Strengths-Based Development

Zenger Miller champions a strengths-based philosophy, focusing on:

- Identifying individual's innate talents.
- Building upon existing strengths to foster leadership excellence.
- Encouraging a positive, empowering environment.

This philosophy is reflected in their programs, which aim to unlock potential rather than solely correcting weaknesses.

Practicality and Application

A key principle is that learning should be immediately applicable:

- Programs are designed with real-world scenarios.
 - Emphasis on skill transfer to the workplace.
 - Interactive activities reinforce learning.
-

When psalms are read with attentiveness to their textual context, striking connections emerge. In *The Arrival of the King: The Shape and Story of Psalms 15–24*, Carissa Quinn approaches these psalms as a compositional unity. When read as a unit, Psalms 15–24 tell the story of God's kingdom, established through the suffering and deliverance of his Davidic king. Quinn interprets Psalms 15–24 as a sequence and a chiasm, revealing provocative links in adjacent and parallel psalms. These psalms have a sense of progress, beginning with the question of who may ascend the holy hill and culminating in the divine king's own ascent. They also display recursion, as themes in one psalm are developed in its chiasmic parallel. At the peak of the chiasm is Psalm 19, where the king praises God's creation and Torah and prays for righteousness. *The Arrival of the King* establishes and explores the rewards of approaching the Psalms as a carefully arranged literary work.

Over many years, renowned educator Dr Hawkes has taught thousands of students on the subject of leadership. He has learnt what's effective - and what's not - when talking to young people about leadership. Now Dr Hawkes brings that wisdom to the parents of teenage boys and girls, and to teenagers themselves. This book includes chapters on: - Making the right choices - Following the right examples - Finding a calling - Working with a team - Formulating strategies - Learning discipline. Dr Hawkes uses examples from ancient and modern history to illustrate his points about leadership and offers readers practical steps so that they can learn these leadership lessons. This book gives parents the information they need to instil leadership in their children, so they can learn how to take responsibility for themselves - whether to lead others or become the leader of their own lives. It is an essential book for any parent wanting to help their child navigate the many challenges that confront teenagers in the twenty-first century.
