It gives us a clear-eyed look at the way social systems drain our energy, and a concrete set of principles to rely on as we declare independence from these systems. —Martha Beck, New York Times bestselling author of The Way of Integrity This book is for anyone who's ever removed a 'relaxing' sheet mask only to realize it hasn't transformed you so much as your trash can." —Jessica DeFino, The Unpublishable From women's mental health specialist and New York Times contributor Pooja Lakshmin, MD, comes a long-overdue reckoning with the contradictions of the wellness industry and a paradigm-shifting program for practicing real self-care that will empower, uplift, and maybe even start a revolution. You may have noticed that it's nearly impossible to go even a couple days without coming across the term self-care. A word that encompasses any number of lifestyle choices and products—from juice cleanses to yoga workshops to luxury bamboo sheets—self-care has exploded in our collective consciousness as a panacea for practically all of women's problems. Board-certified psychiatrist Dr. Pooja Lakshmin finds this cultural embrace of self-care incomplete at best and manipulative at worst. Fixing your troubles isn't simple as buying a new day planner or signing up for a meditation class. These faux self-care practices keep us looking outward—comparing ourselves with others or striving for a certain type of perfection. Even worse, they exonerate an oppressive social system that has betrayed women and minorities. Real self-care, in contrast, is an internal, self-reflective process that involves making difficult decisions in line with our values, and when we practice it, we shift our

relationships, our workplaces, and even our broken systems. In *Real Self-Care*, Lakshmin helps readers understand what a real practice of caring for yourself could—and does—look like. Using case studies from her practice, clinical research, and the down-to-earth style that she's become known for, Lakshmin provides a step-by-step program for real and sustainable change and solace. Packed with actionable strategies to deal with common problems, *Real Self-Care* is a complete roadmap for women to set boundaries and move past guilt, treat themselves with compassion, get closer to themselves, and assert their power. The result—having ownership over one's own life— is nothing less than a personal and social revolution.

daycare teacher thank you note: **The Year I Got Impatient** Valerie Stetson, 2007 A tragic accident leads to a disastrous love affair. A midlife crisis leads a man to trespass in a private pool. A marriage is torn apart when the husband becomes manic depressive. This collection of stories follows men and women in different walks of life while they cope with the events, good and bad, that shape them. In many ways, these stories look at how people bridge the differences between them, whether their differences are of race, culture, age or sensibility. These are stories of people in transition and an account of how they face everything from unlucky twists of fate to their own personal demons. In these eight stories, the reader encounters a variety of characters: an auto body painter turned manic depressive, an unhappy art gallery owner who trespasses into a private pool in order to recapture his joie de vivre, a bitter, aged mother whose daughter suddenly redefines her sense of duty, an arrogant Czech engineer who is brought to her knees by an unexpected love affair. From the desperate to the dashing, all are clouted by life's vagaries. Whether the sorrows range from the tragic - a senseless death - to the absurd - choking down a plate-sized, clandestinely imported mushroom at a dinner party - no one escapes unscathed. As their tales unfold, some characters stumble into false moves, while others find a way to triumph over their circumstances. Valerie Stetson's fiction and poetry have appeared in numerous literary journals and three anthologies. In 2001, she received The Bronwen Wallace Award for her story: The Year I Got Impatient. Her articles have appeared in The Globe and Mail, The Toronto Star and The Times Colonist. The Year I Got Impatient is her first book.
