sample write up for insubordination: *Hell of a Hat* Kenneth Partridge, 2021-09-21 In the late '90s, third-wave ska broke across the American alternative music scene like a tsunami. In sweaty clubs across the nation, kids danced themselves dehydrated to the peppy rhythms and punchy horns of bands like The Mighty Mighty Bosstones and Reel Big Fish. As ska caught fire, a swing revival brought even more sharp-dressed, brass-packing bands to national attention. *Hell of a Hat* dives deep into this unique musical moment. Prior to invading the Billboard charts and MTV, ska thrived from Orange County, California, to NYC, where Moon Ska Records had eager rude girls and boys snapping up every release. On the swing tip, retro pioneers like Royal Crown Revue had fans doing the jump, jive, and wail long before The Brian Setzer Orchestra resurrected the Louis Prima joint. Drawing on interviews with heavyweights like the Bosstones, Sublime, Less Than Jake, and Cherry Poppin' Daddies—as well as underground heroes like Mustard Plug, The Slackers, Hepcat, and The New Morty Show—Kenneth Partridge argues that the relative economic prosperity and general optimism of the late '90s created the perfect environment for fast, danceable music that—with some notable exceptions—tended to avoid political commentary. An homage to a time when plaids and skankin' were king and doing the jitterbug in your best suit was so money, *Hell of a Hat* is an inside look at '90s ska, swing, and the loud noises of an era when America was dreaming and didn't even know it.

Kimberly Collica, 2012-09-27 This book highlights a neglected area in the field of rehabilitation of female offenders with AIDS. It provides data to show how women, working as HIV peer educators in prison, utilize their peer experiences as a transition point for rehabilitation both inside and outside of the penitentiary. HIV and prison are inextricably linked and education has proved to be the one constant that mitigates the spread of both HIV and crime. Research on female inmates in general is not frequent and this book presents unique qualitative data that includes rich accounts from the women themselves. It illustrates the benefits derived by female inmates who work in an HIV prison-based peer program, while adding to the criminology literature on female patterns of criminality and rehabilitation. It provides a greater understanding of how prison programs affect the processes of criminal desistance and behavioral changes for female inmates. Women involved in such programming are able to change the criminal trajectory of their life direction. contributing to reduced levels of recidivism and institutional disciplinary infractions. The implications for these programs is relevant within the broader perspective of women, HIV and incarceration.
