simon butler and wilson: The Dark Valley Piers Brendon, 2002-01-08 The 1930s were perhaps the seminal decade in twentieth-century history, a dark time of global depression that displaced millions, paralyzed the liberal democracies, gave rise to totalitarian regimes, and, ultimately, led to the Second World War. In this sweeping history, Piers Brendon brings the tragic, dismal days of the 1930s to life. From Stalinist pogroms to New Deal programs, Brendon re-creates the full scope of a slow international descent towards war. Offering perfect sketches of the players, riveting descriptions of major events and crises, and telling details from everyday life, he offers both a grand, rousing narrative and an intimate portrait of an era that make sense out of the fascinating, complicated, and profoundly influential years of the 1930s.

simon butler and wilson: *This Charming Man* Robert Fairclough, 2011-09-22 The first life of the man who was Lord Peter Wimsey, Bertie Wooster and starred in I'm Alright, Jack! With the death of Ian Carmichael in 2010 one of the last links was lost with the golden age of British cinema. Carmichael starred alongside Terry-Thomas and Peter Sellers in the Boulting brothers' classic satirical comedies I'm Alright, Jack! Private's Progress and School for Scoundrels. He summed up, on screen and in life, the kind of Englishman who was beginning to emerge after the war - educated, not necessarily upper class, upwardly mobile and a study in good manners and a sense of fair play - and thus played the straight-man foil to the distracted ravings of his wilder co-stars. Subsequently, he became Bertie Wooster in a highly successful television series based on P.G. Wodehouse's Jeeves stories. He also made the part of Lord Peter Wimsey his own in another long-running adaptation of Dorothy L. Sayers' famous detective novels, and was still acting on television well into his eighties alongside Susan Hampshire in ITV's drama series The Royal.
