the other side jacqueline woodson pdf: *Portrait of the Artist as a Young Adult* Lois Thomas Stover, Connie S. Zitlow, 2013-10-30 Young adults often struggle with confusion or guilt because they perceive themselves as different from others, especially their peers. For some of these individuals, the arts can help them cope with adolescent turmoil, allowing them to express their emotions in poems, stories, painting, songs, and other creative outlets. Sensitive teachers and parents know how important it is for young people to realize that they are not alone in their quest for self-knowledge and finding their way in the world. It can make a difference when readers find something in a book that helps them understand more about who they are and helps them understand others. In *Portrait of the Artist as a Young Adult: The Arts in Young Adult Literature*, Lois Thomas Stover and Connie S. Zitlow examine books in which the coming-of-age for young adults is influenced by the arts. Stover and Zitlow consider the connection between the arts and a young person's developing sense of self, the use of art to cope with loss and grief, and how young adults can use art to foster catharsis and healing. The young people in these books either identify as artists or use the arts in intentional ways to explore their identities. They often have artistic gifts that make them stand outside the norms of teenage life, yet those gifts also help them find a sense of community. Artists considered in this book include painters, photographers, sculptors, actors, directors, choreographers, dancers, composers, musicians, graffiti artists, and others. The books discussed also explore the ways adults can nurture the artist's development and understand the way young people sometimes use the arts to form their unique identity. Included is an annotated bibliography organized by art discipline, as well as an appendix about using the arts pedagogically, making *Portrait of the Artist as a Young Adult* a valuable resource for educators, parents, librarians, and young adults.

the other side jacqueline woodson pdf: *The Black Woods* Amy Godine, 2023-11-15 Winner of the Charles A. Weyerhaeuser Forest History Society Book Award *The Black Woods* chronicles the history of Black pioneers in New York's northern wilderness. From the late 1840s to the 1860s, they

migrated to the Adirondacks to build the farms that helped them meet a \$250 property requirement imposed on Black New York voters in 1821. Abolitionist Gerrit Smith gifted 120,000 acres to 3,000 landless Black New Yorkers, with the support of Frederick Douglass, John Brown and other abolitionists. His prescient plan enacted affirmative action and distributive justice. But when most of his grantees did not move north, Smith's interest cooled. He would not visit Timbuctoo, Freeman's Home, or Blacksville. The settlers were on their own. In *The Black Woods*, Godine revives this history with stirring stories of frontier life and racial justice. She puts the vote-seeking Black pioneers at the heart of the Adirondack narrative. At long last, their shaping role has been reclaimed.
