Yet, as the story progresses, it becomes evident that Song is a man and a spy, manipulating Gallimard to serve political ends.

- Can love be genuine amid deception?
- What power dynamics exist between East and West, East and West, and within personal relationships?

Butterfly* David Henry Hwang, 1988 Presents the text of the 1988 Tony Award-winning play in which diplomat Rene Gallimard, a captive of the French government, relives his twenty-year affair with a beautiful, elusive Chinese actress who turned out to be not only a spy, but a man in disguise, and includes comments by the author.

m butterfly pdf: *The Theatre of David Henry Hwang* Esther Kim Lee, 2015-12-17 Since the premiere of his play *FOB* in 1979, the Chinese American playwright David Henry Hwang has made a significant impact in the U. S. and beyond. *The Theatre of David Henry Hwang* provides an in-depth study of his plays and other works in theatre. Beginning with his *Trilogy of Chinese America*, Esther Kim Lee traces all major phases of his playwriting career. Utilizing historical and dramaturgical analysis, she argues that Hwang has developed a unique style of meta-theatricality and irony in writing plays that are both politically charged and commercially viable. The book also features three essays written by scholars of Asian American theatre and a comprehensive list of primary and secondary sources on his oeuvre. This comprehensive study of Hwang's work follows his career both chronologically and thematically. The first chapter analyzes Hwang's early plays, *Trilogy of Chinese America*, in which he explores issues of identity and cultural assimilation particular to Chinese Americans. Chapter two looks at four plays characterised as *Beyond Chinese America*, which examines Hwang's less known plays. Chapter three focuses on *M. Butterfly*, which received the Tony Award for Best Play in 1988. In chapter four, Lee explores Hwang's development as a playwright during the decade of the 1990s with a focus on identity politics and multiculturalism. Chapter five examines Hwang's playwriting style in depth with a discussion of Hwang's more recent plays such as *Yellow Face* and *Chinglish*. The sixth chapter features three essays written by leading scholars in Asian American theatre: Josephine Lee on *Flower Drum Song*, Dan Bacalzo on *Golden Child*, and Daphne Lei on *Chinglish*. The final section provides a comprehensive compilation of sources: a chronology, a bibliography of Hwang's works, reviews and critical sources.

m butterfly pdf: The Marriage between Perfume and the Lyric Stage Mary May Robertson, 2023-09-22 "But what is this scent of balmy air? What this ray of light in my tomb? I seem to see an angel, amid a scent of roses" sings Florestan in *Fidelio*, Beethoven's only opera. The role of scents, smells, fragrances, and odours in opera has long been neglected, just as how much opera and its stars have influenced the world of perfumery from the nineteenth century to the present day. In the first book-length study on the topic, Professor Mary May Robertson explores the relationship between opera, perfumes, and their respective protagonists in order to map out the previously undiscussed connection between the two. Through compelling close readings of librettos and rigorous research through thousands of bottles of perfume, the reader will come to appreciate and recognise the influences and exchanges between operas and perfumes and their ultimate marriage in the previously unrecognised genre of Operatic Perfumes, which is to say, perfumes named after operas, composers, and their divas.

m butterfly pdf: *East Asian Voices of Resistance Against Racism in Music* Ken Ueno, Maiko Kawabata, 2025-03-18 The negative racialization of East Asian musicians in Western classical music manifests through tropes of othering such as “Yellow Peril,” Orientalism, and various harmful stereotypes. This volume centers East Asian voices – in collaboration with our allies – as narrators of our own racialized experiences in music. Featuring eleven contributions, in a mixture of tone that is academic and personal or reflective – thus deliberately disrupting conventional linguistic norms – the volume brings together our voices in a creative act of resistance against racism in music, and in solidarity with activism that targets inequalities in the arts more broadly. The volume is, to our knowledge, the first of its kind. Intended for musicians and artists, academics and students, it will dynamize topical conversations circling around issues of equality, diversity and inclusion so as to contribute towards positive change.

m butterfly pdf: *The Gender Binary Is a Big Lie* Lee Wind, 2024-08-06 What if you discovered that the whole concept of a gender binary is an illusion? While many people identify as men or women, that is not all there is. The idea that all humans fall into one of two gender categories is largely a construct created by those who benefit from that belief. The reality is that gender is naturally diverse, falling inside and outside of those boxes, and more expansive ideas of gender have always existed. In the second book of the Queer History Project, *The Gender Binary Is a Big Lie: Infinite Identities around the World*, author Lee Wind uses historical evidence and primary sources—poetry, ancient burial sites, firsthand accounts, and news stories—to explore gender roles and identities. Gender identities and physical bodies are as diverse as the human experience. Get ready to shatter those preconceived notions of nothing but a gender binary and dive deep into expressions of gender—both past and present—that reveal the infinite variety and beauty of everyone’s gender.

Appleby, 2014-12-10 This book draws on a range of sources, including tales of castaways, fictional narratives, and interviews with teachers in conversation schools and universities in Japan, to explore many current concerns around teacher identity, gender, and intercultural sexuality in global English language teaching.

m butterfly pdf: *Whiteness and White Privilege in Psychotherapy* Andrea Dottolo, Ellyn Kaschak, 2018-02-02 This unprecedented, interdisciplinary collection focuses on gender, whiteness, and white privilege, and sheds light on this understudied subject matter in the context of clinical psychology, in both theories and applications. Psychologists, especially therapists, are often trained to look for issues that are not readily visible, cannot be spoken, and that are commonly taken for granted. Feminist and multi-cultural researchers and practitioners further seek to expose the power

structures that benefit them or that unfairly advantage some groups over others. Whiteness has been investigated by sociologists and critical race theorists, but has been largely overlooked by psychologists and psychotherapists, even those who deal with feminist and multi-cultural issues. This volume explores the ways in which gender, whiteness and white privilege intersect in the therapy room, bringing to light that which is often unseen and, thus, unnamed, while examining issues of epistemology, theory, supervision, and practice in feminist therapies. The various contributions encompass theory, history, empirical research, personal reflections, and practical teaching strategies for the classroom. The authors remind us that whiteness and other forms of privilege are situated among multiple other forces, structures, identities, and experiences, and cannot be examined alone, without context. This book was originally published as a special issue of *Women & Therapy*.
