of Brexit and Donald Trump is elected as US president. Throughout, Julie Hesmondhalgh considers the impact and challenges of starting a brand

new chapter of her career after 16 years in Coronation Street; growing older as a woman in an industry preoccupied by youth and appearance; working with a legend of British film making; running a company; being a parent; experiencing first-hand the huge changes and pressures in the creative industries and arts education; and the lesser-known aspects of an actor's life post-production and publicity. All the while, she attempts to pass on any knowledge or experiences she might have accrued to people starting out in the business in this fascinating year-long journal.

road play jim cartwright: The Elephant to Hollywood Michael Caine, 2010-10-26 The actor tells the story of his career comeback and surprising second act in a warm, funny memoir "packed with amazing anecdotes" (Entertainment Weekly). When he was in his late fifties, Michael Caine believed his glamorous, rags-to-riches Hollywood career had come to an end. The scripts being sent his way were worse and worse. When one script really disappointed, he called the producer to complain about the part. The producer said, "No, no, we don't want you for the lover, we want you for the father." Salvation came in the unlikely form of his old friend Jack Nicholson, who convinced him to give acting one more shot. What followed was not only an incredible personal transformation but also one of the most radical comebacks in film history. Learning to accept his new role both on camera and in his own life, Caine went on to win his second Oscar, be knighted by the queen, and deliver some of his best performances to date. Now he shares the spectacular story of his life: his humble upbringing in London's poverty-stricken Elephant and Castle; his military service, marriage, and family life; lively adventures with friends; legendary meetings with fellow stars; forays as a restaurateur; and hilarious offscreen encounters from his glittering five-decade career. "Caine has three things you want in a memoirist—an eye for detail, a knack for storytelling and a sense of humor about himself—and they all come out to play in *The Elephant to Hollywood*." —New York Times Book Review

road play jim cartwright: Northernness, Northern Culture and Northern Narratives Gabby Riches, Karl Spracklen, Spencer Swain, 2018-10-18 *Northernness, Northern culture and Northern narratives* are a common aspect of popular culture, and the North of England, like other Northernnesses in Europe, is a collection of narratives, myths, stereotypes and symbols. In politics and everyday culture, Northern culture is paradoxically a site of resistance against an inauthentic South, a source of working-class identity, and a source of elite marginalisation. This book provides a key to theorising about Northernness, and a platform to scholars working away at exposing the North in different aspects of culture. The aims of this book are twofold: to re-theorise 'the North' and Northern culture and to highlight the ways in which constructions of Northernness and Northern culture are constituted alongside other gender, racial and regional identities. The contributions presented here theorise Northernness in relation to space, leisure, gender, race, class, social realism, and everyday embodied practices. A main thematic thread that weaves the whole book together is the notion that Northernness and 'the North' is both an imagined discursive construct and an embodied subjectivity, thus creating a paradox between the reality of 'North' and its representation. This book was originally published as a special issue of the *Journal for Cultural Research*.
