This intersectional guide helps readers, students, teachers, and scholars face and challenge our culture of sexual violence by confronting it through the study of literature. #MeToo and Literary Studies gathers essays on literature from Ovid to Carmen Maria Machado, by academics working across the

United States and around the world, who offer clear ways of using our reading, teaching, and critical practices to address rape culture and sexual violence. It also examines the promise and limitations of the #MeToo movement itself, speaking to the productive use of social media as well as to the voices that the movement has so far muted. In uniting diverse voices to enable the #MeToo movement to reshape literary studies, this book is also committed to the idea that the way we read and write about literature can make real change in the world.
