john maxwell sermons: Complete Year of Sermons John C. Maxwell, 1995

john maxwell sermons: Biblical Preaching Robert Curry, 2023-12-11 Preaching is a demand of the Bible that is fitted with a specific purpose and a strong theological base. It is the proclamation of the word of God and is done in churches throughout the world. Preaching plays a role in the spiritual formation of its hearers, helping to form a community of faith whose members are sharing in and supporting one another in a spiritual journey. The topics of preaching can be found in both the Old and New Testaments, within several different genres, but closer attention might be given to the genres of the parables of Jesus and the speeches in the book of Acts. As a topic of preaching, the parables can be understood as examples of allegory, simile, and/or metaphor. The speeches in Acts offer a picture window of a sort into the homiletical mindset of the apostles and other disciples as they proclaimed the gospel to the world as they knew it. Preaching is a demand of the Bible and a specific task of those who are privileged to do it.

john maxwell sermons: Preaching that Connects Mark Galli, Craig Brian Larson, 1994 The authors find the keys to effective, captivating communication in the principles of journalistic writing. This book shows--not just tells--how to write a whole sermon, from introduction to conclusion, through abundant illustrations from well-known preachers.

john maxwell sermons: How Effective Sermons End Ben Awbrey, 2022-07-21 Extremely rare is the preacher whose preaching could not be improved substantially by readdressing his sermon conclusions! Moreover, a sermon conclusion marks the typical preacher's greatest need for improvement in his preaching. This most significant element of a sermon has been championed for its importance in a sermon and yet the conclusion is trivialized in, if not omitted from, the preaching of sermons. Whether textual, topical, or expository in preaching methodology, the typical preacher has a greater understanding and better implementation of everything else related to preaching in contrast to what is understood and done in concluding sermons. Much is not done, and much more is not understood to conclude sermons with clarity, strength, and persuasiveness. How Effective Sermons End provides a comprehensive approach and thorough examination of the sorely needed

and long overlooked instruction regarding that most vital of all elements of a sermon—the sermon conclusion. This book fills the existing void in homiletical pedagogy about concluding sermons, a void that prevents preachers from reaching their full potential of effectiveness in the ministry of preaching the Word of God. The pathway of better preaching is knowledge and skill to effectively conclude sermons and this book floods that pathway with light.

This book explores the role they played in the birth of Irish nationalism.

john maxwell sermons: *Ethical Rationalism and Secularisation in the British Enlightenment* Dafydd Mills Daniel, 2020-10-22 This book reassesses the ethics of reason in the Age of the Reason, making use of the neglected category of conscience. Arguing that conscience was a central feature of British Enlightenment ethical rationalism, the book explores the links between Enlightenment philosophy and modern secularisation, while responding to longstanding criticisms of rational intuitionism and the analogy between mathematics and morals, derived from David Hume and Immanuel Kant. Questioning in what sense British Enlightenment ethical rationalism can be associated with a secularising 'Enlightenment project', Daniel investigates the extent to which contemporary, and secular liberal, invocations of reason and conscience rely on the early modern Christian metaphysics they have otherwise disregarded. The chapters cover a rich collection of subjects, ranging from the Enlightenment's secular legacy, reason and conscience in the history of ethics, and controversies in the Scottish Enlightenment, to the role of British moralists such as John Locke, Joseph Butler and Adam Smith in the secularisation of reason and conscience. Each chapter expertly refines Enlightenment ethical rationalism by reinterpreting its most influential proponents in eighteenth-century Britain – the followers of 'Isaac Newton's bulldog' Samuel Clarke – including Richard Price (Edmund Burke's opponent over the French Revolution) and John Witherspoon (the only clergyman to sign the US declaration of Independence).

Through an examination of sermons, letters, laws, and treatises, the study explores clerical attempts to tackle bigamy, concubinage, sex work, incest, homosexual acts, adultery and more with limited success.
