lakshmi puja mantra: *Puja Prakriti* Saumyendra Nath Brahmachary , 2016-02-17 Acharya Saumyendra Nath Brahmachary would engage in detailed discussions during the entire 'Puja Parva' sequentially from 'Pitri-paksha' to 'Devi-paksha' and then also covering Kojagari Lakshmi Puja, Kali Puja, 'Bhratri-Dwitiya' and finally Jagaddhatri Puja in the CTVN AKD PLUS satellite cable channel. This book 'Puja Prakriti' is a humble attempt to collate and present his precious renderings on this subject. During his lifetime Acharyadev had written the explanation of the theory behind Durga Puja in his book 'Arsha Bani'. But later, he had explained the entire Puja process especially the detailed rites and rituals of Durga Puja in his own words in a lucid language that is understood by all. In this book we have tried to present his words while retaining his characteristic communication style in conversation mode as far as possible. This is part of a spiritual tradition following the lineage of the Masters ('Guru parampara'). In the first book 'Puja Tattva', the Great Master 'Paramguru' Brahmarshi Satyadev explained the theory behind the Pujas from his realized wisdom. His principal disciple Shrimat Narendranath Brahmachary came up with 'Mantra O Puja Rahasya' which became very popular and handy for worshippers. His worthy successor Shrimat Saumyendra Nath Brahmachary offered a simpler yet scientific and spiritual explanation of the procedural aspects of the Puja. Hence this book has been named as 'Puja Prakriti'. It is a collection of his lectures and discourses originally compiled in Bengali by his disciple Kaberi Mukherjee along with a complete English trans-creation by Shri Sanjoy Mukherjee, also a disciple of Acharyadev, so that the words of the Acharya on Puja may reach people from other linguistic backgrounds for their understanding. We feel that this initiative will help spread his well thought out ideas and messages to a much wider

section of the readership. We hope that once this book reaches your hands you will be able to prepare yourselves mentally and spiritually and feel doubly exalted and inspired in the invocation of the Mother. May the blessings of the Divine Mother be the portals in our pathway to the arena of worship – this is the ardent prayer of Her children.

lakshmi puja mantra: Cyber Worship in Multifaith Perspectives Mohamed Taher, 2006
Cyber Worship in Multifaith Perspectives, as is implied by its name, explores worship (i.e., Prayer, Praise, Scripture, Sacrament, Rituals, Confessions, Eucharist, Rites, Pilgrimages, Reflection, Contemplation, etc.) on the Internet. It is not an 'everything you need to know' guide about the subjects of faith and belief, religions-online, religions on the Net, or religions in cyberspace. Rather, it is a book about religious and spiritual experience under the rubric, cyber worship, which is the variety of ways religious devotion is performed and carried out on the Internet. The term 'Cyber Worship' is a catchall phrase, which includes variants such as online worship, virtual worship, electronic prayer, cyber puja, cyber synagogue, and so on. Dr. Mohamed Taher has thus assembled a quick reference for two groups: those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments. As such, this book provides an interesting and current perspective on a practice that will continue to grow in the future.
