circle 7 holy koran pdf: The Aliites Spencer Dew, 2019-08-20 "Citizenship is salvation," preached Noble Drew Ali, leader of the Moorish Science Temple of America in the early twentieth century. Ali's message was an aspirational call for black Americans to undertake a struggle for recognition from the state, one that would both ensure protection for all Americans through rights guaranteed by the law and correct the unjust implementation of law that prevailed in the racially segregated United States. Ali and his followers took on this mission of citizenship as a religious calling, working to carve out a place for themselves in American democracy and to bring about a society that lived up to what they considered the sacred purpose of the law. In *The Aliites*, Spencer Dew traces the history and impact of Ali's radical fusion of law and faith. Dew uncovers the influence of Ali's teachings, including the many movements they inspired. As Dew shows, Ali's teachings demonstrate an implicit yet critical component of the American approach to law: that it should express our highest ideals for society, even if it is rarely perfect in practice. Examining this robustly creative yet largely overlooked lineage of African American religious thought, Dew provides a window onto religion, race, citizenship, and law in America.

circle 7 holy koran pdf: *Metaphysical Africa* Michael Muhammad Knight, 2020-09-15 The Ansaru Allah Community, also known as the Nubian Islamic Hebrews (AAC/NIH) and later the Nuwaubians, is a deeply significant and controversial African American Muslim movement. Founded in Brooklyn in the 1960s, it spread through the prolific production and dissemination of literature and lecture tapes and became famous for continuously reinventing its belief system. In this book, Michael Muhammad Knight studies the development of AAC/NIH discourse over a period of thirty years, tracing a surprising consistency behind a facade of serial reinvention. It is popularly believed

that the AAC/NIH community abandoned Islam for Black Israelite religion, UFO religion, and Egyptosophy. However, Knight sees coherence in AAC/NIH media, explaining how, in reality, the community taught that the Prophet Muhammad was a Hebrew who adhered to Israelite law; Muhammad's heavenly ascension took place on a spaceship; and Abraham enlisted the help of a pharaonic regime to genetically engineer pigs as food for white people. Against narratives that treat the AAC/NIH community as a postmodernist deconstruction of religious categories, Knight demonstrates that AAC/NIH discourse is most productively framed within a broader African American metaphysical history in which boundaries between traditions remain quite permeable. Unexpected and engrossing, Metaphysical Africa brings to light points of intersection between communities and traditions often regarded as separate and distinct. In doing so, it helps move the field of religious studies beyond conventional categories of "orthodoxy" and "heterodoxy," challenging assumptions that inform not only the study of this particular religious community but also the field at large.

circle 7 holy koran pdf: The Holy Koran of the Moorish Science Temple of America Drew Ali, 2018-09-09 The Prophet Noble Drew Ali wrote The Holy Koran of the Moorish Science Temple of America -- The Circle 7 / Circle Seven Koran -- to teach that blacks are all of Moorish origins but have had their Muslim identity taken away from them through slavery and racial segregation. Ali advocated that they should return to the Islam of their Moorish forefathers, redeeming themselves from racial oppression by reclaiming their historical spiritual heritage. Many of the group's formal practices were derived from Muslim observances. The Moorish Science Temple of America required rigorous obedience to the Prophet's regulations, and certain foods were forbidden. The group's sacred text was the (Circle Seven) Holy Koran, which was distinct from the Quran of orthodox Islam and which members considered to have been divinely revealed by Allah to The Noble Drew Ali. The Circle 7 begins with a long narrative spanning from the Fall of Man to the Resurrection of Jesus; it includes moral instructions by the prophet Drew Ali, and closes with a prophecy of the imminent uplift of fallen humanity. The Prophet Noble Drew Ali combined elements of major traditions to develop a message of personal transformation through historical education, racial pride and spiritual uplift. His doctrine is intended to provide African Americans with a sense of identity, and to promote civic involvement.
