

the coming of the third reich

The coming of the Third Reich

The emergence of the Third Reich marks a pivotal chapter in 20th-century history, signifying the rise of Nazi Germany under Adolf Hitler's leadership. This period, spanning from the early 1930s to the outbreak of World War II, was characterized by profound political upheaval, ideological transformation, and the eventual establishment of a totalitarian regime that would shape global events for decades to come. Understanding the origins and development of the Third Reich is essential for comprehending the profound impact it had on Europe and the world.

Historical Background Leading to the Third Reich

The Aftermath of World War I

The defeat of Germany in World War I created a climate of national humiliation and economic hardship. The Treaty of Versailles (1919) imposed severe sanctions:

- Significant territorial losses
- Disarmament restrictions
- War reparations demanding substantial payments

These conditions fostered resentment among Germans and fostered political instability.

Weimar Republic's Challenges

Germany's first democracy, the Weimar Republic, faced numerous difficulties:

1. Economic crises, including hyperinflation in 1923
2. Political extremism from both left and right wings
3. Public disillusionment with democratic governance

These factors created fertile ground for radical ideologies to flourish.

The Rise of Adolf Hitler and the Nazi Party

Hitler's Early Life and Political Engagement

Born in Austria in 1889, Adolf Hitler moved to Germany and served as a soldier in WWI. His political ideology was shaped by:

- Extreme nationalism
- Anti-Semitism
- Anti-communism

He joined the German Workers' Party (later the Nazi Party) in 1919, quickly rising to leadership.

The Nazi Party's Ideology and Strategies

The Nazi Party promoted a platform centered around:

- Racial purity and Aryan supremacy
- Revanchism and territorial expansion
- Anti-Semitic conspiracy theories

They utilized propaganda, paramilitary groups like the SA, and mass rallies to gain support.

The Beer Hall Putsch and Legal Rise to Power

In 1923, Hitler and the Nazi Party attempted a coup in Munich, which failed and led to his imprisonment. During his incarceration, he authored *Mein Kampf*, outlining his political vision. The party shifted strategies toward gaining power through legal means, capitalizing on economic woes and public dissatisfaction.

The Consolidation of Power and the Formation of the Third Reich

Hitler's Appointment as Chancellor

In January 1933, Hitler was appointed Chancellor of Germany. The Nazi Party quickly moved to consolidate power:

- Enabling Act of 1933 gave Hitler dictatorial powers

- Suppression of political opposition
- Establishment of the Gestapo and concentration camps

The Transition to a Totalitarian Regime

The Nazi regime dismantled democratic institutions, creating a totalitarian state through:

1. Control of the media and propaganda
2. Elimination of political enemies
3. Coordination of all aspects of society under Nazi ideology

This period marked the official beginning of the Third Reich, a term Hitler used to describe the Third German Empire.

The Ideology and Policies of the Third Reich

Racial Policies and Anti-Semitism

Central to Nazi ideology was the belief in racial hierarchy:

- Promotion of Aryan racial purity
- Systematic persecution of Jews, Roma, disabled individuals, and others
- Implementation of laws such as the Nuremberg Laws (1935)

Militarization and Expansionism

The regime prioritized rearmament and territorial expansion:

1. Rebuilding the German military in violation of Versailles
2. Annexation of Austria (Anschluss, 1938)
3. Sudetenland crisis and the Munich Agreement

Economic and Social Policies

Nazi policies aimed to achieve autarky and mobilize the economy:

- Public works projects like the Autobahn
- Autarkic economic measures
- Propaganda fostering unity and loyalty

The Path to War and the Legacy of the Third Reich

Outbreak of World War II

The aggressive expansion policies culminated in the invasion of Poland in September 1939, leading to the outbreak of WWII. The regime's military campaigns expanded across Europe, driven by:

- Blitzkrieg tactics
- Alliances such as the Axis Powers
- Unrelenting pursuit of territorial conquest

The Holocaust and Human Rights Violations

The most heinous aspect of the Third Reich was the Holocaust:

- The systematic extermination of six million Jews
- Genocide of millions of others including Romani, disabled individuals, and political dissidents
- Use of extermination camps like Auschwitz

The Fall of the Third Reich

As Allied forces closed in, Nazi Germany collapsed in 1945:

1. Hitler's suicide in April 1945

2. Unconditional surrender of German forces
3. Post-war trials and denazification efforts

Conclusion: The Impact and Lessons of the Third Reich

The coming of the Third Reich remains one of history's darkest periods, illustrating the dangers of extremist ideologies

Frequently Asked Questions

What is the significance of the title 'The Coming of the Third Reich'?

The title refers to the anticipated rise of Nazi Germany, symbolizing a new era of totalitarian rule that would dominate Europe and influence global history.

Who is the author of 'The Coming of the Third Reich'?

The book was written by historian Richard J. Evans, renowned for his extensive research on Nazi Germany and the Holocaust.

What are the main themes explored in 'The Coming of the Third Reich'?

The book explores the political, social, and economic factors leading up to Hitler's rise, including the collapse of Weimar Germany, propaganda, and the consolidation of power by the Nazi Party.

How does 'The Coming of the Third Reich' contribute to our understanding of Nazi Germany?

It provides a detailed, scholarly account of the historical context and events that facilitated the Nazi rise to power, helping readers understand the complexities and warning signs of totalitarian regimes.

What impact has 'The Coming of the Third Reich' had on modern historical scholarship?

The book is considered a seminal work that has shaped modern interpretations of Nazi Germany, emphasizing the importance of understanding the political and societal

conditions that enable authoritarian regimes.

Are there any controversies or criticisms associated with 'The Coming of the Third Reich'?

While widely praised for its thorough research, some critics have debated its interpretations of specific events, but overall, it remains a highly respected scholarly work.

Why is studying 'The Coming of the Third Reich' relevant today?

Studying this history helps us recognize the warning signs of authoritarianism, understand the factors that lead to extremism, and promote vigilance against similar threats in the present day.

The Coming of the Third Reich: A Deep Dive into Germany's Turbulent Path to Totalitarianism

Introduction: Understanding the Foundations of the Third Reich

The phrase "Third Reich" evokes images of a dark chapter in world history, marked by aggressive expansionism, oppressive totalitarian rule, and profound human tragedy. To comprehend the origins and ascent of the Third Reich, it is essential to explore the socio-political, economic, and ideological currents that converged in Germany during the early 20th century. This period was characterized by upheaval following Germany's defeat in World War I, the fall of the German Empire, and the tumultuous Weimar Republic era.

Post-World War I Germany: The Environment for Radical Change

The Impact of the Treaty of Versailles

- Harsh Punishments: The 1919 Treaty of Versailles imposed severe territorial losses, military restrictions, and hefty war reparations on Germany.
- National Humiliation: Many Germans perceived the treaty as a national humiliation, fueling resentment and a desire for revision.
- Economic Consequences: Reparations contributed to hyperinflation and economic instability, undermining faith in the democratic government.

The Weimar Republic's Challenges

- Political Instability: The fledgling democracy faced frequent government changes, political extremism, and violence.
- Economic Hardship: Hyperinflation (1921-1923), coupled with the Great Depression starting in 1929, devastated the economy.
- Loss of National Pride: Many Germans saw the Weimar Republic as a symbol of national defeat and humiliation.

Societal Discontent and the Rise of Extremism

- Widespread unemployment, poverty, and social unrest created fertile ground for radical ideologies.
- Various political factions, including communists and nationalists, vied for influence, leading to violence and polarization.

The Ideological Foundations of the Third Reich

Adolf Hitler and the Nazi Party's Ideology

- Aryan Supremacy: The Nazis propagated a racist ideology centered on the superiority of the "Aryan" race.
- Anti-Semitism: Jews were scapegoated for Germany's woes, portrayed as enemies of the German people.
- Lebensraum: The concept of "living space" justified territorial expansion into Eastern Europe.
- Anti-Communism: The Nazis viewed communism as a Jewish conspiracy, positioning themselves as defenders of traditional German values.

Nationalism and Militarism

- The Nazi ideology emphasized extreme nationalism, revering German history, culture,

and military prowess.

- Rebuilding Germany's military strength was a central goal, directly contravening the Treaty of Versailles.

The Role of Propaganda and Cult of Personality

- Propaganda was a key tool in mobilizing mass support, with figures like Joseph Goebbels mastering media manipulation.

- Hitler's charismatic leadership fostered a cult of personality that galvanized followers.

The Path to Power: Political Strategies and Key Events

Formation and Growth of the Nazi Party

- Founded as the German Workers' Party in 1919, it was renamed the National Socialist German Workers' Party (NSDAP) in 1920.

- Early efforts focused on nationalist rhetoric, anti-Semitism, and anti-communist sentiment.

- The party's paramilitary wing, the Sturmabteilung (SA), played a crucial role in intimidation and street violence.

The Beer Hall Putsch (1923)

- An attempted coup in Munich aimed to overthrow the Bavarian government.

- The failure led to Hitler's imprisonment, during which he authored *Mein Kampf*, outlining his ideology and plans for Germany's future.

Legal Road to Power

- Post-release, Hitler and the Nazi Party adopted a strategy of gaining power through democratic elections.

- Exploiting economic woes and public discontent, they increased their parliamentary seats, becoming the largest party by 1932.

The Chancellor Appointment and Consolidation of Power

- In January 1933, Hitler was appointed Chancellor of Germany.
- The Reichstag Fire in February 1933 was exploited to justify the Reichstag Fire Decree, suppressing political opposition.
- The Enabling Act (March 1933) granted Hitler dictatorial powers, effectively establishing the Nazi dictatorship.

The Establishment of the Totalitarian State

Repression and Elimination of Opposition

- The Nazi regime targeted communists, socialists, Jews, and other perceived enemies.
- The Night of the Long Knives (1934) purged internal rivals, consolidating Hitler's control.

Control of Society and Culture

- The regime promoted Nazi ideology through education, arts, and media.
- Youth organizations like the Hitler Youth indoctrinated young Germans with Nazi principles.

Legal and Administrative Changes

- The Law for the Restoration of the Professional Civil Service (1933) removed Jews and political opponents from civil service.
- The Gleichschaltung process aligned all institutions with Nazi ideology, creating a unified totalitarian state.

Military Expansion and Foreign Policy

Rearmament and Violations of the Treaty

- The regime secretly rearmed Germany, expanding its military beyond Versailles restrictions.
- In 1935, the Wehrmacht was officially re-established, and conscription was introduced.

Expansionist Aggression

- Key events include the remilitarization of the Rhineland (1936), Anschluss with Austria (1938), and the annexation of Sudetenland.
- These moves were framed as restoring Germany's rightful place in Europe.

Outbreak of World War II

- The invasion of Poland in September 1939 marked the beginning of the war.
- The Nazi regime pursued a policy of conquest, leading to widespread devastation and genocide.

The Holocaust and Genocide

The Final Solution

- The Nazi regime implemented the systematic extermination of Jews, Roma, disabled individuals, and others deemed undesirable.
- Concentration camps like Auschwitz became symbols of industrialized genocide.

Methods of Atrocity

- Mass shootings, gas chambers, forced labor, and medical experiments.
- The Holocaust resulted in the murder of approximately six million Jews and millions of other victims.

Impact and Legacy

- The Holocaust remains one of history's most tragic examples of human cruelty.
- It prompted the establishment of international human rights frameworks and genocide

prevention efforts.

The Coming Of The Third Reich

the coming of the third reich: The Coming of the Third Reich Richard J. Evans, 2005-01-25
The definitive account of Hitler's rise to power and the collapse of civilization in Nazi Germany, from the author of *The Third Reich in Power*, *The Third Reich at War*, and *Hitler's People* The clearest and most gripping account I've read of German life before and during the rise of the Nazis. —A. S Byatt, *Times Literary Supplement* Impressive in its command of an immense literature, perceptive in analysis, fluent in style, and humane in judgment, this work could only have been produced by a master historian. —Sir Ian Kershaw There is no story in twentieth-century history more important to understand than Hitler's rise to power and the collapse of civilization in Nazi Germany. With *The Coming of the Third Reich*, Richard J. Evans, one of the world's most distinguished historians, has written the definitive account for our time. A masterful synthesis of a vast body of scholarly work integrated with important new research and interpretations, Evans's history restores drama and contingency to the rise to power of Hitler and the Nazis, even as it shows how ready Germany was by the early 1930s for such a takeover to occur. *The Coming of the Third Reich* is a masterwork of the historian's art and the book by which all others on the subject will be judged.

the coming of the third reich: The Coming of the Third Reich Richard J. Evans, 2005-01-25
The definitive account of Hitler's rise to power and the collapse of civilization in Nazi Germany, from the author of *The Third Reich in Power*, *The Third Reich at War*, and *Hitler's People* The clearest and most gripping account I've read of German life before and during the rise of the Nazis. —A. S Byatt, *Times Literary Supplement* Impressive in its command of an immense literature, perceptive in analysis, fluent in style, and humane in judgment, this work could only have been produced by a master historian. —Sir Ian Kershaw Brilliant. —Richard Cohen, *The Washington Post* There is no story in twentieth-century history more important to understand than Hitler's rise to power and the collapse of civilization in Nazi Germany. With *The Coming of the Third Reich*, Richard J. Evans, one of the world's most distinguished historians, has written the definitive account for our time. A masterful synthesis of a vast body of scholarly work integrated with important new research and interpretations, Evans's history restores drama and contingency to the rise to power of Hitler and the Nazis, even as it shows how ready Germany was by the early 1930s for such a takeover to occur. *The Coming of the Third Reich* is a masterwork of the historian's art and the book by which all others on the subject will be judged.

the coming of the third reich: The Third Reich in Power Richard J. Evans, 2006-09-26
The acclaimed and comprehensive account of Germany's transformation under Hitler's total rule and the inexorable march to war, by the author of *The Coming of the Third Reich*, *The Third Reich at War*, and *Hitler's People* "[Evans's] three-volume history . . . is shaping up to be a masterpiece. Fluidly narrated, tightly organized and comprehensive." —*The New York Times* Mr. Evans's magisterial study should be on our shelves for a long time to come. —*The Economist* By the middle of 1933, the democracy of the Weimar Republic had been transformed into the police state of the Third Reich, mobilized around the cult of the leader, Adolf Hitler. In *The Third Reich in Power*, Richard J. Evans chronicles the incredible story of Germany's radical reshaping under Nazi rule. As those who were deemed unworthy to be counted among the German people were dealt with in increasingly brutal terms, Hitler's drive to prepare Germany for the war that he saw as its destiny reached its fateful hour in September 1939. This is the fullest and most authoritative account yet written of how, in six years, Germany was brought to the edge of that terrible abyss.

the coming of the third reich: The Third Reich at War Richard J. Evans, 2009-03-19
An absorbing, revelatory, and definitive account of one of the greatest tragedies in human history, by

the author of *The Coming of the Third Reich*, *The Third Reich in Power*, and *Hitler's People* “This is history in the grand style, the kind of large-scale narrative that few historians dare to write these days. It is difficult to imagine how it could be improved upon, let alone surpassed. —The Washington Post This superb book is not simply a military history; it is a comprehensive portrait of a society at war...A masterpiece of historical research and analysis...Likely to remain the best study of the Third Reich at war for many years to come. —The Christian Science Monitor Adroitly blending narrative, description, and analysis, Richard J. Evans portrays a society rushing headlong to self-destruction and taking much of Europe with it. Interweaving a broad narrative of the war's progress from a wide range of people, Evans reveals the dynamics of a society plunged into war at every level. The great battles and events of the conflict are here, but just as telling is Evans's re-creation of the daily experience of ordinary Germans in wartime. At the center of the book is the Nazi extermination of the Jews. *The Third Reich at War* lays bare the most momentous and tragic years of the Nazi regime.

the coming of the third reich: *Summary of Richard Evans's The Coming of the Third Reich* Milkyway Media, 2024-02-14 Get the Summary of Richard Evans's *The Coming of the Third Reich* in 20 minutes. Please note: This is a summary & not the original book. Otto von Bismarck's governance, marked by suppression of liberal ideologies and militarization, laid the groundwork for the Third Reich by fostering authoritarianism and nationalism. The ineffective Anti-Socialist Law paradoxically strengthened the Social Democratic Party, making it a significant political force. Germany's late colonial ambitions and Kaiser Wilhelm II's aggressive foreign policy further fueled nationalism and antisemitism, setting the stage for the rise of radical ideologies...

the coming of the third reich: *Third Reich Trilogy* Richard J. Evans, 2008-10-02 In 1900 Germany was generally viewed as one of the world's most progressive, dynamic and impressive nations. Ceaselessly inventive, in many ways at the cutting edge of social and welfare reform, Germany was the one country in Europe to rival the United States as a beacon for future growth and change. Its political culture was not noticeably more rooted in the past than that of such rivals as Britain or Russia. Anti-semitism was no more widespread than in many other countries, representative institutions were thriving, political parties and elections an accepted part of constitutional practice. Richard J. Evans here unfolds perhaps the single most important story of the twentieth century: how in less than a lifetime this stable and modern country led Europe into moral, physical, and cultural ruin and despair. It is a terrible story not least because, as Evans makes abundantly clear, there were so many other ways in which Germany's history could have played out. The seeds of the Third Reich's rise to power may have been sown in Bismarck's Germany, but it required a devastating sequence of events before they were reaped in the Nazi seizure of control with which Evans ends his sweeping and dramatic narrative. *The Coming of the Third Reich* forces us to reassess our view of the rise of Nazis in Germany. With tremendous authority, skill and compassion, Evans re-creates a country torn apart by overwhelming economic, political and social blows: the First World War, Versailles, hyperinflation and the Great Depression. One by one these disasters ruined or pushed aside almost everything admirable about Germany, leaving the way clear for a truly horrifying ideology to take command. The consequences of this assault would change the world in ways that we will always have to live with.

the coming of the third reich: Hitler's People Richard J Evans, 2024-08-13 Named a Best Book of the Year by Kirkus Reviews and Air Mail “A fascinating and instructive book . . . elegantly written and perceptive.” —Wall Street Journal “Kaleidoscopic . . . A fascinating exploration of individual agency that never loses sight of the larger context . . . Just the kind of probing, nuanced and unsparing study to help us think things through.” —The New York Times Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated out from Hitler to the inner and outer circles of the regime's leadership, one of our greatest historians answers the enduring question, how does a society come to carry out a program of unspeakable evil? Richard Evans, author of the acclaimed *The Third Reich Trilogy* and over two dozen other volumes on modern Europe, is our preeminent scholar of Nazi Germany. Having spent half a century searching for the truths behind one of the most horrifying episodes in human history, in *Hitler's People*, he

brings us back to the original site of the Nazi movement: namely, the lives of its most important members. Working in concentric circles out from Hitler and his closest allies, Evans forms a typological framework of Germany society under Nazi rule from the top down. With a novelist's eye for detail, Evans explains the Third Reich through the personal failings and professional ambitions of its members, from its most notorious deputies—like Goebbels, the regime's propagandist, and Himmler, the Holocaust's chief architect—to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten—like the schoolteacher Julius Streicher and the actress Leni Riefenstahl. Drawing on a wealth of recently unearthed historical sources, *Hitler's People* lays bare the inner and outer lives of the characters whose choices led to the deaths of millions. Nearly a century after Hitler's rise, the leading nations of the West are once again being torn apart by a will to power. By telling the stories of these infamous lives as human lives, Evans asks us to grapple with the complicated nature of complicity, showing us that the distinctions between individual and collective responsibility—and even between pathological evil and rational choice—are never easily drawn.

the coming of the third reich: The Downfall of the Weimar Democracy Demir Tuncer, 2013-05-07 Research Paper (postgraduate) from the year 2009 in the subject History of Germany - National Socialism, World War II, grade: A, Bosphorus University, language: English, abstract: An scholarly examination of the Factors that Lead to Adolf Hitler's Capture of Power in 1933, and subsequently to the Downfall of the Weimar Republic.

the coming of the third reich: Hitler's Voice: Organisation & development of the Nazi Party Detlef Mühlberger, 2004 Detlef Mühlberger's work *Hitler's Voice: The Völkischer Beobachter, 1920-1933* is an important addition to the study of National Socialism. In today's scholarship, it is difficult to locate a detailed work on National Socialism that does not rely in some way on the *Völkischer Beobachter*: it was truly the bullhorn of the party from the time when the National Socialists were no more than a small group of unknowns gathering at the Munich Bürgerbräukeller until they gained power in 1933. Considering the vast amount of literature on National Socialism, however, it is surprising that until now, there have only been shorter articles and two dissertations and not a single comprehensive analysis of the newspaper.[1] Mühlberger's translation of articles from the *Völkischer Beobachter* addresses this lacuna. He has sifted through eleven years of the paper, condensing them into two volumes. His first volume gives a chronological account of the development and organization of the party until 1933 while the shorter second volume, entitled *Nazi Ideology and Propaganda*, examines topical issues such as attacks against the Weimar Republic, racism, and attempts by the party to garner support from workers, farmers, and the German Mittelstand.

the coming of the third reich: The Third Reich at War Richard J. Evans, 2009 In 1939 Hitler mobilized Germany into all-out war. Richard Evans's astonishing, acclaimed history conjures up a whole society plunged into conflict - from generals and front-line soldiers to Hitler Youth activists and middle-class housewives - tracing events from the invasion of Poland and the Battle of Stalingrad to Hitler's plans for genocide and his eventual suicide. *The Third Reich at War* is a historical masterpiece, showing how Germany rushed headlong into destroying itself and an entire continent.

the coming of the third reich: The Third Reich in History and Memory Richard J. Evans, 2015 Seventy years after its demise, historian Richard J. Evans charts the ways our understanding of the Third Reich has changed.

the coming of the third reich: The Third Reich Almanac James Taylor, Warren Shaw, 1987

the coming of the third reich: Deutsches Haus Bulletin , 1929 The Deutsches Haus is the center of information in the United States concerning new publications in the German language. The bulletins contain bibliographies of these publications.

the coming of the third reich: *Bulletin of the Deutsches Haus, Columbia University in the City of New York* , 1929

the coming of the third reich: *A Social History of the Third Reich* Richard Grunberger, 1991

Hitler's Germany was horrific, yet along with the violence, the corruption, the persecution, the ever-present Party and the cult of the Fuehrer a ghastly imitation of ordinary life went on. How did people talk during the Third Reich? What films could you see? What political jokes did they tell? Did Nazi ranting about the role of women correspond with reality? And what was the impact of the regime on farmers and the family, the Churches and civil services, health care, education, justice, the army and the arts? The author offers brief accounts of the collapse of the Weimar Republic and the treatment of the Jews, but his main aim is to capture the unique, nightmarish flavour and texture of the times.

the coming of the third reich: *Targeting the Third Reich* Robert S. Ehlers, 2009 Argues that air intelligence played a crucial but largely overlooked role in the successful execution of the Allied bombing campaigns against the Third Reich, which in turn proved a decisive factor in both ending the war in Europe and ending it as soon as it did.

the coming of the third reich: Out of the Third Reich Peter Alter, 1998-12-31 In post-war Britain there was a small but highly influential group of historians who excelled as academic teachers and who made significant contributions to British and international learning. These people share one thing in common - they all fled Hitler's evil regime in the 1930s. In these autobiographical essays, historians reflect on their lives, their teaching and research, and their role as brokers between Britain, Germany and Austria.

the coming of the third reich: *The Third Reich at War* Richard J. Evans, 2008 The final volume in Evans's masterly trilogy on the history of Nazi Germany traces the rise and fall of German military might, the mobilization of a people's community to serve a war of conquest, and Hitler's campaign of racial subjugation and genocide.

the coming of the third reich: Hitler and Nazi Germany Jackson J. Spielvogel, David Redles, 2010 This text is a brief yet comprehensive survey of the Third Reich based on current research findings and it is written for students and general readers who want a deeper understanding of this period in German history. It provides a balanced approach in examining Hitler's role in the history of the Third Reich and includes coverage of the economic, social, and political forces that made the rise and growth of Nazism possible; the institutional, cultural, and social life of the Third Reich; the Second World War; and the Holocaust. Hallmark Features An in-depth portrait of Adolf Hitler, the man and the leader--Coverage includes the influences on his early development, his character traits, his oratorical skills, his messianic pretensions, and an analysis of his ideology based on quotations from his writings and speeches. A thorough examination of the Holocaust--Includes coverage of anti-Semitism in Germany, Hitler's personal racial ideology and vision of Aryan purity, the mechanisms of terror and control, and the machinery of the Final Solution. The Jewish perspective is woven throughout this coverage. Engaging coverage of the following topics: Anti-Jewish policies and the involvement of ordinary Germans in the Holocaust The political scene in Weimar Germany The role of Gregor Strasser in rebuilding the Nazi Party Walter Darré and Blood and Soil The internal consolidation of power Party-state relations Early Nazi economic policy The SS and the military between 1933-1939 Provides the most up-to-date research. Pedagogical Features Student Pedagogy--Includes maps, photos, bibliographies, and suggestions for further reading. David Redles, Associate Professor of History at Cuyahoga Community College, contributed his expertise to the latest revision by revising and updating the text in accordance with the most recent scholarship in the field. Coverage of World War I has been reorganized to improve flow. Includes a substantial amount of NEW coverage of cultur.
