church anniversary themes for 2021: 'Church' at the Time of the Reformation Anna Vind, Herman J. Selderhuis, Violet Soen, Christopher B. Brown, Günter Frank, Bruce Gordon, Barbara Mahlmann-Bauer, Tarald Rasmussen, Zsombor Tóth, Günther Wassilowsky, Siegrid Westphal, 2021-06-07 The present volume aims at a clarification and a discussion of the church in the 16th century: What did the reformers think about the essence and origin of the holy, apostolic and Catholic church? What was seen as the aim of it, its task and mission? Can human beings see the true church or not? Does it have one existence in this world and another in the world to come? Furthermore, the concept of church is indissolubly connected to the theological concepts of sin, faith, justification, sanctification, and salvation, and the study of the church also involves reflection upon the nature and scope of the sacraments, the role of the clergy, the aim of church-buildings, the

significance of church properties and upon the constituent parts of the mass/church service. Finally, and not least, it is important to investigate the role of the church in the societies of the 16th century, such as the impact of the ruling powers upon them, their significance for education and social cohesion, and the cultural significance of migrating believers, on the run within and beyond the borders of Europe. Together with theological, philosophical and art-historical questions, these issues are considered in order to create a much fuller picture of the church at the time of the Reformation.

church anniversary themes for 2021: Things That Matter William Emilsen, Patricia Curthoys, 2025-04-25 Often theological colleges are the site of tension between the aspirations of the overall institution of the church and the goals of the particular college itself. While they are usually the first called upon to solve the numerous problems facing the modern church, yet, just as likely, they are criticized for being too academic, too out of touch with contemporary society, and too expensive. A fair reading of the ten essays in *Things That Matter* will refute or, at the very least, question these criticisms. The authors of this inspiring collection, although far from uncritical, clearly show that since 1999, when United Theological College, the Uniting Church's premier college in New South Wales, became part of Charles Sturt University's School of Theology, there have been great benefits for students, faculty, the church, and the broader community.

church anniversary themes for 2021: Israel and the Nations Eugene Korn, 2023-02-21 *Israel and the Nations: The Bible, The Rabbis, and Jewish-Gentile Relations* explores the Jewish theology and law (Halakhah) relating to non-Jews. It analyzes biblical, talmudic, medieval, and contemporary Jewish writings about gentiles and their religions. The Bible challenges the Jewish people to be "a blessing for all the families of the earth." Yet throughout history, Jewish experience with gentiles was complex. In the biblical and talmudic eras most gentiles were assumed to be idolators. In the Middle Ages most rabbis considered their Christian neighbors idolators, and Christian enmity sharpened the otherness Jews felt toward their Christian hosts. Muslims were monotheists, but Jewish-Muslim relations were sometimes positive and at other times difficult. With the advent secular tolerance in modernity, Jews found themselves in a new relationship with their gentile neighbors. How should Jews relate to gentiles today, and what are the bounds of Jewish tolerance and religious pluralism? The book will interest both Jewish laypersons familiar with Jewish tradition as well as scholars of theology and interfaith relations

church anniversary themes for 2021: Understanding Folk Religion: 25th Anniversary Edition Paul G. Hiebert, R. Daniel Shaw, Tite Tienou, 2024-04-24 This book has served the missiological community for twenty-five years as a resource for understanding human spirituality in any context. Thousands of students have incorporated the principles of this book into ministry around the globe. This twenty-fifth anniversary edition seeks to enable those who now bring their passion for mission to contemporary contexts affected by globalization, climate change, and political perspectives unimaginable when this book originally appeared. Every community, wherever it is on earth, has its share of beliefs and values that manifest themselves in practices that reflect spiritual engagement. Those engaged in mission need to appreciate how underlying beliefs and values are reflected in handling spiritual power, worship and blessing, and interaction with others. Gospel communicators must account for these elements as they seek to make God's intentions known to people who are searching for God. The models presented early in the book are essential for establishing what people consider spiritually critical. Applying these models in any religious environment will enable message-bearers to engage with beliefs and practices that promote a gospel presentation that makes sense. To that end, we commend this book for effective missional engagement.

church anniversary themes for 2021: Revising Pentecostal History Rakel Ystebo Alegre, Torbjorn Aronson, David M. Gustafson, 2024-11-12 Modern Pentecostalism in America began around the turn of the twentieth century, and most historians of this history have drawn from the available English-language sources. Very few historians of American Pentecostalism knew of source materials in the Scandinavian languages of Norwegian and Swedish. This present volume argues that American Pentecostal history cannot be understood apart from both the texts and the people who participated in and contributed to the Pentecostal movement in America, including first-generation immigrants from Scandinavia and second-generation Scandinavian-Americans. *Revising Pentecostal History* describes ways in which Scandinavian-Americans have contributed to and played a role in the development of the Pentecostal movement. The volume presents crucial findings from rarely, if ever, used sources that inform how American Pentecostalism is understood. These findings prompt a revising of Pentecostal history.

The new research presented here also offers updated statistics for the camps whilst considering the period between 1945 to the present day through related site heritage issues.

church anniversary themes for 2021: Gender, Power, and Identity in The Films of Stanley Kubrick Karen A. Ritzenhoff, Dijana Metlić, Jeremi Szaniawski, 2022-10-21 This volume features a

set of thought-provoking and long overdue approaches to situating Stanley Kubrick's films in contemporary debates around gender, race, and age—with a focus on women's representations. Offering new historical and critical perspectives on Kubrick's cinema, the book asks how his work should be viewed bearing in mind issues of gender equality, sexual harassment, and abuse. The authors tackle issues such as Kubrick's at times questionable relationships with his actresses and former wives; the dynamics of power, misogyny, and miscegenation in his films; and auteur apologism, among others. The selections delineate these complex contours of Kubrick's work by drawing on archival sources, engaging in close readings of specific films, and exploring Kubrick through unorthodox venture points. With an interdisciplinary scope and social justice-centered focus, this book offers new perspectives on a well-established area of study. It will appeal to scholars and upper-level students of film studies, media studies, gender studies, and visual culture, as well as to fans of the director interested in revisiting his work from a new perspective.

church anniversary themes for 2021: *Appointments with Bonhoeffer* Keith Clements, 2022-07-28 Keith Clements sets out how and why Dietrich Bonhoeffer, more than seventy-five years after his execution by the Nazis, still speaks cogently both to the churches and society. Beginning with the earlier reception of him as a martyr-figure and then as a provocatively original theologian, this book argues his relevance to contemporary engagement with public ethics, ecumenism, truth-telling and reconciliation, the relation between faith and democracy in a time of political extremisms, the issues of national identity signalled by Brexit, and the challenge of finding an ethical response to such challenges as the global pandemic. Bonhoeffer's perception that living representatively on behalf of others is both the key to who God is as known in Jesus Christ, and the basis of all truly human community, provides the connecting thread running through these chapters on what it means to believe and be responsible in a fragmenting world. Clements also links this thread to the seventeenth-century spiritual writer Thomas Traherne and the Catholic Modernist Friedrich von Hügel.
